The 7 Habits of Highly Effective People, first published in 1989, is a business and self-help book written by Stephen Covey. Covey presents an approach to being effective in attaining goals by aligning oneself to what he calls "true north" principles based on a character ethic that he presents as universal and timeless. Covey defines effectiveness as the balance of obtaining desirable results ...

Included are strategies for breakout with volume, event trading, mean reversion, moving averages, short-term day trading, and more.The strategies can be used on a wide range of instruments, from equities to forex, bonds and commodities. Most of the approaches can also be used equally on UK, US or international markets. Don't waste money cycling through strategies, pursuing the Holy Grail - follow the winning approach of the pros and keep things simple.

NEW 4th EDITION!Good Service is Good Business: 7 Simple Strategies for Success Catherine DeVryeBoost your bottom line and staff morale with these practical and simple to implement ideas. After the initial success of the #1 best-seller in Australia and Taiwan, here's the new 4th edition of Good Service is Good Business. First published by Prentice Hall/Pearson as part of the Australian Institute of Management series, Catherine DeVrye's wisdom has stood the test of time. She has now updated and condensed sometimes complicated concepts into common sense that you can easily translate into common practice.Written by the former Australian Executive Woman of the Year, this updated version will help you achieve tangible results. Easy-to-read, with relevant facts, anecdotes and case studies, you'll readily see the power of these seven proven S.E.R.V.I.C.E strategies for success: S elf-esteemE xceed expectationsR ecoverV isionI mproveC are E mpowermentI t will help your organization-large or small-to become a service leader, like hundreds of DeVrye's clients such as American Express, Mercedes Benz, 3M, Ernst & Young, Tourism Council, Westpac Bank, Education Department, who comment: "...We had an all time record year and I am confident you contributed to this" ...A lively jargon-free short read that will give long-term benefits" ...Sowed the seed of change...will result in a 40-50% improvement in productivity."This book by an Australian author clearly demonstrates that service excellence knows no global bounds: Karl Albrecht, author of Service America!Turn best practice into everyday practice to give your profits and reputation a boost

Reclaim your time, money, health, and happiness from our toxic diet culture with groundbreaking strategies from a registered dietitian, journalist, and host of the "Food Psych" podcast. 68 percent of Americans have dieted at some point in their lives. But upwards of 90% of people who intentionally lose weight gain it back within five years. And as many as 66% of people who embark on weight-loss efforts end up gaining more weight than they lost. If dieting is so clearly ineffective, why are we so obsessed with it? The culprit is diet culture, a system of beliefs that equates thinness to health and moral virtue, promotes weight loss as a means of attaining higher status, and demonizes certain ways of eating while elevating others. It's sexist, racist, and classist, yet this way of thinking about food and bodies is so embedded in the fabric of our society that it can be hard to recognize. It masquerades as health, wellness, and fitness, and for some, it is all-consuming. In Anti-Diet, Christy Harrison takes on diet culture and the multi-billion-dollar industries that profit from it, exposing all the ways it robs people of their time, money, health, and happiness. It will turn what you think you know about health and wellness upside down, as Harrison explores the history of diet culture, how it's infiltrated the health and wellness world, how to recognize it in all its sneaky forms, and how letting go of efforts to lose weight or eat "perfectly" actually helps to improve people's health -- no matter their size. Drawing on scientific research, personal experience, and stories from patients and colleagues, Anti-Diet provides a radical alternative to diet culture, and helps readers reclaim their bodies, minds, and lives so they can focus on the things that truly matter.

In this inspiring and deeply personal book, author, PhD research scientist, and certified meditation and mindfulness teacher Dr. Narjes shares simple and practical tools to increase your focus, heal your pain, and unlock your best life.After a series of wake-up calls-a natural disaster, a stressful workplace, a health crisis-Dr. Narjes found the wisdom that answers her life-long questions and helps her heal her physical and emotional pain to create the life she truly wants. Since then, she has dedicated her life to helping others heal and live their best lives. In Grow Your Mind, Grow Your Life, she shares her unique techniques and strategies, a brilliant blend of ancient wisdom and modern science, to counteract the stress and overstimulation caused by modern life. With these tools, you'll develop the ability to focus, help your mind slow down, enjoy the gift of the present moment, and unleash your highest potential.Grow Your Mind, Grow Your Life is a guide for anyone who wants to live a happier and healthier life in this fast-paced world. Whether you are experiencing everyday life challenges or an immediate crisis, want to grow your sense of happiness and fulfillment, or want a deeper understanding of life itself, you will find practical advice and invaluable insights in this book.
