**LEARN TO MEET THE NEEDS OF YOUR GIFTED CHILD** Though academic abilities have always been important in determining whether your child is gifted, talent in the visual or performing arts, leadership qualities, and intellectual curiosity are just as vital. But unless we as parents help nurture those talents, our gifted children can become bored, socially aggressive, or, ironically, underachievers in the classroom. Here is a practical, informative, and authoritative primer for raising and educating our gifted children from pre-school to adolescence. Beginning with sensible strategies to determine whether--and in which areas--your child is gifted, this book takes parents through selecting an appropriate day-care center, a school, and a home reference library. It helps us figure out where our role stops and the school's role begins, as well as detailing ways to keep our children's creativity alive and how to cope with sibling rivalry and our own doubts and fears. Also included are a recommended reading list, a special section on the roles of the computer and television in your gifted child's life, and much more.

Formerly titled *Empowering Gifted Minds: Educational Advocacy That Works*, this double award-winning book is the definitive manual on gifted advocacy for gifted students. The author tells parents and teachers how to document a child's abilities to provide reasonable educational options year by year. This book provides imperative information on testing considerations, curriculum, successful programs, and planning your child's education. It is truly an essential guide.

Defines giftedness and discusses special quirks and problems that arise living with a gifted child, from a lack of neatness to the "too-smart mouth," and explains how parents can find the right programs and make school as rewarding as possible for gifted children.
