Just a human reduced to a corpse. It's important to remember his humanity; failing to do so lets humanity off the hook. Ian Kershaw's Hitler: Hubris is the first of two volumes on Adolf's life. It spans the years 1889 (when Hitler was born in Austria) to 1936 (when Hitler remilitarized the Rhineland).

Pulitzer Prize-winning historian John Toland's classic, definitive biography of Adolf Hitler remains the most thorough, readable, accessible, and, as much as possible, objective account of the life of a man whose evil effect on the world in the twentieth century will always be felt. Toland's research provided one of the final opportunities for a historian to conduct personal interviews with over two hundred individuals intimately associated with Hitler.

Adolf Hitler NSDAP. Parliamentary elections were held in Germany on 29 March 1936. They took the form of a single-question referendum, asking voters whether they approved of the military occupation of the Rhineland and a single party list for the new Reichstag composed exclusively of Nazis and nominally independent 'guests' of the party.

Both Jesse Owens and Adolf Hitler grew up in poverty, and each of the two men struggled to find their footing later in life. Owens represented the United States in the 1936 Olympics, after which he found it difficult to sustain a well-paying job. In turn, Adolf Hitler moved to Vienna as a teenager, following his parents' death, but he never found the financial success he so desperately craved as an artist. He spent most of his time in the city a penniless, unemployed young man. The similarities between the two men end there. While Adolf Hitler became angered and enraged by his circumstances, and by the fate of Germany following the First World War, Jesse Owens went out of his way to help people. Even when he faced the cruelty of racism in the United States, Owens saw the best in others. He spent most of his days working with children and teenagers, making a conscious effort to give them the guidance and support they needed to enact positive change in the world. In contrast, Hitler turned to hatred, divisiveness, and conflict in his attempts to change the world in his image. Owens was an open-minded man who spent his life bettering the lives of his family and the community at large. Even when others asked him to denounce the racist tendencies of Adolf Hitler, he chose to grudgingly respect the German leader. Meanwhile, Hitler's experiences only fuelled his hatred of anyone who was not Aryan and German. In this book, we will explore the lives of both men leading up to the 1936 Berlin Olympics. Then, we will take a closer look at the effects of that summer on the rest of their years. 30 Minute Book Series Welcome to the ninth book in the 30-Minute Book Series. Each book in the series is fast-paced, well-written and accurate, covering the story in as much detail as a short book allows. In less than an hour, you can read or listen to the full book. The text is a perfect companion for your lunch hour, or perhaps a nice distraction on your train ride home from work. About the Author Doug West is a retired engineer, small business owner, and an experienced non-fiction writer with several books to his credit. His writing interests are general, with special expertise in science, biographies, and "How-To" topics. Doug has a Ph.D. in General Engineering from Oklahoma State University.

Drawing on many previously underutilized resources--including the diaries of Joseph Goebbels--a portrait of Hitler encompasses events preceding World War II as well as the war years.

This photo book with about 200 pictures was published in 1936 as a propaganda work to give the general public an insight into the life of Adolf Hitler as a chancellor after his first three years in office. A single photo came with each purchase of a pack of cigarettes, and the pictures were then glued into the book.

In this "must-read for anyone concerned with race, sports, and politics in America" (William C. Rhoden, New York Times bestselling author), the inspirational and largely unknown true story of the eighteen African American athletes who competed in the 1936 Berlin Olympic Games, defying the racism of both Nazi Germany and the Jim Crow South. Set against the turbulent backdrop of a segregated United States, sixteen Black men and two Black women are torn between boycotting the Olympic Games in Nazi Germany or participating. If they go, they would represent a country that considered them second-class citizens and would compete amid a strong undercurrent of Aryan superiority that considered them inferior. Yet, if they stayed, would they ever have a chance to prove them wrong on a global stage? Five athletes, full of discipline and heart, guide you through this harrowing and inspiring journey. There's a young and feisty Tidye Pickett from Chicago, whose lithe speed makes her the first African American woman to compete in the Olympic Games; a quiet Louise Stokes from Malden, Massachusetts, who breaks records across the Northeast with humble beginnings training on railroad tracks. We find Mack Robinson in Pasadena, California, setting an example for his younger brother, Jackie Robinson; and the unlikely competitor Archie Williams, a lanky book-smart teen in Oakland takes home a gold medal. Then there's Ralph Metcalfe, born in Atlanta and raised in Chicago, who becomes the wise and fierce big brother of the group. From burning crosses set on the Robinsons's lawn to a Pennsylvania small town on fire with praise and parades when the athletes return from Berlin, *Olympic Pride, American Prejudice* has "done the world a favor by bringing into the sunlight the unknown story of eighteen black Olympians who should never be forgotten. This book is both beautiful and wrenching, and essential to understanding the rich history of African American athletes" (Kevin Merida, editor-in-chief of ESPN's *The Undefeated*).

Adolf Hitler has left a lasting mark on the twentieth-century, as the dictator of Germany and instigator of a genocidal war, culminating in the ruin of much of Europe and the globe. This innovative best-seller explores the nature and mechanics of Hitler's power, and how he used it.

The Hitler biography of the twenty-first century (Richard J. Evans), Ian Kershaw's *Hitler* is a one-volume masterpiece that will become the standard work. From Hitler's origins as a failed artist in fin-de-siecle Vienna to the terrifying last days in his Berlin bunker, Kershaw's richly illustrated biography is a mesmerizing portrait of how Hitler attained, exercised, and retained power. Drawing on previously untapped sources, such as Goebbels's diaries, Kershaw addresses the crucial questions about the unique nature of Nazi radicalism, about the Holocaust, and about the poisoned European world that allowed Hitler to operate so effectively.

Magisterial . . . anyone who wishes to understand the Third Reich must read Kershaw. Niall Ferguson The Hitler biography of the twenty-first century (Richard J. Evans), Ian Kershaw's Hitler is a one-volume masterpiece that will become the standard work. From Hitler's origins as a failed artist in fin-de-siecle Vienna to the terrifying last days in his Berlin bunker, Kershaw's richly illustrated biography is a mesmerizing portrait of how Hitler attained, exercised, and retained power. Drawing on previously untapped sources, such as Goebbels's diaries, Kershaw addresses the crucial questions about the unique nature of Nazi radicalism, about the Holocaust, and about the poisoned European world that allowed Hitler to operate so effectively. A concise and timely account of Hitler's and Fascism's rise to power and ultimate defeat, from one of America's most famous journalists. American journalist and author William L. Shirer was a correspondent for six years in Nazi Germany and had a front-row seat for Hitler's rise to power. His most definitive work on the subject, *The Rise and Fall of the Third Reich*, is a riveting account defined by first-person experience interviewing Hitler, watching his impassioned speeches, and living in a country transformed by war and dictatorship. William Shirer was originally commissioned to write *The Rise and Fall of Adolf Hitler* for a young adult audience. This account loses none of the immediacy of *The Rise and Fall of the Third Reich* capturing Hitler's rise from obscurity, the horror of Nazi Germany's mass killings, and the paranoia and insanity that marked Hitler's downfall. This book is by no means simplified and is sure to appeal to adults as well as young people with an interest in World War II history. For nearly 100 years William L Shirer has spoken to us of fascism, Nazis, and Hitler . . . [He] tells the unvarnished truth as he experienced it . . . I figured this school-type book wasn't going to tell me anything new. But when I started reading, I realized that I wasn't reading for the facts anymore. I listened to his story and heard the urgency in his voice: a voice from nearly 60 years ago telling us the truth about today. Daily Kos

Following the enormous success of *HITLER: HUBRIS* this book triumphantly completes one of the great modern biographies. No figure in twentieth century history more clearly demands a close biographical understanding than Adolf Hitler; and no period is more important than the Second World War. Beginning with Hitler's startling European successes in the aftermath of the Rhineland occupation and ending nine years later with the suicide in the Berlin bunker, Kershaw allows us as never before to understand the motivation and the impact of this bizarre misfit. He addresses the crucial questions about the unique nature of Nazi radicalism, about the Holocaust and about the poisoned European world that allowed Hitler to operate so effectively.
