Air Babylon

Air Babylon does the same; only this time, it is all about airlines. Apparently, based on real events, but written in a fictional form, the events in the book occur over a 24 hour period. The book is a laugh riot from the start and might even tell you a thing or two about what airlines and their staff think of their passengers.

'Something strange occurs to guests as soon as they check in. Even if in real life they are perfectly well-mannered, decent people with proper balanced relationships, as soon as they spin through the revolving hotel doors the normal rules of behaviour no longer seem to apply.' All of the following is true. Only the names have been changed to protect the guilty. All the anecdotes, the stories, the characters, the situations, the highs, the lows, the scams, the drugs, the misery, the love, the death and the insanity are exactly as was told by Anonymous - someone who has spent his whole career working in hotels at the heart of London's luxury hotel industry. However, for legal reasons, the stories now take place in a fictitious hotel known as Hotel Babylon. More than a decade is compressed

into a day. Everything else is as it should be. The rich spend money, the hotel makes money and the chambermaids still fight the bellboys over a two-pound coin. It's just another twenty-four hours in an expensive London hotel.

The classic apocalyptic novel that stunned the world.

From CWA Gold & Steel Dagger winner Mick Herron comes a shocking, twisted novel of thrilling suspense about one woman's attempt to be better than ordinary. Twenty-six-year-old Maggie Barnes is someone you would never look at twice. Living alone in a month-to-month sublet in the huge city of London, with no family

but an estranged sister, no boyfriend or partner, and not much in the way of friends, Maggie is just the kind of person who could vanish from the face of the earth without anyone taking notice. Or just the kind of person MI5 needs to infiltrate the establishment and thwart an international plot that puts all of Britain at risk. Now one young woman has the chance to be a hero—if she can think quickly enough to stay alive.

"One of the persistent questions for people of faith throughout history is how are we to live faithfully in the empires of the world? In *Out of Babylon*, Walter Brueggemann, one of the best interpreters of the Hebrew Bible, takes a fresh look at the prophetic paradigm of exile and restoration in Babylon and the realism of balancing 'resistance' and 'accommodation' in Persia, examining characters

like Daniel and Esther. He asks what those biblical precedents might mean for living within 'American Empire,' prompting reflections and lessons for Christians who reside in the midst of the world's last remaining super-power." Jim Wallis, President of Sojourners and author of *God's Politics and Rediscovering Values* "If Left Behind eschatology and the politics of Christian Zionism represent the worst and least responsible in applying biblical texts to contemporary realities, to whom would we turn to find the best and most responsible? Surely we would turn to Walter Brueggemann, and this new book would provide a primer---not only in its material conclusions but also in its manner of reaching them. Brueggemann offers his signature biblical insight and writes with exceptional vigor." Brian McLaren, author of *A New Kind of Christianity* (brianmclaren.net) "Walter Brueggemann is stunningly brilliant

here. Besides surveying most of the First Testament prophets to show the relationship of the contemporary Church to the metaphor of `Babylon,' this volume takes some surprising turns and gives us fresh directions. Out of Babylon is a must for All Christians!"

Marva Dawn, author of *Keeping the Sabbath Wholly*, *Being Well When We're Ill*, and *In the Beginning GOD* "This book drips with prophetic flavor and imagination. For decades, Brueggemann has been a gentle, steadfast voice in the wilderness---inviting cultural refugees, political misfits, and religious burnouts to set up camp and build a new world. In an age that is growing tired of militarism and materialism, here is a book that dares you not only to say NO to the empire but to say YES to another world. Let this book inspire you to look from a distance at Babylon as she falls and Wall Street as she falters and sing songs of deliverance and freedom, songs about
