The team behind How Google Works returns with management lessons from legendary coach and business executive, Bill Campbell, whose mentoring of some of our most successful modern entrepreneurs has helped create well over a trillion dollars in market value. Bill Campbell played an instrumental role in the growth of several prominent companies, such as Google, Apple, and Intuit, fostering deep relationships with Silicon Valley visionaries, including Steve Jobs, Larry Page, and Eric Schmidt. In addition, this business genius mentored dozens of other important leaders on both coasts, from entrepreneurs to venture capitalists to educators to football players, leaving behind a legacy of growing companies, successful people, respect, friendship, and love after his death in 2016. Leaders at Google for over a decade, Eric Schmidt, Jonathan Rosenberg, and Alan Eagle experienced firsthand how the man fondly known as Coach Bill built trusting relationships, fostered personal growth—even in those at the pinnacle of their careers—inspired courage, and identified and resolved simmering tensions that inevitably arise in fast-moving environments. To honor their mentor and inspire and teach future generations, they have codified his wisdom in this essential guide. Based on interviews with over eighty people who knew and loved Bill Campbell, Trillion Dollar Coach explains the Coach’s principles and illustrates them with stories from the many great people and companies with which he worked. The result is a blueprint for forward-thinking business leaders and managers that will help them create higher performing and faster moving cultures, teams, and companies.

You are NOT who you think you are. In fact, according to bestselling author Craig Groeschel in Altar Ego, you need to take your idea of your own identity, lay it down on the altar, and sacrifice it. Give it to God. Offer it up. Why? Because you are who GOD says you are. And until you’ve sacrificed your broken concept of your identity, you won’t become who you are meant to be. When we place our false labels and self-deception on the altar of God’s truth, we discover who we really are as his sons and daughters. Instead of an outward-driven, approval-based ego, we learn to live with an “altar” ego, God’s vision of who we are becoming. Discover how to trade in your broken ego and unleash your altar ego to become a living sacrifice. Once we know our true identity and are growing in our Christ-like character, then we can behave accordingly, with bold behavior, bold prayers, bold words, and bold obedience. Altar Ego reveals who God says you are, and then calls you to live up to it.

Stanford University student and Cuban American tennis prodigy Ramon Fernandez is outraged when a nearby mega-store hikes its prices the night of an earthquake. He crosses paths with provost and economics professor Ruth Lieber when he plans a campus protest against the price-gouging retailer--which is also a major donor to the university. Ruth begins a dialogue with Ramon about prices, prosperity, and innovation and their role in our daily lives. Is Ruth trying to limit the damage from Ramon's protest? Or does she have something altogether different in mind? As Ramon is thrust into the national spotlight by events beyond the Stanford campus, he learns there's more to price hikes than meets the eye, and he is forced to reconsider everything he thought he knew. What is the source of America's high standard of living? What drives entrepreneurs and innovation? What upholds the hidden order that allows us to choose our careers and pursue our passions with so little conflict? How does economic order emerge without anyone being in charge? Ruth gives Ramon and the reader a new appreciation for how our economy works and the wondrous role that the price of everything plays in everyday life. The Price of Everything is a captivating story about economic growth and the unseen forces that create and sustain economic harmony all around us.
