Always Outnumbered, Always Outgunned is the first book in the Socrates Fortlow series by Walter Mosley. As much as I admire the later books in the series, this one if my favorite. I first read it before I even knew that Amazon existed so I have never written a review of it.

Amazon.co.uk. Masters of reinvention, rave stalwarts The Prodigy have undergone another remarkable facelift for their fourth album, Always Outnumbered, Never Outgunned. For band leader Liam Howlett, this mutation was less about ambitious experimentation and more the result of crucial damage control: the band's disastrous 2002 comeback campaign, spearheaded by "Baby's Got a Temper" found the band

stagnant and on the verge of self-parody.

The Apache attack helicopter is one of the world's most awesome weapons systems. Deployed for the first time in Afghanistan, it has already passed into legend. The only thing more incredible than the Apache itself are the pilots who fly her. For the first time, Apache Dawn tells their story—and their baptism of fire in the unforgiving battle of Helmand province. Their call sign was "Ugly"—and there was no better word for the grueling hundred-day deployment they endured. Day after day, four of England's Army Air Corps' finest pilots flew right into the heart of battle, testing their aircraft to the very limit. Apache Dawn takes the reader with them on a series of unrelenting and brutally intense combat missions, from daring, edge-of-the-seat rescues to dramatic close-air support in the white heat of battle. Bestselling author Damien Lewis has been given unprecedented access to these heroic aircrews and to the men on the ground whose lives they saved. It is an astounding story of bravery, skill, and resilience in the face of unbelievable odds. And it is the story of the Apache itself—the ultimate fighting machine.

"A truly amazing portrayal of the technical, the emotional, and the courageous. Macy puts the reader in the cockpit of our most lethal attack platform." —Dick Couch, New York Times—bestselling author Apache is the incredible true story of Ed Macy, a decorated Apache helicopter pilot, that takes you inside one of the world's most dangerous war machines. A firsthand account of the exhilaration and ferocity of

war, Apache chronicles a rescue mission involving a stranded soldier in Afghanistan in 2007. Ed Macy had always dreamed of a career in the army, so when the British Army Air Corps launched its attack helicopter program, Macy bent every rule in the book to make sure he was the first to sign up to fly the Apache—the deadliest, most technically advanced helicopter in the world and the toughest to fly. In 2007, Macy's Apache squadron was dispatched to Afghanistan's notorious Helmand Province with the mission to fight alongside and protect the men on the ground by any means necessary. When a marine goes missing in action, Macy and his team know they are the Army's only hope of bringing him back alive. Apache is Macy's story—an adrenalin-fueled account of one of the most daring actions of modern wartime, and a tale of courage, danger, and comradeship you won't be able to put down. "A fantastic, totally exhilarating roller-coaster read." –Sgt. Maj. Dan Mills, author of Sniper One

The Sunday Times No.1 bestseller. They were branded as cowards and accused of being the British Special Forces Squadron that ran away from the Iraqis. But nothing could be further from the truth. Ten years on, the story of these sixty men can finally be told. In March 2003 M Squadron - an SBS unit with SAS embeds - was sent 1,000 kilometres behind enemy lines on a true mission impossible, to take the surrender of the 100,000-strong Iraqi Army 5th Corps. From the very start their tasking earned the nickname 'Operation No Return'. Caught in a ferocious ambush by thousands of die-hard fanatics from Saddam Hussein's Fedayeen, plus the awesome firepower of the 5th Corps' heavy armour, and with eight of their vehicles bogged in Iraqi swamps, M Squadron launched a desperate bid to escape, inflicting massive damage on their enemies. Running low on fuel and ammunition, outnumbered, outmanoeuvred and outgunned, the elite operators destroyed sensitive kit and prepared for death or capture as the Iraqis closed their deadly trap. Zero Six Bravo recounts in vivid and compelling detail the most desperate battle fought by British and allied Special Forces trapped behind enemy lines since World War Two. It is a classic account of elite soldiering that ranks with Bravo Two Zero and the very greatest Special Forces missions of our time.

A new collection of short fiction from the Edgar Award-winning author of Devil in a Blue Dress and Trouble is What I Do. With his extraordinary fiction and gripping television writing, Walter Mosley has proven himself a master of narrative tension. The Awkward Black Man collects seventeen of Mosley's most accomplished short stories to showcase the full range of his remarkable talent. Touching, contemplative, and always surprising, these stories introduce an array of imperfect characters—awkward, self-defeating, elf-involved, or just plain odd. In The Awkward Black Man, Mosley overturns the stereotypes that corral black male characters and paints subtle, powerful portraits of unique individuals. In "The Good News Is," a man's insecurity about his weight gives way to illness and a loneliness so intense that he'd do anything for a little human comfort. "Pet Fly," previously published in the New Yorker, follows a man working as a mailroom clerk—a solitary job for which he is overqualified—and the unforeseen repercussions he endures when he attempts to forge a new connection. And "Almost Alyce" chronicles failed loves, family loss, alcoholism, and a Zen approach to the art of begging that proves surprisingly effective.
