" I stand on this rostrum with a sense of deep humility and great pride -- humility in the wake of those great American architects of our history who have stood here before me; pride in the reflection that this forum of legislative debate represents human liberty in the purest form yet devised. Here are centered the hopes and aspirations and faith of the entire human race."

The Essential American Speeches, Documents And Essays By ...

Donald J. Trump: The Essential Speeches, Remarks, and Addresses of the Forty-fifth President of the United States of America Donald J. Trump burst upon the American political landscape in 2015 with his brash, America-first rhetoric.

American Political Rhetoric is the only reader for introductory classes in American politics, government, and political communication designed to explore fundamental political principles through classic examples of political rhetoric. Now in its seventh edition, its selections include the entire political spectrum and contributors range from our nation's founders to contemporary elected public officials, Supreme Court opinions, and representatives of historic movements for social change.

American Political Rhetoric is the only reader designed for introductory classes in American politics and government that is both focused on fundamental political principles and includes nothing but classic examples of our nation's political rhetoric. The fourth edition of this book is completely reorganized, with material both contemporary and classic added to each chapter. The most noteworthy innovations include a separate chapter on gender and the latest Supreme Court opinions on school prayer and abortion.

American Political Rhetoric is the only reader for introductory classes in American politics and government and political communication designed to explore fundamental political principles through classic examples of political rhetoric, from the Declaration of Independence to today. Selections include the entire political spectrum and contributors range from the founders to elected public officials, Supreme Court opinions, and representatives of historic movements for social change. Organized thematically, American Political Rhetoric allows students to explore the institutions of government and current controversies in civil rights, race, gender, and America's role in the world as the issues have evolved over time.

Collects some of the best oratory from American history, including such speeches as Roosevelt's "Day of Infamy," King's "I Have a Dream," and Reagan's "Tear Down This Wall."

Donald J. Trump burst upon the American political landscape in 2015 with his brash, America-first rhetoric. His up-beat, informal style earned him the sobriquet “ The Inspirational President. ” You will discover in this unabridged and annotated collection of President Trump ’ s most important and pivotal speeches and remarks both the inner-workings and the inner-beliefs of the man who stunned the world to become the forty-fifth president of the United States of America, such as . . . - Mr. Trump ’ s presidential bid announcement - The persuasive “ What Have You Got to Lose? ” speech to black voters - President Trump ’ s four State of the Union addresses - The inspirational Mount Rushmore speech - President Trump ’ s remarks to the UN General Assembly - And many others. The ABOUT US book series brings to life the exciting and vibrant history of the United States with classic and inspiring books that celebrate the bravery, audacity, and daring of the men and women who founded and created the nation that is the beacon of freedom to the world. The My Fellow Americans series presents in unabridged and annotated form the policy-defining and personality-revealing orations and speeches of the American presidents for everyone to experience and learn. FOREWORD The president of the United States is the most powerful person in the world. This has been true for a very long time — perhaps from the very beginning. So it is important to know and understand these men who sought and attained this highest office in the land. And what better way to understand the presidents than through their own words? About US Books and Kallisti Publishing Inc. is pleased to present to you the first volume of the My Fellow Americans series, a line of books that will present to the ages the important and significant speeches and orations of the presidents of the United States of American. This inaugural volume showcases America ’ s “ inspirational ” president, Donald J. Trump, the billionaire businessman who, rather than taking the traditional route of governor — senator — president, instead leaped straight to the top in a hard-fought race against then-Secretary of State Hillary Rodham Clinton. Some people think President Trump to be brash. Others think him to be rude, insensitive, and even worse. Yet others still describe him as inspirational and uplifting. What you will discover as you read candidate and President Trump ’ s speeches is a person who ardently believes in the American Dream, who looks up to heroes, and who sees beyond the horizon to “ the best ” that is to come. Ultimately, his own words are here so you can make your own decision. Choosing which speeches to include in this volume presented some difficulty because President Trump often spoke “ off-script ” and talked extemporaneously. Of course, no volume of a president ’ s speeches would be complete without his State of the Union addresses; thus, all four are presented here. Remarks to the UN General Assembly are important declarations of foreign policy, so they, too, are all included. That left a lot of speeches through which to sift, and what were chosen were Mr. Trump ’ s famous presidential bid speech, Candidate Trump ’ s plea to black voters, President Trump ’ s Inaugural Address, the inspirational Mount Rushmore speech, and others that highlight President Trump ’ s policy positions, vision, and goals. Please enjoy this deep-dive into the mind of Donald J. Trump through his speeches and remarks. And please look forward to the upcoming volumes in the My Fellow Americans series. So, as the presidents end their speeches, I leave you with a hearty thank you and a strong God bless America! Anthony Raymond Michalski Publisher & Editor Contents The Presidential Bid What Have You Got to Lose? Republican National Convention Speech Inaugural Address Remarks at National Prayer Breakfast First State of the Union Address Address to the Arab Islamic American Summit Remarks to the 72nd Session of the United Nations Second State of the Union Address Conservative Political Action Conference Speech Remarks to the 73rd Session of the United Nations Third State of the Union Address Remarks to the 74th Session of the United Nations Fourth State of the Union Address Mount Rushmore Speech Remarks at the White House Conference on American History

Rhetoric is among the most important and least understood elements of presidential leadership. Presidents have always wielded rhetoric as one tool of governance—and that rhetoric was always intended to facilitate political ends, such as image building, persuasion of the mass public, and inter-branch government persuasion. But as mass media has grown and then fragmented, as the federal bureaucracy has continued to both expand and calcify, and as partisanship has heightened tensions both within Congress and between Congress and the Executive, rhetoric is an increasingly important element of presidential governance. Scholars have derived ways to explain how these developments and the presidents' use of rhetoric have contributed to and detracted from the health of American democracy. This briefing book offers a succinct reflection on the ways in which historical developments have encouraged the use of political rhetoric. It explores strategies of "going public" to provide some leverage over the political system and the lessons one might derive from these choices. This essential analysis, written for lay readers, scholars, students, and future presidents, is the first in Transaction's innovative Presidential Briefings series. Mary E. Stuckey covers the scholarly literature with authority and offers examples of rhetoric that have lasting influence.

From Reagan's regular invocation of America as "a city on a hill" to Obama's use of spiritual language in describing social policy, religious rhetoric is a regular part of how candidates communicate with voters. Although the Constitution explicitly forbids a religious test as a qualification to public office, many citizens base their decisions about candidates on their expressed religious beliefs and values. In *Religious Rhetoric and American Politics*, Christopher B. Chapp shows that Americans often make political choices because they identify with a "civil religion," not because they think of themselves as cultural warriors. Chapp examines the role of religious political rhetoric in American elections by analyzing both how political elites use religious language and how voters respond to different expressions of religion in the public sphere. Chapp analyzes the content and context of political speeches and draws on survey data, historical evidence, and controlled experiments to evaluate how citizens respond to religious stumping. Effective religious rhetoric, he finds, is characterized by two factors—emotive cues and invocations of collective identity—and these factors regularly shape the outcomes of American presidential elections and the dynamics of political representation. While we tend to think that certain issues (e.g., abortion) are invoked to appeal to specific religious constituencies who vote solely on such issues, Chapp shows that religious rhetoric is often more encompassing and less issue-specific. He concludes that voter identification with an American civic religion remains a driving force in American elections, despite its potentially divisive undercurrents.

Inspirational speeches from America ’ s first African American president. You ’ ll be inspired to be the change you wish to see in the world as you read through this collection of speeches delivered by Barack Obama. These messages of hope for a more perfect union in America will appeal to readers across the political spectrum. From pre-presidential oratory to his farewell address, the former president covers issues of race, unemployment, natural disasters, public tragedies, and his legacy of health care reform. This volume will become one of the most treasured in your library.

Committed abolitionist, controversial Quaker minister, tireless pacifist, fiery crusader for women's rights--Lucretia Mott was one of the great reformers in America history. Drawing on widely scattered archives, newspaper accounts, and other sources, *Lucretia Mott Speaks* unearths the essential speeches and remarks from Mott's remarkable career. The editors have chosen selections representing important themes and events in her public life. Extensive annotations provide vibrant context and show Mott's engagement with allies and opponents. The result is an authoritative resource, one that enriches our understanding of Mott's views, rhetorical strategies, and still-powerful influence.

This book analyzes the rhetoric of speeches by major British or American politicians and shows how metaphor is used systematically to create political myths of monsters, villains and heroes. Metaphors are shown to interact with other figures of speech to communicate subliminal meanings by drawing on the unconscious emotional association of words.
