Leadership: 2nd Asia-Pacific Edition offers a balanced approach to the sty of leadership, drawing on contemporary Australasian practices and examples along with local and international theory. The text look at the characteristics of leaders in a wide variety of Asia-Pacific settings: organisations in the private, public and not-for-profit sectors, as well as in politics and in our community. Traditional content, such as charismatic, transformational, contingency and situational theories of leadership, is covered in detail, along with the power, influence, motivation, coaching, communication and team-building aspects of leadership. Contemporary issues, including entrepreneurship, knowledge management, leadership in international contexts, and the importance of ethics and social responsibility, are also extensively covered.

Fundamentals of Organizational Behavior: An Applied Perspective, Second Edition examines the behavior of people in organizations. Topics covered range from political maneuvering in organizations (office politics) to the stresses facing people in managerial and professional positions. A conceptual framework for organizational behavior is presented, along with numerous case illustrations and examples from live organizational settings. This monograph consists of 14 chapters and opens with an introduction to organizational behavior and how it is influenced by principles of human behavior. The three main subareas or schools of management thought are discussed, together with the difference between knowledge work and non-knowledge work; how research and theory contribute to an understanding of organizational behavior; and the distinction between structure and process. The following chapters explore how the meaning of work relates to work motivation, as well as the link between work motivation and job performance; behavioral aspects of decision making; stresses in managerial and professional life; and political maneuvering in organizations. Small group behavior, leadership styles, and interpersonal communications are also considered, along with intergroup conflict and organizational effectiveness. This book will be of interest to students, managers, and staff specialists, as well as behavioral scientists and management theorists.

No Marketing Blurb

This second edition of Leadership continues to offer a balanced approach to the study of leadership, drawing on Australasian practices and international theory. It looks at the characteristics of leaders in a wide variety of Australasian settings - organisations in the private, public, and not-for-profit sectors, as well as in politics and in our community. Traditional content such as charismatic, transformational, contingency, and situational theories of leadership are covered in detail, along with the power, influence, motivation, coaching, communication, and team building aspects of leadership. The text also introduces contemporary issues, such as entrepreneurship, knowledge management, leadership in international contexts, and the importance of ethics and social responsibility.

This introduction to success in the workplace provides an accessible overview of major psychological concepts and techniques that conveys how to exercise a solid professional performance and achieve personal satisfaction. Approaches to perception, learning, personality, conflict and motivation are examined, as well as theories of human behavior at work. Updated to include current issues that readers can relate to in everyday life, the Sixth Edition explores topics such as cross-cultural relations, working in teams, empowerment, and other relevant matters with the goal of developing an appreciation of key principles and findings of the psychology of individual behavior. For professionals with a career or interest in industrial/organizational psychology, human relations, mediation, and/or interpersonal skills.

POSITIVE CHILD GUIDANCE, Eighth Edition, is ideal for guidance, behavior management and discipline, and classroom management courses in an early childhood education curriculum. This practical book outlines workable steps for creating a cooperative, respectful community of children and adults with special emphasis on sensitivity to cultural needs, cultural differences, and developmentally appropriate practice. Students will learn a range of practical, effective, and flexible guidance strategies based on principles of straightforward communication and assertiveness. This new edition includes critical advances in research and addresses the cultural trends that are changing the way babies and children are cared for today.
