widespread and profound contest of ideas within European 'theory'. The book focuses primarily on the thought of major voices in poetics, philosophy, linguistics, and psychoanalysis, as well as in literary and cultural studies from the Enlightenment to the present day. Examining how conceptions of subjectivity, identity and gender have been questioned, the more than 50 essays written by acknowledged experts in their fields critically assess the ways in which we think, see, and act in the world, as well as the ways in which we represent such thought psychologically, politically, and culturally. A further reading list accompanies each chapter.

In the past decade, traditional classroom teaching models have been transformed in order to better promote active learning and learner engagement. *Implementation and Critical Assessment of the Flipped Classroom Experience* seeks to capture the momentum of non-traditional teaching methods and provide a necessary resource for individuals who are interested in taking advantage of this pedagogical endeavor. Using narrative explanations and foundation materials provided by experienced instructors, this premier reference work presents the benefits and challenges of flipped methodology implementation in today's classroom to educators and educational administrators across all disciplines and levels.
