Human resources professionals will find Michael Armstrong ' s book practical, helpful and relevant. It discusses all facets of current practice, including such relatively new developments as e-learning, and it discusses how you can help your organization implement change.

Armstrong's Handbook of Human Resource Management Practice is the bestselling and definitive resource for HRM students and professionals, which helps readers to understand and implement HR in relation to the needs of the business. It covers in-depth all of the areas essential to the HR function such as employment law, employee relations, learning and development, performance management and reward, as well as the HR skills needed to ensure professional success, including leadership, managing conflict, interviewing and using statistics. Illustrated throughout in full colour and with a range of pedagogical features to consolidate learning (e.g. source review boxes, key learning points, summaries and case studies from international organizations such as IBM, HSBC and Johnson and Johnson), this fully updated 15th edition includes new chapters on the HRM role of line managers, evidence-based HRM, e-HRM and the gender pay gap, further case studies and updated content covering the latest research and developments. Armstrong's Handbook of Human Resource Management Practice is aligned with the Chartered Institute of Personnel and Development (CIPD) profession map and standards and is suited to both professionals and students of both undergraduate degrees and the CIPD's level 5 and 7 professional qualifications. Online supporting resources include comprehensive handbooks

for lecturers and students, lecture slides, all figures and tables, toolkits, and a literature review, glossary and bibliography.

Revised in the light of recent developments in HRM policy and practice, this text now includes new chapters on human capital management, the role of the front line manager, HR strategies, and implementing HR strategies and learning and development. It also incorporates the results of surveys and research projects conducted by professionals.

Develop and implement HR strategies which are aligned with wider business strategies to achieve organizational success.

Strategic human resource management has been taken up by academics, consultants and practitioners alike. However, the integration of human resource strategy with overall business strategy is often easier in theory than in practice. Armstrong's Handbook of Strategic Human Resource Management provides a bridge between theory and practice, and offers a guide both to formulating human resource strategies and to implementing them. Fully updated, this edition incorporates the latest thinking, research and practice on strategic Human Resource Management and contains completely revised chapters on HRM, HR strategy, the formulation and implementation of strategy, roles in strategic HRM and strategic reward. This indispensable book includes coverage of international aspects of strategic human resource management. It also reflects important developments in HR strategies linked with those issues that affect HRM on a day-to-day basis, including human capital management, corporate social responsibility, organization development, employee engagement and talent management. Including a new chapter on

organizational effectiveness, Armstrong's Strategic Human Resource Management sets out a strategic framework for HRM; a framework for implementing SHRM in action; and a section on HR strategies. Case studies, checklists, practical examples and a strategic HR toolkit make this book an extremely practical resource for all those who are involved in putting complex strategy into practice in order to effect positive and productive change.

Armstrong's Handbook of Reward Management Practice is the definitive guide to understanding, developing and implementing effective reward. It is closely aligned to the CIPD's standard in reward management and is supported by online resources for both lecturers and students. Updated to reflect the practical implications of the most recent research and discussion on reward management, this new fifth edition includes a new chapter on computerized reward management, completely updated chapters on job evaluation, pay structures, merit pay and executive pay, and new case studies. As with all of Armstrong's texts, Armstrong's Handbook of Reward Management Practice truly bridges the gap between academic and practitioner and is, therefore ideally suited to anyone studying for a professional qualification in HR, of which Reward is often a core part, in particular the CIPD's intermediate and advanced level qualifications. Online supporting resources include lecture slides, an instructor's manual and a student's manual complete with a glossary, bibliography and literature review.

Armstrong's Handbook of Human Resource Management Practice is the classic text for all students and practitioners of HRM. Providing a complete resource for understanding and implementing HR in relation to the needs of the business as a whole, it contains in-depth coverage of all the key areas essential to the HR function, including performance, reward, employee engagement and HR policy. This fully

revised and updated thirteenth edition contains an entirely new part covering the increasingly important subject of international human resource management. Other new chapters have been added on rewarding special groups and on employment law, and the chapters on HRM, motivation and engagement have been completely revised. This essential handbook has also been brought up to date by reference to the findings of a number of significant research projects and other investigations of how HRM operates in practice. Comprehensive online support material for the instructor, student and practitioner is provided, offering a complete resource for teaching and self-learning. Resources for students include: learning notes, a glossary of key concepts and terms, multiple choice questions, case studies and a guide to taking CIPD exams. Lecturers are also provided with a range of resources, including PowerPoint slides and support notes for teaching.

HR managers have to serve the interests of their organizations, comprising employees, customers and the community at large as well as shareholders, or, in the public or voluntary sectors, those who have the ultimate responsibility for what the organization does. It also means exercising social responsibility, being concerned for the interests (well-being) of employees and acting ethically with regard to the needs of people in the organization and the community. Armstrong's Essential Human Resource Management Practice provides a complete overview of the practices and processes fundamental to managing people. The text provides a thorough introduction to the core areas of HR including: people resourcing, performance management, learning and development and rewarding people. It also examines the contribution of HR to organizational aims and objectives and how it is integrated within the business. The book is accompanied by online resources for both lecturers and students and adopts an increased focus on employee engagement, a concept which is becoming increasingly prominent in people

management, but which is often presented as a mantra without being properly understood; this is examined in detail with reference to recent research. Michael Armstrong's original Handbook of Human Resource Management is the classic text for all those studying HR or who are entering the profession for the first time. In this new title Michael Armstrong provides a condensed text which has been rewritten with the non-HR student or professional in mind, describing and evaluating key HRM concepts such as: HRM itself; strategic HRM; the resource-based view; the choice between best practice and best fit; human capital measurement; motivation theory; emotional intelligence; the flexible firm; the learning organization; and financial rewards.

Armstrong's Handbook of Strategic Human Resource Management is a complete guide to integrating HR strategies with wider organizational goals and objectives approaches to achieve sustained competitive advantage. Supported by key learning summaries, source reviews and practical real-life examples from organizations including UNICEF and General Motors (GM), it provides coverage of HRM strategies in key areas of the function such as employee engagement, talent management and learning and development, as well as strategic HRM approaches in an international context. This fully revised seventh edition of Armstrong's Handbook of Strategic Human Resource Management contains new chapters on evidence-based strategic HRM, employee wellbeing strategies and HR analytics, as well as additional case studies and updated wider content to reflect the latest research and thinking. It remains an indispensable resource for both professionals and those studying HR qualifications, including undergraduate and masters degrees and the CIPD's advanced level qualifications. Online supporting resources include lecture slides and comprehensive handbooks for lecturers and students which include self-assessment questions, case study exercises, and a glossary and literature review.

Managing staff performance is an effective mechanism for developing both staff and organizational growth. By clarifying an organization's objectives, translating these into clear individual goals and reviewing these goals regularly, performance management provides a well-structured and effective management tool. In the completely updated fifth edition of Armstrong's Handbook of Performance Management, Michael Armstrong considers the latest developments in this area, and how these can be applied to managing staff for increased performance. The new edition includes guidance on 360-degree feedback and the results of a far-reaching e-reward survey of performance management practices in 156 organizations. Ideal for practitioners and students alike, Armstrong's Handbook of Performance Management is aligned to the CIPD standards for Performance Management and so is ideal for those working towards the intermediate and advanced level qualifications. It remains the most authoritative and engaging textbook on performance management. Online supporting resources include lecture slides, a glossary of terms and a literature review.

In order to make an effective contribution, HR specialists have to be good at management, leadership and developing themselves and others. However in addition, they need to be aware of the management and business considerations that affect their work. Armstrong's Handbook of Management and Leadership provides guidance on the processes of management and leadership with particular reference to what managers and aspiring managers need to know and do to make a difference. This new edition is the only book that covers in one volume the new Leading, Managing and Developing People and Developing Skills for Business Leadership modules, which are part of the Chartered Institute of Personnel and Development's Leadership and Management Standards. Online supporting resources for
