Blood Red by Cordelia Kingsbridge. 11:25 pm 9 July 2014. I feel like Kingsbridge, author of the mammoth bodyguard free fiction Close Protection, the currently ongoing work-in-progress sci-fi story Control, and this free fantasy novel Blood Red, epitomizes what it is to write erotic romance. It's not just that each story has in-detail sexual encounters, (and for Blood Red, a lot of them), but sex and sexuality are key parts of the story and of the characters, and how they interact and grow.

Rediscover a thrilling world of immortals and intrigue in this classic paranormal romantic suspense, only from New York Times bestselling author Heather Graham. Yes, there are vampires in America; Mark Davidson knows it. And what city is more likely to be stalked by them than New Orleans? But Lauren Crow doesn't believe in vampires. Not at first. She and her friends are spending a bachelorette weekend in the Big Easy—all fun and games until a fortune-teller predicts a gruesome death. And until Lauren meets Mark, whom she finds absolutely compelling... and quite possibly crazy. He prowls the city by night, searching out vampires. Mark is as drawn to Lauren as she is to him, and not just because she's the image of his murdered fiancée. His obsession with tracking down his lover's killer is part of a vendetta that goes even deeper than grief over his lost love. As Lauren wrestles with desire and disbelief, sinister shadows lengthen over New Orleans. Vampires. They're threatening Lauren and her friends. And they're about to end the city's truce between the living and the undead! Originally published in 2007

Running into your ex is hard enough without a dangerous stalker in the mix. Charles Hunter's team is on a mission to extract an unidentified ATF agent from an undercover job gone wrong. All they've got to go on is the rendezvous location -- until Charles recognizes the ex he hasn't seen in years. Their "simple rescue mission" is about to get a lot more complicated. For ngel Medina, adjusting to life after his cartel nightmare is hard enough without confronting memories of a failed relationship. All he wants is a fresh start. But when a violent stalker lashes out from the shadows, ngel realizes his nightmare is far from over. As the stalker's obsession escalates and bodies start dropping, Charles and ngel are thrown together in a desperate search for the culprit. Tempers flare and old passions reignite, drawing them back into the same turbulent relationship that once ended in disaster. But the stalker isn't letting go -- and the next strike might hit straight through the heart.

Detective Levi Abrams and PI Dominic Rasso are reunited and more committed to each other than ever, but they can't truly move forward with their lives until the serial killer who's been tormenting them is behind bars. When a secret burial site is discovered in the desert with the remains of the Seven of Spades' earliest victims, that goal finally seems within reach. But just as the net is tightening, the neo-Nazi militia Utopia launches their master plan with a devastating act of terror that changes the landscape of Las Vegas forever. As Levi and Dominic scramble to prevent the city's destruction, they're opposed by treacherous forces that propel them toward catastrophe. In the end, Levi's fate may rest in the hands of the very killer he's been hunting. The race to save Sin City is on, and these players are going for broke. No matter how hopeless things seem, as long as they're together and they've got a chip to play and a chair to sit in, they're still in the game.

Loosely based on the Odyssey, this landmark of modern literature follows ordinary Dubliners through an entire day in 1904. Captivating experimental techniques range from interior monologues to exuberant wordplay and earthy humor.

It's Boston, 1919, and the Cast Iron club is packed. On stage, hemopaths—whose “afflicted” blood gives them the ability to create illusions through art—Corinne and Ada have been best friends ever since infamous gangster Johnny Dervish recruited them into his circle. By night they perform for Johnny's crowds, and by day they con Boston's elite. When a job goes wrong and Ada is imprisoned, she realizes how precarious their position is. After she escapes, two of the Cast Iron's hires are shot, and Johnny disappears. With the law closing in, Corinne and Ada are forced to hunt for answers, even as betrayal faces them at every turn. An ideal next read for fans of Libba Bray's The Diviners.

'Ulysses' is a novel by Irish writer James Joyce. It was first serialised in parts in the American journal 'The Little Review' from March 1918 to December 1920, and then published in its entirety by Sylvia Beach in February 1922, in Paris. 'Ulysses' has survived bowdlerization, legal action and bitter controversy. Capturing a single day in the life of Dubliner Leopold Bloom, his friends Buck Mulligan and Stephen Dedalus, his wife Molly, and a scintillating cast of supporting characters, Joyce pushes Celtic lyricism and vulgarity to splendid extremes. An undisputed modernist classic, its ceaseless verbal inventiveness and astonishingly wide-ranging allusions confirm its standing as an imperishable monument to the human condition. It takes readers into the inner realms of human consciousness using the interior monologue style that came to be called stream of consciousness. In addition to this psychological characteristic, it gives a realistic portrait of the life of ordinary people living in Dublin, Ireland, on June 16, 1904. The novel was the subject of a famous obscenity trial in 1933, but was found by a U.S. district court in New York to be a work of art. The furor over the novel made Joyce a celebrity. In the long run, the work placed him at the forefront of the modern period of the early 1900s when literary works, primarily in the first two decades, explored interior lives and subjective reality in a new idiom, attempting to probe the human psyche in order to understand the human condition. This richly-allusive novel, revolutionary in its modernistic experimentalism, was hailed as a work of genius by W.B. Yeats, T.S. Eliot and Ernest Hemingway. Scandalously frank, wittily erudite, mercurially eloquent, resourcefully comic and generously humane, 'Ulysses' offers the reader a life-changing experience. Publisher : General Press

The princess didn't expect to fall in love—with her nemesis. Princess Sepora of Serubel is the last Forger in all the five kingdoms. The spectator she creates provides energy for all, but now her father has found a way to weaponize it, and his intentions to incite war force her to flee from his grasp. She escapes across enemy lines into the kingdom of Theoria, but her plans to hide are thwarted when she is captured and placed in the young king's servitude. Tarik has just taken over rulership of Theoria, and must now face a new plague sweeping through his kingdom and killing his citizens. The last thing he needs is a troublesome servant vying for his attention. But mistress Sepora will not be ignored. When the two finally meet face-to-face, they form an unlikely bond that complicates life in ways neither of them could have imagined. Sepora's gift could save Tarik's kingdom from the Quiet Plague. But should she trust her growing feelings for her nemesis, or should she hide her gifts at all costs? A thrilling futuristic fantasy in which the fate of the world's energy source is in the hands of a prince and princess who are rivals, by the New York Times-bestselling author of the Syrena Legacy.

There is a time to move on, a time to let go . . . and a time to fly. “Sara Gruen writes with passionate precision about horses and their humans and the healing power of love.”—Maryanne Stahl, author of Forgive the Moon Anxiety rules Annemarie Zimmer's days—the fear that her relationship with the man she loves is growing stagnant; the fear that equestrian daughter Eva's dreams of Olympic glory will carry her far away from her mother. . . . and into harm's way. For five months, Annemarie has struggled to make peace with her past. But if she cannot let go, the personal battles she has won and the heights she has achieved will have all been for naught. It is a time of change at Maple Brook Horse Farm, when loves must be confronted head-on and fears must be saddled and broken. But it is an unanticipated tragedy that will most drastically alter the fragile world of one remarkable family—even as it flings open gates that have long confined them, enabling them all to finally ride headlong and free.
