A journey through the Index Revolution from the man who started it all Stay the Course is the story the Vanguard Group as told by its founder, legendary investor John C. Bogle. This engrossing book traces the history of Vanguard—the largest mutual fund organization on earth. Offering the world's first index mutual fund in 1976, John Bogle led Vanguard from a \$1.4 billion firm with a staff of 28 to a global company of 16,000 employees and with more than \$5 trillion in assets under management. An engaging blend of company history, investment perspective, and personal memoir, this book provides a fascinating look into the mind of an extraordinary man and the company he created. John Bogle continues to be an inspiring and trusted figure to millions of individual investors the world over. His creative innovation, personal integrity, and stubborn determination infuse every aspect of the company he founded. This accessible and engaging book will help you: Explore the history of some of Vanguard's most important mutual funds, including First Index Investment Trust, Wellington Fund, and Windsor Fund Understand how the Vanguard Group gave rise to the Index Revolution and transformed the lives of millions of individual investors Gain insight on John Bogle's views on values such as perseverance, caring, commitment, integrity, and fairness Investigate a wide range of investing topics through the lens of one of the most prominent figures in the history of modern finance The Vanguard Group and John Bogle are inextricably linked—it would be impossible to tell one story without the other. Stay the Course: The Story of Vanguard and the Index Revolution weaves these stories together taking you on a journey through the history of one revolutionary company and one remarkable man. Investors, wealth managers, financial advisors, business leaders, and those who enjoy a good story, will find this book as informative and unique as its author.

Build Seven-Figure Financial Security without Ever Picking, Buying, or Selling A Single Stock! Most people think that you have to buy and sell the right stocks at the right time to make big money on Wall Street. In this

Where To Download Bogleheads Guide To Investing Audiobook

enlightening, entertaining guide, veteran financial commentator Dr. Paul Farrell shows you how to grow a seven-figure nest egg without midnight jitters, time-consuming study, or paying a nickel in commissions to stockbrokers and others who get their piece of the pie by helping themselves to a chunk of yours. "Market timing is for chumps," says Dr. Farrell. "You want a portfolio that works without you having to sit through any schooling about what to buy, when to sell, how to mix and allocate, what to pay, where the heck the economy and the market are going." Now one book teaches you how to create and use that kind of portfolio—where the only excitement you get is from the millionaire's nest egg you collect in the end...

John Bogle puts our obsession with financial success in perspective Throughout his legendary career, John C. Bogle—founder of the Vanguard Mutual Fund Group and creator of the first index mutual fund—has helped investors build wealth the right way and led a tireless campaign to restore common sense to the investment world. Along the way, he's seen how destructive an obsession with financial success can be. Now, with *Enough.*, he puts this dilemma in perspective. Inspired in large measure by the hundreds of lectures Bogle has delivered to professional groups and college students in recent years, *Enough.* seeks, paraphrasing Kurt Vonnegut, "to poison our minds with a little humanity." Page by page, Bogle thoughtfully considers what "enough" actually means as it relates to money, business, and life. Reveals Bogle's unparalleled insights on money and what we should consider as the true treasures in our lives Details the values we should emulate in our business and professional callings Contains thought-provoking life lessons regarding our individual roles in society Written in a straightforward and accessible style, this unique book examines what it truly means to have "enough" in world increasingly focused on status and score-keeping.

The seminal work on mutual funds investing is now a Wiley Investment Classic Certain books have redefined the way we view the world of finance and investing—books that should be on every investor's shelf. *Bogle On Mutual Funds*—the definitive work on mutual fund investing by one of finance's great luminaries—is just such a work, and has been added to the catalog of Wiley's Investment Classic collection. Updated with a new introduction by expert John Bogle, this comprehensive book provides investors with the wisdom of the pioneer of mutual funds to help you identify and execute the ideal mutual fund investment choices for your portfolio. The former Vanguard Chief Executive, Bogle has long been mutual funds' most outspoken critic; in this classic book, he provides guidance on what you should and shouldn't believe when it comes to mutual funds, along with the story of persistence and perseverance that led to this seminal work. You'll learn the differences between common stock, bond, money market, and balanced funds, and why a passively managed "index" fund is a smarter investment than a fund managed by someone making weighted bets on individual securities, sectors, and the economy. Bogle reveals the truth behind the advertising, the mediocre performance, and selfishness, and highlights the common mistakes many investors make. Consider the risks and rewards of investing in mutual funds Learn how to choose between the four basic types of funds Choose the lower-cost, more reliable investment structure See through misleading advertising, and watch out for pitfalls Take a look into this timeless classic and let *Bogle On Mutual Funds* show you how to invest in mutual funds the right way, with the expert perspective of an industry leader.

Diversification provides a well-known way of getting something close to a free lunch: by spreading money across different kinds of investments, investors can earn the same return with lower risk (or a much higher return for the same amount of risk). This strategy, introduced nearly fifty years ago, led to such strategies as index funds. What if we were all missing out on another free lunch that's right under our noses? In *Lifecycle Investing*, Barry Nalebuff and Ian Ayres - two of the most innovative thinkers in business, law, and economics - have developed tools that will allow nearly any investor to diversify their portfolios over time. By using leveraging when young - a controversial idea that sparked hate mail when the authors first floated it in the pages of *Forbes* - investors of all stripes, from those just starting to plan to those getting ready to retire, can substantially reduce overall risk while improving their returns. In *Lifecycle Investing*, readers will learn.

Praise for *Don't Count On It!* "This collection of Jack Bogle's writings couldn't be more timely. The clarity of

Where To Download Bogleheads Guide To Investing Audiobook

his thinking—and his insistence on the relevance of ethical standards—are totally relevant as we strive to rebuild a broken financial system. For too many years, his strong voice has been lost amid the cacophony of competing self-interests, misdirected complexity, and unbounded greed. Read, learn, and support Jack's mission to reform the industry that has been his life's work." —PAUL VOLCKER, Chairman of the President's Economic Recovery Advisory Board and former Chairman of the Federal Reserve (1979 – 1987)

"Jack Bogle has given investors throughout the world more wisdom and plain financial 'horse sense' than any person in the history of markets. This compendium of his best writings, particularly his post-crisis guidance, is absolutely essential reading for investors and those who care about the future of our society." —ARTHUR LEVITT, former Chairman, U.S. Securities and Exchange Commission

"Jack Bogle is one of the most lucid men in finance." —NASSIM N. TALEB, PhD, author of *The Black Swan*

"Jack Bogle is one of the financial wise men whose experience spans the post – World War II years. This book, encompassing his insights on financial behavior, pitfalls, and remedies, with a special focus on mutual funds, is an essential read. We can only benefit from his observations." —HENRY KAUFMAN, President, Henry Kaufman & Company, Inc.

"It was not an easy sell. The joke at first was that only finance professors invested in Vanguard's original index fund. But what a triumph it has been. And what a focused and passionate drive it took: it is a zero-sum game and only costs are certain. Thank you, Jack." —JEREMY GRANTHAM, Cofounder and Chairman, GMO

"On finance, Jack Bogle thinks unconventionally. So, this sound rebel turns out to be right most of the time. Meanwhile, many of us sometimes engage in self-deception. So, this book will set us straight. And in the last few pages, Jack writes, and I agree, that Peter Bernstein was a giant. So is Jack Bogle." —JEAN-MARIE EVEILLARD, Senior Adviser, First Eagle Investment Management

Insights into investing and leadership from the founder of The Vanguard Group Throughout his legendary career, John Bogle-founder of the Vanguard mutual fund group and creator of the first index mutual fund-has helped investors build wealth the right way, while, at the same time, leading a tireless campaign to restore common sense to the investment world. A collection of essays based on speeches delivered to professional groups and college students in recent years, in *Don't Count on It* is organized around eight themes

- Illusion versus reality in investing
- Indexing to market returns
- Failures of capitalism
- The flawed structure of the mutual fund industry
- The spirit of entrepreneurship
- What is enough in business, and in life
- Advice to America's future leaders

The unforgettable characters who have shaped his career Widely acclaimed for his role as the conscience of the mutual fund industry and a relentless advocate for individual investors, in *Don't Count on It*, Bogle continues to inspire, while pushing the mutual fund industry to measure up to their promise.
