Facing a volatile stock market, many people have turned to real estate as a way to invest their hard-earned money. While many investors opt to buy property and then sell it quickly, other investors choose to hold onto their property for a longer period of time to realize a greater return on their investment. Real estate experts Scott Frank and Andy Heller have developed a proven and diversified program for real estate investing that incorporates both approaches and enables investors to take control of their financial futures and build wealth over time.
