A hilarious and hopeful primer to prevent, combat, and eliminate the suckage in modern marriage by doing it right in the early years, from one of the minds behind the series Sex and the City and the New York Times bestselling authors of He's Just Not That Into You, It's Called a Breakup Because It's Broken, and It's Just a F***ing Date Some marriages start out storybook. Perfect proposal, perfect engagement,

perfect wedding, perfect honeymoon, and perfect newlywed years. Greg Behrendt and Amiira Ruotola stumbled right out of the wedding gate. Their choices in the early years, they'll tell you, nearly bought their marriage a one-way ticket to Suckville. The New York Times bestselling authors explore all the adventures of early wedlock, from the moment one of you gets on one knee to the day when sex starts to feel like work instead of play. In this guidebook, Behrendt and Ruotola explore their own marriage and, with gleeful candor, tremendous warmth, sharp humor, and piercing insight, look at what we who have decided to "settle down" hope to get out of our most lasting relationship. We venture through volumes on the engagement, wedding planning, the Big Day, the wedding hangover, the (blissful?) first year, the hard work of marrying two lives, fights, and sex-pectations versus sex-pectreality. The perfect book for those who have just put a ring on it or are thinking of putting a ring on it, Behrendt and Ruotola's work is a brilliant guide for the first stretch of that wild ride we call marriage.

Lord 1370, and Owen Archer is anxious to leave Wales for home. His mission for the Duke of Lancaster complete, he attempts to arrange safe passage on a ship sailing for England, but the hanging of a stonemason interrupts his plans. On the surface it appears the young man was driven to suicide by a broken heart, but to Owen the signs all point to murder. As his investigation stretches on, however, Owen finds himself drawn into the influence of the leader of a Welsh rebellion whose manifesto speaks to his heart, and a choice is offered to him: join or die. Meanwhile, at home in York, Owen's wife Lucie is troubled by rumors that her husband's long absence is permanent, as well as threats by a customer who claims she was poisoned by a physic from the Wilton apothecary. Meanwhile, Lucie is tempted by the attentions of a friend's steward, even as she uncovers a shattering betrayal in her own household.

Sono passati quasi due secoli da quando le prime sbuffanti macchine a vapore su ruote e rotaie suscitarono sorpresa e sconcerto nel pubblico inglese. Guardate all'inizio con una certa dose di scetticismo, le locomotive – e con loro i treni e la ferrovia in genere – hanno segnato profondamente il corso della storia recente. Questo volume è una straordinaria galleria delle locomotive e dei treni che, per originalità, qualità costruttiva, prestazioni,

imponenza o eleganza, hanno fatto la storia delle ferrovie: dalla macchina di Trevithick, messa a punto all'inizio del XIX secolo, al Mag-Lev, l'avveniristico convoglio giapponese a levitazione magnetica.
