The new edition of this well-established and highly regarded work has been fully updated to encompass the major changes and developments in the law, including the newly finalised Rome II Regulation. The book is invaluable for the practitioner as well as being one of the leading students' textbooks in the field.

The new edition of this well-established and highly regarded work has been fully updated to encompass the major changes and developments in the law, including the newly finalised Rome II Regulation. The book is invaluable for the practitioner as well as being one of the leading students' textbooks in the field.

The new edition of this well-established and highly regarded work has been fully updated to encompass the major changes and developments in the law, including coverage of the Recast Brussels I Regulation which came into force in 2015. The book is invaluable for the practitioner as well as being one of the leading students' textbooks in the field, giving comprehensive and accessible coverage of the basic principles of private international law. It offers students, teachers and practitioners not only a rigorous academic examination of the subject, but also a practical guide to the complex subject of private international law. Written by an expert team of academics, there is extensive coverage of commercial topics such as the jurisdiction of various courts and their limitations, stays of proceedings and restraining foreign proceedings, the recognition and enforcement of judgments, the law of obligations with respect to contractual and non-contractual obligations. There are also sections on the various aspects of family law in private international law, and the law of property, including the transfer of property, administration of estates, succession and trusts.

The new edition of this well-established and highly regarded work has been fully updated to encompass the major changes and developments in the law, including the newly finalised Rome II Regulation. The book is invaluable for the practitioner as well as being one of the leading students' textbooks in the field.

This classic textbook provides a thorough overview of European private international law. It is essential reading for private international law students who need to study the European perspective in order to fully get to grips the subject. Opening with foundational questions, it clearly explains the subject's central tenets: the Brussels I, Rome I and Rome II Regulations (jurisdiction, applicable law for contracts and tort). Additional chapters explore the Succession Regulation, private international law and insolvency, freedom of establishment, and the impact of PIL on corporate social responsibility. The new edition includes a new chapter on the Hague instruments and an opening discussion on the impact of Brexit. Drawing on the author's rich experience, the new edition retains the book's hallmarks of insight and clarity of expression ensuring it maintains its position as the leading textbook in the field.

EU law has greatly influenced national law in Scotland, the UK and the rest of Europe. As a result, private international law is an essential area of study and of increasing importance to lawyers throughout the EU. Private International Law Essentials is the concise guide to private international law that you need, whether you're studying, revising or a practicing lawyer looking for a summary the law in UK jurisdictions. David Hill looks at the key elements and issues of private international law, as well as the statutes and Conventions (e.g. Brussels, Lugano) and EU Regulations applying throughout the UK.

The new edition has been substantially updated to offer an up-to-date and authoritative account of the law in this rapidly changing field. As well as general updating, the chapter on Torts has been completely rewritten and the growing importance of the law of restitution has led to the inclusion of a new separate chapter on the private international law aspects of this significant field of the law of obligations. The major developments in the law on jurisdiction and the recognition of foreign judgments have also been fully discussed.

This is the leading reference on Japanese private international law in English. The chapters systematically cover the whole of Japanese private international law, not just questions likely to arise in commercial matters, but also in family, succession, cross-border insolvency, intellectual property, competition (antitrust), and environmental disputes. The chapters do not merely cover the traditional conflict of law areas of jurisdiction, applicable law (choice of law), and enforcement. The chapters also look into conflict of law questions arising in arbitration and assess Japanese involvement in the global harmonisation of private international law. In addition to summarising relevant principles and scholarly views, the authors discuss case law whenever possible and identify deficiencies and anticipate difficulties in the existing law. The book thus presents the Japanese conflict of laws through a combination of common and civil law analytical techniques and perspectives, providing readers worldwide with a more profound and comprehensive understanding of the subject.

A comprehensive and in-depth analysis of how courts in the countries of Commonwealth Africa decide claims under private international law.

Provides an unprecedented historical, theoretical and comparative analysis and appraisal of party autonomy in private international law. These issues are of great practical importance to any lawyer dealing with cross-border legal relationships, and great theoretical importance to a wide range of scholars interested in law and globalisation.
