The Christ Apostolic Church (C.A.C.) of USA, Long Island New York is a welcoming and cheerful house of worship filled with children, adults of all ages, and families. C.A.C. is attracted to people from all walks of life including new and long-time congregants. We are a very friendly community, committed to supporting each other in Christian faith and faithful living in Lord's name.

The Christian world is replete with all manner of church leaders and ministers parading as men and women sent by God. For many of these people, God's work is a lucrative business. Easy money, fame, aggrandizement, and all its paraphernalia. But is that what this is all about? Certainly God did call some. Did God call all these that you see around? Do you know that Satan has men and women who also masquerade as those sent by God? This book will prove handy to help you find the answers to these questions.

Apostolic Perspective of Systematic Theology delves into the major doctrines that formulate the Christian belief, explained from an Apostolic point of view. The book explores various facets of theology, including God and the Godhead, man and sin, angels and demons, covenants and dispensations, and last things. It compares through study of the Scriptures in both testaments to arrive at a reasoned argument for stances on various subjects as salvation, the nature of the Godhead, the deity of Christ, and the inerrancy of the Bible. The purpose of the book is to instill a love of study for the serious Bible student that compels the reader to apply sound hermeneutical principles in defense of the hope that lies within the believer. As there is no premium on ignorance of the principles that lie within the Word of God, the author compares each facet of doctrine while building a comprehensive system of theology that can stand against the face of higher criticism and doctrinal error, providing the reader with a reasonable explanation of what is most precious to all Christians – one's own faith.

Since the Second World War more than 1,000 black independent congregations in around 300 different organizations have sprung up all over Britain. The immigration of Afro-Caribbeans and West Africans has led to the emergence and growth of many churches, which flourish in the cities and attract a growing number of members. They now play an increasingly active role in the social and ecumenical life of the nation, which is reflected in cooperation with the 'New Instrument' of the British churches. They comprise a rich diversity of theological traditions and cultural inheritance, some in an interesting blend, some in a struggle with white elements. Existence and growth of these communities have often been explained by factors inherent in British society, such as social deprivation and English racism. The book attempts to prove that, as much these factors are a reality, they do not account for the dynamics of the movement, its proliferation and stability. Rather these congregations are carried by strong cultural and theological forces, which molded the spiritual experience of the African diaspora. They carry a living faith, sound contextual theologies, and a form of organization, which presents a model for other ethnic minorities.

P R O P H E T I C FORCE ...is a bold effort at declassification of the subject of eschatology, a branch of Christian theology that deals with the last things; the rapture of the saints, millennial reign of Jesus Christ, destruction of the earth, concept and consequence of judgements and bases of rewards. Its real emphasis is on personal revival and holy living which the study of such subject should provoke in the community of believers. It endorses the finality of the position of the Bible on all issues, upholds the values of eternal life and urges readiness for heaven by which intellectual appreciation of the subject will not be more than a desirable by-product. The book builds a strong link between various doctrines of the Bible and the ultimate purpose they are meant to serve in a simplified and authoritative manner. Its comprehensive coverage of the subject, its broad-based and open-minded approach to the treatment of issues, its analysis of current developments on worlds social, political and religious theatres, its blending of contending theories and unbiased resolution of cloudy portions of the course have combined to strengthen its appeal to those who seek sound understanding of the controversial subject. P R O P H E T I C FORCE Presents the Factual Realms of Prophecies and Passionately Explores Current Events that are Fulfilling End Time Prophecies Conveys the Imperatives for Expectant Christian Living Offers Bold and Objective Resolution of Controversies The book ... is a compilation of sound teachings on eschatology in a way that the Church has yet to have it; an all-inclusive coverage of the subject and potent armour of truth to withstand falsehood that has filtered into the Church from several directions on the account of the cloudy subject - Pastor Michael Adeoye

The peoples opinion of Christ Jesus in the now, that is after the flesh; Christ in the future, which is after the spirit; Jesus in the now, after the flesh. When Jesus came into the coasts of Caesarea Philippi, he asked his disciples, saying, Whom do men say that I the Son of man am? And they said, Some say that thou art John the Baptist: some, Elias; and others, Jeremias, or one of the prophets. He saith unto them, But whom say ye that I am? And Simon Peter answered and said, Thou art the Christ, the Son of the living God. And Jesus answered and said unto him, Blessed art thou, Simon Barjona: for flesh and blood hath not revealed it unto thee, but my Father which is in Heaven (Matthew 16:13-17 KJV). Then charged he his disciples that they should tell no man that he was Jesus the Christ (Matthew 16:20 KJV).

Unveiling the Name of Jesus: A Guide to Understanding the Jehovaistic Titles explores the source of power behind the name given to Our Savior and King, Jesus the Christ, by analyzing some of the names and titles given to the God of the Old Testament. By comparing the purpose of these names with the attributes demonstrated by Jesus, the book demonstrates the equality of Christ with the Almighty God. Through the study of such aspects of God as His steadfastness, power, righteousness, authority, and his ability to provide for His own, the reader can compare the instances where God exhibited these attributes with the same qualities shown in Christ in His role as Savior and Redeemer. The resultant analysis by the author establishes the Deity of Christ and substantiates the claim that He indeed is truly the God of the Old Testament, as His name encompasses all the titles and names of God as written in the Scriptures. The believer in Christ can be fully assured of the power inherent in the name of Jesus, that it truly stands above every other name in heaven and on the earth.
