The Renaissance popes were among the most enlightened and generous patrons of arts and letters in the Europe of their day. The diaries of Pius II give us an intimate glimpse of the life and thought of one of the greatest of the Renaissance popes. Pius II (1405-1464) began life as Aeneas Silvius Piccolomini in a small town near Siena, and became a famous Latin poet and diplomat.

This is an excellent interpretive commentary. It is actually one of a two-volume set. Volume 1 covers the Old Testament; volume 2 covers the New. (It is hard to tell this from the amazon.com entries for the two volumes, which have the same title, and differ only in the miniscule volume number listed with the ISBN information.

the historical-critical method, with particular attention to translation, source-critical and inter-literary questions.

Marsilio Ficino (1433-1499), the Florentine scholar-philosopher-magus, was largely responsible for the Renaissance revival of Plato. This volume contains Ficino's extended analysis and commentary on the Phaedrus.

This text examines the essentials of the A.A. system of initiation from the preliminary stage of Student to the attainment of the Knowledge and Conversation of the Holy Guardian Angel.

Sir William Blackstone's Commentaries on the Laws of England (1765-1769) stands as the first great effort to reduce the English common law to a unified and rational system. Blackstone demonstrated that the English law as a system of justice was comparable to Roman law and the civil law of the Continent. Clearly and elegantly written, the work achieved immediate renown and exerted a powerful influence on legal education in England and in America which was to last into the late nineteenth century. The book is regarded not only as a legal classic but as a literary masterpiece. Previously available only in an expensive hardcover set, Commentaries on the Laws of England is published here in four separate volumes, each one

# Download Ebook Commentaries Volume 1

affordably priced in a paperback edition. These works are facsimiles of the eighteenth-century first edition and are undistorted by later interpolations. Each volume deals with a particular field of law and carries with it an introduction by a leading contemporary scholar. In his introduction to this first volume, *Of the Rights of Persons*, Stanley N. Katz presents a brief history of Blackstone's academic and legal career and his purposes in writing the *Commentaries*. Katz discusses Blackstone's treatment of the structure of the English legal system, his attempts to justify it as the best form of government, and some of the problems he encountered in doing so.

# Download Ebook Commentaries Volume 1

A new critical edition of the Greek text of Aristotle's *Historia Animalium* by one of the foremost scholars of Aristotle's biological works and their philosophical significance. Based on a study of every surviving manuscript, this edition is a considerable advance on previous texts.

From Catullus to Horace, the tradition of Latin erotic poetry produced works of literature which are still read throughout the world. Ovid's *Amores*, written in the first century BC, is arguably the best-known and most popular collection in this tradition. Born in 43 BC, Ovid was educated in Rome in preparation for a career in public services before finding his calling as a poet. He may have begun writing his *Amores* as early as 25 BC. Although influenced

# Download Ebook Commentaries Volume 1

by poets such as Catullus, Ovid demonstrates a much greater awareness of the funny side of love than any of his predecessors. The Amores is a collection of romantic poems centered on the poet ' s own complicated love life: he is involved with a woman, Corinna, who is sometimes unobtainable, sometimes compliant, and often difficult and domineering. Whether as a literary trope, or perhaps merely as a human response to the problems of love in the real world, the principal focus of these poems is the poet himself, and his failures, foolishness, and delusions. By the time he was in his forties, Ovid was Rome ' s most important living poet; his Metamorphoses, a kaleidoscopic epic poem about love and hatred among the gods and mortals, is one of the

# Download Ebook Commentaries Volume 1

most admired and influential books of all time. In AD 8, Ovid was exiled by Augustus to Romania, for reasons that remain obscure. He died there in AD 17. The Amores were originally published in five books, but reissued around 1 AD in their current three-book form. This edition of the first book of the collection contains the complete Latin text of Book 1, along with commentary, notes and full vocabulary. Both entertaining and thought-provoking, this book will provide an invaluable aid to students of Latin and general readers alike. This book contain embedded audio files of the original text read aloud by Aleksandra Szypowska.
