Wonder, mysticism, heartache, and joy are the stones that set the path to one girl's journey as her destiny unfolds. In the village of Huanan, in

Where To Download

medieval China, the deity that rules is the Great Huli Jing. Though twelve-year-old Li Jing's name is a different character entirely from the Huli Jing, the sound is close enough to provide constant teasing-but maybe is also a source of greater destiny and power.

Jing's life isn't easy. Her father is a poor tea farmer, and her family has come to the conclusion that in order for everyone to survive, Jing must be sacrificed for the common good. She is sold as a bride to the Koh family, where she will be the wife and

nursemaid to their three-year-old son, Ju'nan. It's not fair, and Jing feels this bitterly, especially when she is treated poorly by the Koh's, and sold yet again into a worse situation that leads Jing to believe her only option is to run away, and find home again. With

the help of a spider who weaves Jing a means to escape, and a nightingale who helps her find her way, Jing embarks on a quest back to Huanan--and to herself.
