Having been presumed dead, Jakkin and Akki finally return to Astar IV with newfound skills, and the knowledge that what they have learned could either transform their planet or destroy it

Astar IV isn't the planet it once was, and when Jakkin and Akki finally return to the dragon nursery, their homecoming arouses mixed emotions. Together they've survived the insurmountable, and now they can weather the brutal conditions of Dark After and communicate with the dragons they love. But with this knowledge comes responsibility. What they've learned about survival could transform the planet--or, if entrusted to the wrong hands, bring about its destruction. Akki's insistence that she return to the Rokk to finish her training and begin new experiments drives a chasm between her and Jakkin. Suddenly she finds herself in the midst of a political battle that could claim her life. Only Jakkin can save her. If only he could reach her. . . .

Dragons are trained to fight to the death, and two determined teens help free them in this spellbinding saga. Training a dragon to be a fighting champion is the only way to freedom for fifteen-year-old Jakkin.

Jakkin risks everything—his freedom, his dragon, even his life—to rescue his beloved in this stirring sequel to Dragon's Blood.

Jakkin and his girlfriend, Akki, discover a primitive cult that sacrifices dragons.

Before the legendary Arthur became king, he took lessons from a dragon . . . Artos is a lonely child, teased or ignored by the other boys in the castle of Sir Ector. One day, he follows Sir

Ector's runaway hound into a mysterious, dark cave, where he encounters a dragon who offers him the gift of wisdom. Both frightened and intrigued, Artos becomes the dragon's student and gains what he's always longed for: the friendship and respect of other boys. Under the guidance of the dragon, Artos's life begins to take shape in a way he could never have imagined. But has Artos really learned everything the dragon has to teach? And what does the dragon mean when he refers to him as "Artos Pendragon," or "Arthur son of dragon"? This ebook features a personal history by Jane Yolen including rare images from the author's personal collection, as well as a note from the author about the making of the book.

The year is 1917. Following the sudden death of his Professor, a young man and his two companions are approached by a strange man who gives them a book to safeguard. This book, the Imaginarium Geographica, is the reason the Professor was killed, and now, they too are in mortal danger. Chased by the ferocious Wendigo, half-man half-werewolf creatures, the three companions seek refuge on a ship - a ship that leads them to the extraordinary lands of myth and legend mapped in the precious book they carry. As their adventure unfolds we learn that the friends are in fact C.S Lewis, J.R.R Tolkien and Charles Williams - and as they discover that events in the known world mirror those in the imaginary realm, they come to realise the importance of the Imaginarium Geographica , and if not protected, there will be no peace from the war that rages in our world.

Master storyteller Jane Yolen and celebrated fantasy artist Rebecca Guay (Swamp Thing; Magic: The Gathering) weave a textured and lyrical tale of adventure, homelands, and heroism the hard way. Two hundred years ago, humans drove the dragons from the islands of May. Now, the last of the dragons rises to wreak havoc anew - with only a healer's daughter and a kite-flying would-be hero standing in its way.

The adventures of young dragon master Jakkin Stewart are chronicled in an epic fantasy--from his apprenticeship in Dragon's Blood, to his breathtaking escape with his beloved Akki in Heart's Blood, and straight through to their harrowing discovery in the third volume, A Sending of Dragons.

When young Fiona is asked to take on the role of Weyrwoman, she soon discovers the challenges of her new position, from unexpected perils to the possibility of losing her own dragon to the sickness that has claimed others.
