What are some unbelievable ER stories?

Emergency! is an American television series that combines the medical drama and action-adventure genres. It was a joint production of Mark VII Limited and Universal Television.It debuted on NBC as a midseason replacement on January 15, 1972, replacing the two short-lived situation comedy series The Partners and The Good Life, and ran for a total of 122 episodes until May 28, 1977, with six ...

Emergency! -- Wikipedia

This is particularly true in emergency rooms, where the endless parade of strange events can leave even seasoned ER doctors shocked in disbelief. This is a book that you won't be able to put down. These stories focus upon the unusual aspects of each particular case, and rarely delve into the specifics of medical or surgical treatment.

True Emergency Room Stories: Pezzi, Kevin- 9780965560627---

In real-life and before filming, Robert Fuller, Julie London and Bobby Troup, were all at a house they have all been invited to, where they all witnessed the woman, who was an alcoholic, who fell down in the bathroom's tub and hit her head, put a pillow underneath it, after Robert Fuller said for another person to called 911, where two young paramedics who were not Randolph Mantooth and Kevin Tighe, approached Julie London and the crew, rescued the bleeding woman, and immediately took her to ...

Emergency! (TV Series 1972–1979) -- Trivia -- IMDb

Twenty-five years in the ER could become a résumé for despair, but for bestselling author Dr. Robert D. Lesslie, it’s a foundation for inspiring stories of everyday "angels"—friends, nurses, doctors, patients, and even strangers who offer love, help, and support in the midst of trouble. "The ER is a difficult and challenging place to be. Yet the same pressures and stresses that make this place so challenging also provide an opportunity to experience some of life's greatest wonders and mysteries." Dr. Lesslie illuminates messages of hope while sharing fast-paced, captivating stories about discovering lessons from the ER frontline watching everyday miracles unfold holding on to faith during tragedy and triumph embracing the healing balm of hope For anyone who enjoys true stories of the wonders of the human spirit, this immensely popular book is a reminder that hope can turn emergencies into opportunities and trials into demonstrations of God's grace.

In Miracles and Mayhem in the ER: Bonus Edition, Dr. Brent Russell builds on his first edition with more true-life stories of his early days as an Emergency Room doctor. Contemplative and oftentimes hilarious, Dr. Russell leads the reader through the glass doors and down the narrow halls of the ER where desperate patients, young and old, come to get well. Occasionally heart wrenching and always fast-paced, Miracles and Mayhem in the ER: Bonus Edition will have readers holding their breath one second and celebrating the next. Through his night shifts at a renowned Portland, OR hospital, Russell discovers his role and his confidence as he treats people from all walks of life including humanity's most bizarre in the ER. Each shift brings a new, bracing story to tell, and with this Bonus Edition, there's even more Miracles and Mayhem to enjoy.

A collection of short stories set in the ER introduces a neurosurgeon who practices witchcraft, a trauma surgeon who commits suicide, a wounded murderer, and a man chased across the New Mexico desert by a missile.

"A leader in the field of public safety and CEO of a company providing communications training to the 9-1-1 industry descibes her experiences of being an emergency 9-1-1 operator as she rose through the ranks from a rookie 9-1-1 dispatch operator to the director of a large 9-1-1 dispatch center"--

Reminiscent of Chekhov's stories, "The Blood of Strangers" is a visceral portrayal of a physician's encounters with the highly charged world of an emergency room. In this collection of spare and elegant stories, Dr. Frank Huyler reveals a side of medicine where small momentsOCothe intricacy of suturing a facial wound, the bath a patient receives from her husband and daughterOCounterweave with the lives and deaths of the desperately sick and injured.The author presents an array of fascinating characters, both patients and doctorsOCoa neurosurgeon who practices witchcraft, a trauma surgeon who unexpectedly commits suicide, a wounded murderer, a man chased across the New Mexico desert by a heat-seeking missile. At times surreal, at times lyrical, at times brutal and terrifying, "The Blood of Strangers" is a literary work that emerges from one of the most dramatic specialties of modern medicine. This deeply affecting first book has been described by one early reader as the best doctor collection I have seen since William Carlos Williams's "The Doctor Stories.""

"riveting, heartbreaking, sometimes difficult, always inspiring." --The New York Times Book Review
As seen/heard on Fresh Air, The Daily Show with Trevor Noah, NBC Nightly News, MSNBC, Weekend Edition, and more
An emergency room physician explores how a life of service to others taught her how to heal herself.
Michele Harper is a female, African American emergency room physician in a profession that is overwhelmingly male and white. Brought up in Washington, D.C., in a complicated family, she went to Harvard, where she met her husband. They stayed together through medical school until two months before she was scheduled to join the staff of a hospital in central Philadelphia, when he told her he couldn't move with her. Her marriage at an end, Harper began her new life in a new city, in a new job, as a newly single woman. In the ensuing years, as Harper learned to become an effective ER physician, bringing insight and empathy to every patient encounter, she came to understand that each of us is broken--physically, emotionally, psychically. How we recognize those breaks, how we try to mend them, and where we go from there are all crucial parts of the healing process. The Beauty in Breaking is the poignant true story of Harper's journey toward self-healing. Each of the patients Harper writes about taught her something important about recuperation and recovery. How to let go of fear even when the future is murky: How to tell the truth when it's simpler to overlook it. How to understand that compassion isn't the same as justice. As she shines a light on the systemic disenfranchisement of the patients she treats as they struggle to maintain their health and dignity, Harper comes to understand the importance of allowing ourselves to make peace with the past as we draw support from the present. In this hopeful, moving, and beautiful book, she passes along the precious, necessary lessons that she has learned as a daughter, a woman, and a physician.

Terrorist attacks. Natural disasters. Domestic crackdowns. Economic collapse. Riots. Wars. Disease. Starvation. What can you do when it all hits the fan? You can learn to be self-sufficient and survive without the system. **I've started to look at the world through apocalypse eyes.** So begins Neil Strauss's harrowing new book: his first full-length worksince the international bestseller The Game, and one of the most original-and provocative-narratives of the year. After the last few years of violence and terror, of ethnic and religious hatred, of tsunamis and hurricanes--and now of world financial meltdown--Strauss, like most of his generation, came to the sobering realization that, even in America, anything can happen. But rather than watch helplessly, he decided to do something about it. And so he spent three years traveling through a country that's lost its sense of safety, equipping himself with the tools necessary to save himself and his loved ones from an uncertain future. With the same quick wit and eye for cultural trends that marked The Game, The Dirt, and How to Make Love Like a Porn Star, Emergency traces Neil's white-knuckled journey through today's heart of darkness, as he sets out to move his life offshore, test his skills in the wild, and remake himself as a gun-toting, plane-flying, government-defying survivor. It's a tale of paranoid fantasies and crippling doubts, of shady lawyers and dangerous cult leaders, of billionaire gun nuts and survivalist superheroes, of weirdos, heroes, and ordinary citizens going off the grid. It's one man's story of a dangerous world--and how to stay alive in it. Before the next disaster strikes, you're going to want to read this book. And you'll want to do everything it suggests. Because tomorrow doesn't come with a guarantee...

"Smart and funny, with characters so real and vulnerable, you want to send them care packages. I loved this book." --Rainbow Rowell
From debut author Mary H.K. Choi comes a compulsively readable novel that shows young love in all its awkward glory—perfect for fans of Eleanor & Park and To All the Boys I’ve Loved Before. For Penny Lee, high school was a total nonevent. Her friends were okay, her grades were fine, and while she’d somehow landed a boyfriend, they never managed to know much about each other. Now Penny is heading to college in Austin, Texas, to learn how to become a writer. It’s seventy-nine miles and a zillion light years away from everything she can’t wait to leave behind. Sam’s stuck. Literally, figuratively, emotionally, financially. He works at a café and sleeps there too, on a mattress on the floor of an empty storage room upstairs. He knows that this is the god-awful chapter of his life that will serve as inspiration for when he’s a famous movie director but right this second the seventeen bucks in his checking account and his dying laptop are really testing him. When Sam and Penny cross paths it’s less meet-cute and more a collision of unbearable awkwardness. Still, they swap numbers and stay in touch—via text—and soon become digitally inseparable, sharing their deepest anxieties and secret dreams without the humiliating weirdness of having to, you know, see each other.

"A volume brimming with humanitarian lessons in medicine and life alike." —Kirkus Reviews
"A generous, compassionate book about what it is to be human and what it is to care. Paul Seward writes in language so clear and compelling you can see straight through it and into the beating heart beneath." —Kate Cole–Adams, author of Anesthesia
Drawing on a career launched in the first days of the specialty of emergency medicine, Dr. Paul Seward takes the reader with him into the ER in his riveting memoir. Told in fast–paced, stand–alone chapters that recall unforgettable medical cases, Patient Care offers the fascination of medical mysteries, wrapped in the drama of living and dying. A snap judgment about a child nearly kills him, and a priest who may be having a heart attack refuses treatment. An asthmatic man develops air bubbles in his shoulders, and a pharmacist is haunted by a decision he makes. But the book goes beyond these stories. Each chapter explores ethical questions that remind us of the full humanity of patients, nurses, coroners, pharmacists, and, of course, doctors. How do they care for strangers in their moments of crisis? How do they care for themselves? Dr. Seward rejects doctor–as–God narratives to write frankly about moments of failure, and champions the role of his colleagues in health care. And, for all the moral dilemmas here, there is plenty of wit and humor, too. (See the

patient who punches our doctor.) Readers of Patient Care will find themselves thinking along with Dr. Seward: "What is the right thing to do? What would I do?"
