Margaret Meuse Clay, who barely escaped a public whipping in the 1760s for preaching without a license; "Old Elizabeth," an ex-slave who courageously traveled to the South to preach against slavery in the early nineteenth century; Harriet Livermore, who spoke in front of Congress four times between 1827 and 1844--these are just a few of the extraordinary women profiled in this, the first comprehensive history of female preaching in early America. Drawing on a wide range of sources, Catherine Brekus examines the lives of more than a hundred female preachers--both white and African American--who crisscrossed the country between 1740 and 1845. Outspoken, visionary, and sometimes contentious, these women stepped into the pulpit long before twentieth-century battles over female ordination began. They were charismatic, popular preachers, who spoke to hundreds and even thousands of people at camp and revival meetings, and yet

with but a few notable exceptions--such as Sojourner Truth--these women have essentially vanished from our history. Recovering their stories, Brekus shows, forces us to rethink many of our common assumptions about eighteenth- and nineteenth-century American culture.

Ingenuity introduces a theology and practice of preaching that emerges from the faith and wisdom of black women. Preaching has been resourced and taught from a narrow field of cultural or gendered experiences, historically. Without much support from established channels, black women are left to “figure it out” on their own, and others discern how to preach from a limiting scope. The best preachers understand their own voices and the voices of others. They stretch and grow, and this enables them to preach more effectively. Ingenuity equips readers to negotiate tradition, life experiences, and theological conviction in the creative work that makes way for sacred speech. With Ingenuity, Lisa Thompson offers deep insights for anyone seeking to enlarge their understanding, their language, and their sense of lived experiences, and offers practical help through “In Practice” segments for those who preach. "Written from the deep well of the spirituality of Black women, Thompson has given us a remarkable guide for what preaching should be and must be for the times we are in. Accessible, thoughtful, probing, pastoral, prophetic—all come together in this text. A must read for anyone committed to faithful excellence in proclaiming the word." -Emilie M. Townes, Dean and E. Rhodes and Leona B. Carpenter Professor of Womanist Ethics and Society, Vanderbilt University Divinity School

This is a newly revised edition of one of the standard introductory preaching textbooks on the market today.

Beginning with a solid theological basis, veteran preacher and best-selling author Thomas G. Long offers a practical, step-by-step guide to writing a sermon. Long centers his approach around the biblical concept of witness. To be a preacher, Long posits, is to be a witness to God's work in the worldone who sees before speaking, one whose task is to "tell the truth, the whole truth, and nothing but the truth about what is seen." This updated edition freshens up language and anecdotes, contains an extensive new analysis of the use of multimedia and its impact on preaching, and adds a completely new chapter on plagiarism in preaching. Included for the first time are four complete sermons, with Long's commentary and analysis. The sermons were written and originally preached by Barbara Brown Taylor, Cleophus J. LaRue. Ginger Gaines-Cirelli, and Edmund Steimle. With this third edition, *The Witness of Preaching* reaffirms itself as the essential resource for seminary students as well as new and experienced preachers.

In this postmodern age, women preachers are finding their "voice" a distinctive way of proclamation. This book looks at the metaphor of voice, how women are moving to voice from silence, and how individuals can make themselves heard by those who don't want to hear.

"Herliany's poetry is intent upon opposing personal and political oppression. She does not attempt to mend, her poetry does not offer a vision of a final Utopia. Instead, it takes the first step towards change by waking, inciting, shattering." (Poet, Annie Kantar.).

Drawing significantly on both classic and contemporary research, *Nonverbal Communication* speaks to today 's students with modern examples that illustrate nonverbal communication in their lived experiences. This new edition, authored by three of the foremost scholars in nonverbal communication, builds on the approach pioneered by Burgoon, Buller and Woodall which focused on both the features and the functions that comprise the nonverbal signaling system. Grounded in the latest multidisciplinary research and theory, *Nonverbal Communication* strives to remain very practical, providing both information and application to aid in comprehension.
