Praxis For Test-Takers: Prepare for a Test—ETS Home

Submission of the required institutional and state pass rates is a complex process. To help insitutions comply with Higher Education Act (HEA) Title II reporting rules, ETS offers Title II reporting services. ETS uses a specially tailored database system to track the evolution of testing and passing score requirements for each license in each state, eliminating the possibility of error in the passing rates and helping institutions to ensure accuracy in reporting to their state.

The Praxis II Spanish: World Language exam is designed to test those interested in teaching Spanish to kindergarten students through high school seniors. It tests participants on the knowledge, aptitude, and skills necessary to have a successful career in teaching Spanish.

Praxis II Spanish: World Language (5195) Practice Test

The GACE program helps the GaPSC meet its goal of ensuring that candidates have the knowledge and skills needed to perform the job of an educator in Georgia public schools. The GACE assessments are aligned with state and national standards for educator preparation and with state standards for the P–12 student curriculum (The Common Core Georgia Performance Standards (CCGPS)).

Master the assistive strategies you need to make confident clinical decisions and help improve the quality of life for people with disabilities. Based on the Human Activity Assistive Technology (HAAT) model developed by Al Cook, Sue Hussey and Jan Polgar, Assistive Technologies: Principles & Practice, 5th Edition, provides detailed coverage of the broad range of devices, services, and practices that comprise assistive technology. This new text offers a systematic process for ensuring the effective application of assistive technologies — and focuses on the relationship between the human user and the assisted activity within specific contexts. It features over 30 new photos and illustrations, as well as, updated chapters and case studies that reflect current technology. Human Activity Assistive Technology (HAAT) framework locates assistive technology within common, everyday contexts for more relevant application. Focus on clinical application guides application of concepts to real-world situations. Study questions and chapter summaries in each chapter help assessment of understanding and identification of areas where more study is needed. Coverage of changing AT needs throughout the lifespan emphasizes how AT fits into people’s lives and contributes to their full participation in society. Principles and practice of assistive technology provide the foundation for effective reasoning. Ethical issues content provides vital information to guide AT service delivery. Explicit applications of the HAAT model in each of the chapters on specific technologies and more emphasis on the interactions among the elements make content even easier to understand. New! Thoroughly updated chapters to reflect current technology and practice. New! Expanded discussion on assistive robotics and smart technologies. New! Review of global initiatives on Assistive Technology. New! Updated art program with 30+ new photos and illustrations. New! Updated case studies to reflect changes in technology and practice since last edition.

THE STORY: A portrait of the extraordinary (and ordinary) lives of a whole cross-section of Iraqi women: a sexy painter, a radical communist, doctors, exiles, wives and lovers. This work delves into the many conflicting aspects of what it means to
