Among its many amazing applications, Google now has web-based alternatives to many of the applications in Microsoft Office. This comprehensive and easy-to-follow new book enables you to explore Google's new office applications in detail. Once you do, you'll be in good company -- more than 100,000 small businesses and some corporations are already looking to take advantage of these free Google offerings. Google Apps: The Missing Manual teaches you how to use three relatively new applications from Google: "Docs and Spreadsheets", which provide many of the same core tools that you find in Word and Excel; and Google Calendar and Gmail, the applications that offer an alternative to Outlook. This book demonstrates how these applications together can ease your ability to collaborate with others, and allow you access to your documents, mail and appointments from any computer at any location. Of course, as remarkable as these applications are, Google's office suite is definitely a work-in-progress. Navigating what you can and can't do and -- more importantly -- understanding how to do it isn't always easy. And good luck finding enough help online. Google Apps: The Missing Manual is the one book you need to get the most out of this increasingly useful part of the Google empire. This book: Explains how to create, save and share each of Google's web-based office applications Offers separate sections for Docs and Spreadsheets, Google Calendar, and Gmail Demonstrates how to use these applications in conjunction with one another Gives you crystal-clear and jargon-free explanations that will satisfy users of all technical levels Many of you already use Gmail, but do you know its full potential? Do you know how you can increase its power by using Gmail with Doc and Spreadsheets and Google Calendar? You'll find out with Google Apps: The Missing Manual. You'll also come to understand why large corporations such as General Electric and Proctor & Gamble are taking a long, hard look at these applications.

Do your sentences sag? Could your paragraphs use a pick-me-up? If so, *The Writer's Diet* is for you! It's a short, sharp introduction to great writing that will help you energize your prose and boost your verbal fitness. Helen Sword dispenses with excessive explanations and overwrought analysis. Instead, she offers an easy-to-follow set of writing principles: use active verbs whenever possible; favor concrete language over vague abstractions; avoid long strings of prepositional phrases; employ adjectives and adverbs only when they contribute something new to the meaning of a sentence; and reduce your dependence on four pernicious "waste words": it, this, that, and there. Sword then shows the rules in action through examples from William Shakespeare, Emily Dickinson, Martin Luther King Jr., John McPhee, A. S. Byatt, Richard Dawkins, Alison Gopnik, and many more. A writing fitness test encourages you to assess your own writing and get immediate advice on addressing problem areas. While *The Writer's Diet* is as sleek and concise as the writing ideals contained within, this slim volume packs a powerful punch. With Sword's coaching writers of all levels can strengthen and tone their sentences with the stroke of a pen or the click of a mouse. As with any fitness routine, adhering to the rules requires energy and vigilance. The results, however, will speak for themselves.

Ma> Damn Small Linux (DSL) is a super-efficient platform for everything from custom desktops to professional servers. Now, DSL's creator and lead developer have written the

Download Ebook Free Word Document App

first definitive, practical guide to this remarkable system. The Official Damn Small Linux Book brings together everything you need to put DSL to work in just minutes. Download Ebook Free Word Document App

Pages word processor is a big, rich app with hundreds of features tucked away in nooks and crannies, making Michael E. Cohen's comprehensive book an essential resource for newbies and experts alike. Whether you prefer to dive into the details or get quick help with a particular feature, this book has got you covered. In this massively revised third edition, Michael expands his already extensive guide, detailing all the significant changes Apple has made to Pages since the last version of the book was released, including support for macOS 11 Big Sur and iPadOS 14. Among many other new and updated features, learn about adding drop caps to paragraphs, adding titles and captions to objects, using shared iCloud folders with Pages, and importing iBooks Author projects; and on an iPad, discover how to view two documents at once, use the new reading view, and enter handwritten text. Note: This edition of the book focuses primarily on the Mac and iPad versions of Pages, although it does cover the iPhone/iPod touch and web versions of the app to a limited extent. With Michael's help, you can navigate Pages like a pro. You'll also learn how to:

- Find all the tools you need, whether on a Mac or an iPad
- Do everyday word processing, including working with fonts, tabs, indents, rulers, search and replace, spell checking, and more
- Format longer, more complex documents, with customized headers, footers, page numbers, tables of content, footnotes, and section breaks
- Manage styles, including paragraph styles, character styles, list styles, and object styles
- Create your own templates, complete with master objects
- Master the many multi-touch gestures in iPadOS that give you pinpoint control over page elements
- Include complex tables and charts and make them look exactly the way you want
- Customize layout and manipulate graphics like a pro
- Collaborate with others in real time using iCloud
- Share your documents across devices, using Mac, iPad, iPhone/iPad touch, or almost any web browser

Praised by instructors for its concise, focused approach and user-friendly format, the Illustrated Series engages both computer rookies and hot shots in mastering MICROSOFT WORD 2013 quickly and efficiently. Anyone suffering under the crushing weight of debt knows how impossible it can seem to find a way out. It's overwhelming—and the more complicated the proposed solution, the harder it is to stick with it. That's why The Debt-Free Spending Plan is SIMPLE. It doesn't require sifting through chapters of high-minded financial advice or digging up your past spending history. It assumes you need help RIGHT NOW, and gives it to you. You will learn to:

- Downsize expenses without feeling deprived
- Allocate money as it comes in and put together an easy-to-manage bill-paying plan
- Adjust for inevitable overspending
- Pay off debt without gouging expenses and (believe it or not) start saving

The plan is clear, easy, and takes just five minutes a day—and it doesn't matter if you make \$14,000 or \$14 million. With straightforward daily spending strategies and effortless expense tracking tools, you will soon find yourself on the road to financial freedom—all before the next billing cycle.

Engage both computer rookies and hot shots in mastering Microsoft Office 2013 applications quickly and efficiently with the acclaimed Illustrated Series' newest book: ENHANCED MICROSOFT OFFICE 2013: ILLUSTRATED INTRODUCTORY, FIRST COURSE. Praised by instructors for its concise, focused approach and user-friendly format, the Illustrated Series
