The first book to bring together the many different everyday gestures that are used all over the world. Desmond Morris has travelled to over 60 countries while making field studies of human body language, and made notes of hand gestures and facial expressions. The result is a fascinating reference book of over 600 different gestures from Europe, the Middle East, North & South America and the Far East. The book is arranged alphabetically under the part of the body used with Meaning, Action, Background and Locality and each gesture is illustrated with a line drawing. The World Guide to Gestures complements Desmond Morris's bestsellers Manwatching and Bodywatching.

"A guide to international behavior"--Cover subtitle.
