"Journey Across Time" is an all-new middle school world history program organized chronologically from the first humans and ancient civilizations to the present. Co-authored by National Geographic and Jackson Spielvogel, "Journey Across Times" engaging narrative and outstanding visuals transports students back in time. As co-authors, National Geographic ensures that students understand the influence of geography on historical events. The result is a standards-based program with important geography skills embedded in every lesson. A goal of the program is to address teachers' concerns about students' ability to read and comprehend informational text and to help meet the mandates of No Child Left Behind. These concerns are addressed in "Reading Social Studies" skills embedded in every chapter to improve reading skills and comprehension. Foldables, Main Ideas, Reading Focus, and Reading Checks assist students in becoming independent readers. The engaging time lines, maps, and graphics provide the visual appeal to keep students focused. The Standardized Test Practice, Skills Handbook, Geography Handbook, Reading Handbook, Primary Source and Documents Library prepare students for high-stakes tests. Journey Across Time and Journey Across Time: Early Ages are available in a full volume and also as Course 1 (7000 B.C.-A.D.800) and Course 2 (A.D.500-A.D.1750).

The year is A.D. 781. King Charles of the Franks is crossing the Alps with his family and court on a journey to meet with Pope Hadrian. One frosty night he speaks to his young son Carl: When we come to Rome you will know that I am naming you my heir. One day you will rule over all my lands. . . . But the King already had an heir, Pepin the Hunchback, mockingly called Gobbo. Was he to be dispossessed? Yet Carl sees that Charlemagne is determined to do what he feels is best to serve God and Europe.

When tragedy strikes we want to know: Why did this happen? How could it have happened? Where is life's justice and fairness? When tragedy strikes we need to know: What still makes sense. What paths lead to healing. How to deal with the timeless questions. When Rabbi Richard Agler's twenty-six-year-old daughter Talia was struck and killed by a motor vehicle, his understanding of tragedy falled him. This book is an account of a journey, one he had no choice but to take, leading from unimaginable grief to (at least partial) recovery. In clear and compelling language, with references to both ancient and modern sources of wisdom, Rabbi Agler offers insight for everyone who has, or who one day might, experience painful loss. The Tragedy Test may give you enhanced clarity on some of humanity's most profound questions. It may lead you to reimagine the nature of our universe. It may fundamentally challenge your understanding of the God you thought you knew. It will not leave you unmoved or unchanged.
