can create the culture of an organisation. To be successful a leader, or manager, needs to be aware of the culture within their organisation and to be able to manage their staff work to its strengths. This is the essential handbook for understanding management styles, and is valuable reading for anyone who needs to be aware of how the choices they make on a daily basis can create a more satisfying and productive workplace. The four gods of the title - Zeus, Apollo, Athena and Dionysus - symbolize the different styles of management and culture to be found in organizations. The underlying point is that management is not a precise science, but more of a creative and political process, owing much to the prevailing culture and traditions of the organization. Part

A witty allegory of the four types of organisation: the club culture, ruled over by Zeus; the role culture, whose patron saint is Apollo; the task culture, owing allegiance to Athena; and the existential culture, whose people come under the orbit of Dionysus. This work is for the survivors in a
