The Wounded Healer by Henri Nouwen. May 23, 2017. by JC's Village C.C.M. in Good Reads. Henri Nouwen wrote the first edition to this book 45 years ago in 1972. In my estimation if any of Henri Nouwen's books deserved a five star it is The Wounded Healer. Nouwen knew people and also personal woundedness. This is a classic on the need for people in any caring capacity to be aware of their own brokenness. To miss this essential pillar of the caregiver is to come short of genuine care for other people.

Nobody escapes being wounded. We are all wounded people, whether physically, emotionally, mentally, or spiritually. The main question is not, 'How can we hide our wounds?' so we don't have to be embarrassed, but 'How can we put our woundedness in the service of others?'

Henri Jozef Machiel Nouwen (Nouwen), (1932–1996) was a Dutch-born Catholic priest and writer who authored 40 books on the spiritual life. Nouwen's books are widely read today by Protestants and Catholics alike.

A hope-filled and profoundly simple book that speaks directly to those who want to be of service in their church or community, but have found the traditional ways often threatening and ineffective. In this book, Henri Nouwen combines creative case studies of ministry with stories from diverse cultures and religious traditions in preparing a new model for ministry. Weaving keen cultural analysis with his psychological and religious insights, Nouwen has come up with a balanced and creative theology of service that begins with the realization of fundamental woundedness in human nature. Emphasizing that which is in humanity common to both minister and believer, this woundedness can serve as a source of strength and healing when counseling others. Nouwen proceeds to develop his approach to ministry with an analysis of sufferings—a suffering world, a suffering generation, a suffering person, and a suffering minister. It is his contention that ministers are called to recognize the sufferings of their time in their own hearts and make that recognition the starting point of their service. For Nouwen, ministers must be willing to go beyond their professional role and leave themselves open as fellow human beings with the same wounds and suffering—in the image of Christ. In other words, we heal from our own wounds. Filled with examples from everyday experience, The Wounded Healer is a thoughtful and insightful guide that will be welcomed by anyone engaged in the service of others.

Defines the relevance and effectiveness of contemporary clergymen, and surveys methods for responding to the hedonism, and aimlessness of modern society.

What does it mean to be a healer in the modern world? In this hope-filled book, Nouwen offers a radically fresh interpretation of modern ministry.

Henri Nouwen, a Dutch Roman Catholic priest, was one of the most beloved and important spiritual writers of the twentieth century. Since his death in 1996, his stature has only increased; and his books, including *The Inner Voice of Love*, *The Wounded Healer*, and *The Return of the Prodigal Son*, have become cherished classics. For thousands of readers around the world, Nouwen's influence as a teacher and author is considered equal to, or greater than, that of the century's great spiritual writers, C. S. Lewis and Thomas Merton. Although Nouwen could be radically revealing about his personal thoughts and struggles, there are nonetheless gaps in our understanding of who he was. With *Wounded Prophet*, readers are given the first extensive look into this man who touched so many, not only through his own words but, most powerfully, through the eyes of those around the world who knew Nouwen best. While researching this compelling biography, BBC producer Michael Ford conducted wide-ranging interviews with Nouwen's friends, colleagues, and family members. What he discovered was far more compelling than what he had imagined: Though Nouwen was indeed the generous and loving man many thought he was, he was also never able to find consistent peace in his own life. Tormenting him were profound feelings of anxiety, insecurity, and loneliness. This portrait gives an honest and well-balanced account of Nouwen's life that leaves no stone unturned, investigating his childhood, his family, his sexuality, and his life as a priest and member of the L'Arche Daybreak community in Toronto.

What does it mean to be a healer in the modern world? Henri Nouwen offers a radically fresh interpretation of modern ministry. Here, he inspires devoted men and women who want to be of service in their church or community but have found the traditional ways of ministry alienating and ineffective.

Power has a God-given role in human relationships and institutions, but it can lead to abuse when used in unhealthy ways. Speaking into current #MeToo and #ChurchToo conversations, this book shows that the body of Christ desperately needs to understand the forms power takes, how it is abused, and how to respond to abuses of power. Although many Christians want to prevent abuse in their churches and organizations, they lack a deep and clear-eyed understanding of how power actually works. Internationally recognized psychologist Diane Langberg offers a clinical and theological framework for understanding how power operates, the effects of the abuse of power, and how power can be redeemed and restored to its proper God-given place in relationships and institutions. This book not only helps Christian leaders identify and resist abusive systems but also shows how they can use power to protect the vulnerable in their midst.

Paul, a divorced father, wants to back out of his child care arrangement and spend less time with his children. Nathan has been lying to his wife about a serious medical condition. Marsha, recently separated from her husband, cannot resist telling her children negative things about their father. What is the role of therapy in these situations? Trained to strive for neutrality and to focus strictly on the clients' needs, most therapists generally consider moral issues such as fairness, truthfulness, and obligation beyond their domain. Now, an award-winning psychologist and family therapist criticizes psychotherapy's overemphasis on individual self-interest and calls for a sense of moral responsibility in therapy.

All people are wounded in some way and in some form to some degree. The book seeks to answer the question why some people heal and become healers and assets to the community while other people do not heal becoming wounding of other people and liabilities to the community.
