[Books] Larson Algebra 2 Isbn 9780547647159 Teacher Edition
We also looked at the Course 2 and 3 texts by Holt McDougal and they have the same setup. The only thing was then my daughter wouldn't be able to take Algebra in 8th grade. The Course 2 is for 7th graders and is a good text if your child is average (not lower or excellent). The course 3 is for 8th graders who will take Pre-Algebra as a 9th grader. The same concepts as in both the Course 3 and ...

Communication-based Spanish language text builds on a foundation of grammar and vocabulary. Secondary level.

Part of the market-leading Graphing Approach series by Larson, Hostetler, and Edwards, PRECALCULUS: A GRAPHING APPROACH, 5/e, is an ideal user resource for courses that require the use of a graphing calculator. The quality and quantity of the exercises, combined with interesting applications and innovative resources, make teaching easier and help users succeed. Continuing the series' emphasis on user support, the Fifth Edition introduces Prerequisite Skills Review. For selected examples throughout the book, the Prerequisite Skills Review directs users to previous sections in the text to review concepts and skills needed to master the material at hand. In addition, prerequisite skills review exercises in Eduspace (see below for description) are referenced in every exercise set. The Larson team achieves accessibility through careful writing and design, including examples with detailed solutions that begin and end on the same page, which maximizes the readability of the text. Similarly, side-by-side solutions show algebraic, graphical, and numerical representations of the mathematics and support a variety of learning styles. This Enhanced Edition includes instant access to Enhanced WebAssign®, the most widely-used and reliable homework system. Enhanced WebAssign® presents thousands of problems, links to relevant book sections, video examples, problem-specific tutorials, and more, that help users grasp the concepts needed to succeed in this course. As an added bonus, the Start Smart Guide has been bound into this book. This guide contains instructions to help users learn the basics of WebAssign quickly.

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Packed full of fun and easy recipes and baking know-how for kids and parents to share, Mommy & Me Bake is the perfect introduction to the wonderful world of baking. Divided into cookies, cakes, bread, and pastry, Mommy & Me Bake guides readers through the different types of baking. Simple recipes are shown step-by-step, and key skills are explained on accessible and fun fact pages. Kids and parents will learn to create sweet and savory treats while mastering the basics of baking together.

Ideal for courses that require the use of a graphing calculator, PRECALCULUS: REAL MATHEMATICS. REAL PEOPLE, Alternate Edition, 6th Edition, features quality exercises, interesting applications, and innovative resources to help you succeed. Retaining the book's emphasis on student support, selected examples include notations directing students to previous sections where they can review concepts and skills needed to master the material at hand. The book also achieves accessibility through careful writing and design—including examples with detailed solutions that begin and end on the same page, which maximizes readability. Similarly, side-by-side solutions show algebraic, graphical, and numerical representations of the mathematics and support a variety of learning styles. Reflecting its new subtitle, this significant revision focuses more than ever on showing readers the relevance of mathematics in their lives and future careers.

Following the Pulitzer prize-winning collection Stag ' s Leap, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender “ Ode to the Hymen, ” Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as “ Ode to My Sister, ” “ Ode of Broken Loyalty, ” “ Ode to My Whiteness, ” “ Blow Job Ode, ” and “ Ode to the Last Thirty-Eight Trees in New York City Visible from This Window, ” Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.
