reaching their full learning potential. This book helps kids identify and address issues that hinder them. Along with identifying obstacles and their consequences, each story also offers ideas for students to unlock the treasures learning offers. It helps kids learn how to use their goals, pay attention, ask for help, learn with a team, and many other skills important to learning. With a Master's degree in Education from the University of Illinois and over 20 years' experience as a teacher and professional storyteller, author James Culver's personal and professional experiences with students taught him that many learning obstacles students experience come from within. "When students get past ideas and attitudes that get in the way, they can be the great learners they are naturally and overcome obstacles outside of themselves as well," Culver says. This volume of 10 stories highlights Anansi the Spider and animals from around the world. Students are challenged to answer questions about geography, math and about the animals involved in the stories. "The questions give readers the chance to flex their learning muscles," says Culver.

MOTHERLAND SIERRA LEONE ANANSI STORIES Traditional African stories Sierra Leone ? West Africa Traditional African oral stories, Anansi Stories 'Nansi-stori or Nansi-tori' reflect social values in the African culture that motivate the listeners in their pursuit of a meaningful life. These stories reveal ideas, themes, beliefs, and facts that are widely spread. They link the past, present and future, interpret the universe, resolve natural and physical phenomena, teach morals, maintain cultural values, pass on methods of survival and praise God. The storyteller uses her tactics with the intention that the listeners connect with the story and uses her skills to be linked with the listeners through the story. The storyteller teaches the listeners the African morals, values, beliefs; tells each story with gestures, songs, dances, expressions and impersonations to arouse the listeners. The storyteller repeats words, phrases or sentences which make the story easy to understand and recall from memory. The listeners actively participate as they learn the important aspects of the African culture. These Sierra Leone traditional African oral stories keep the family and the community united, pass on traditions, codes of behavior and maintain social order. These oral stories passed down by the writer's grandparents and parents using their own words were transcribed from her committed to memory version in written format to preserve the traditional African Krio history or African oral tradition, and with the hope that these written stories be appreciated by adults and children throughout the world and perpetuated by future generations.
