his story of fighting in a Recon battalion in Afghanistan and Iraq, beginning with his training at Quantico and following his experiences in the deadliest conflicts since the Vietnam War.

A West Point English professor discusses teaching literature to young men and women preparing for war, describing the changes that have occurred since September 11, what it means to be a civilian teaching at a military academy, and what books and movies m

A tight-knit group closely linked by intermarriage as

Read Book Imperial Grunts On The Ground With

well as class and old school ties, the "Arabists" were men and women who spent much of their lives living and working in the Arab world as diplomats, military attaches, intelligence agents, scholar-adventurers, and teachers. As such, the Arabists exerted considerable influence both as career diplomats and as bureaucrats within the State Department from the early nineteenth century to the present. But over time, as this work shows, the group increasingly lost touch with a rapidly changing American society, growing both more insular and headstrong and showing a marked tendency to

Read Book Imperial Grunts On The Ground With

assert the Arab point of view. Drawing on interviews, memoirs, and other official and private sources, Kaplan reconstructs the 100-year history of the Arabist elite, demonstrating their profound influence on American attitudes toward the Middle East, and tracing their decline as an influx of ethnic and regional specialists has transformed the State Department and challenged the power of the old elite.

The importance of honor is present in the earliest records of civilization. Today, while it may still be an essential concept in

Read Book Imperial Grunts On The Ground With

Islamic cultures, in the West, honor has been disparaged and dismissed as obsolete. In this lively and authoritative book, James Bowman traces the curious and fascinating history of this ideal, from the Middle Ages through the Enlightenment and to the killing fields of World War I and the despair of Vietnam. Bowman reminds us that the fate of honor and the fate of morality and even manners are deeply interrelated.

"As a boy, Robert Kaplan listened to his truck-driver father tell evocative stories about traveling

Read Book Imperial Grunts On The Ground With

across America in his youth, travels in which he learned to understand the country literally from the ground up. In *Earning the Rockies*, Kaplan undertakes his own cross-country journey to recapture an appreciation of American geography often lost in the jet age. Along the way, he witnesses both prosperity and decline--increasingly cosmopolitan cities that thrive on globalization, impoverished towns denuded by the loss of manufacturing--and paints a bracingly clear picture of America today. Kaplan lays bare the roots of American greatness--the fact that we
