International Business (6th Edition) [Wild, John J., Wild, Kenneth L.] on Amazon.com. *FREE* shipping on qualifying offers. International Business (6th Edition)

For introductory International Business courses with the need for a brief, accessible text. International Business 4/e places culture and globalization front and center to motivate and enable students to grasp difficult conceptual material. This approach has made it the fastest growing international business book available today.

Introduces the processes of new venture creation and the critical knowledge needed to manage a business once it is formed. This text offers complete coverage and a practical hands-on approach to entrepreneurship. Supported by supplementary material for the lecturer and student in both a CD-Rom and companion website.

Effective Security Management, 5e, teaches practicing security professionals how to build their careers by mastering the fundamentals of good management. Charles Sennewald brings a time-tested blend of common sense, wisdom, and humor to this bestselling introduction to workplace dynamics. Working with a team of sterling contributors endowed with cutting-edge technological expertise, the book presents the most accurately balanced picture of a security manager's duties. Its Jackass Management cartoons also wittily illustrate the array of pitfalls a new manager must learn to avoid in order to lead effectively. In short, this timely revision of a classic text retains all the strengths that have helped the book endure over the decades and adds the latest resources to support professional development. * Includes a new chapter on the use of statistics as a security management tool * Contains complete updates to every chapter while retaining the outstanding organization of the previous editions * Recommended reading for The American Society for Industrial Security's (ASIS) Certified Protection Professional (CPP) exam

The seventh edition of the bestselling NOLS Wilderness Medicine includes all the key first-aid information that made previous editions so valuable, now updated throughout with the latest medical recommendations. This guide is used in NOLS and WMI courses to train outdoor leaders to prevent, recognize, and treat common medical problems and to stabilize severely ill or injured patients for evacuation. A vital resource for outdoor enthusiasts, this book covers fundamental topics in first aid from the unique perspective of the National Outdoor Leadership School. First-aid topics include patient assessments, shock, soft tissue injury, burns, fractures and dislocations, and chest, head, and abdominal injury. Learn how to handle common environmental problems—heat, cold, water, altitude, and poisonous plants and animals. Vital material is presented in an easy-to-use reference format to save valuable time in an emergency.

This is a brand new edition of the leading reference work on histological techniques. It is an essential and invaluable resource suited to all those involved with histological preparations and applications, from the student to the highly experienced laboratory professional. This is a one stop reference book that the trainee histotechnologist can purchase at the beginning of his career and which will remain valuable to him as he increasingly gains experience in daily practice. Thoroughly revised and up-dated edition of the standard reference work in histotechnology that successfully integrates both theory and practice. Provides a single comprehensive resource on the tried and tested investigative techniques as well as coverage of the latest technical developments. Over 30 international expert contributors all of whom are involved in teaching, research and practice. Provides authoritative guidance on principles and practice of fixation and staining. Extensive use of summary tables, charts and boxes. Information is well set out and easy to retrieve. Six useful appendices included (SI units, solution preparation, specimen mounting, solubility). Provides practical information on measurements, preparation solutions that are used in daily laboratory practice. Color photomicrographs used extensively throughout. Better replicates the actual appearance of the specimen under the microscope. Brand new co-editors. New material on immunohistochemical and molecular diagnostic techniques. Enables user to keep abreast of latest advances in the field.

Based on the premise that literature liberates thinking, and argument disciplines it. This anthology features a critical thinking, analytical approach that readers in turn will apply to their own thought and writing processes. It introduces and explains the tools of argument, and presents reading selections centered on four enduring themes-- Individuality and Community, Nature and Place, Family and Identity, and Power and Responsibility. For those interested in literature, composition, and argumentative writing.

For introductory International Business courses with the need for a brief, accessible text. This Global Edition has been edited to include enhancements making it more relevant to students outside the United States A readable, concise, and innovative tour through the discipline, International Business: The Challenges of Globalization presents the subject matter in a comprehensive - yet succinct - framework. Real-world examples and engaging features bring concepts to life and make international business accessible to all students.
