Law 101 by Jay M. Feinman | Audiobook | Audible.com
Law 101: Everything You Need to Know About American Law, Fourth Edition (4th ed.) by Jay Feinman. In each of the first three editions of the bestselling Law 101, Jay Feinman gave readers an upbeat and vivid examination of the American legal system.

In each of the first three editions of the bestselling Law 101, Jay Feinman gave readers an upbeat and vivid examination of the American legal system. Since the third edition was published in 2010, much has happened: several key Supreme Court cases have been decided, we've seen sensational criminal trials, and the legal system has had to account for the latest developments in Internet law. This fully updated fourth edition of Law 101 accounts for all this and more, as Feinman once again provides a clear introduction to American law. The book covers all the main subjects taught in the first year of law school, and discusses every facet of the American legal tradition, including constitutional law, the litigation process, and criminal, property, and contracts law. To accomplish this, Feinman brings in the most noteworthy, infamous, and often outrageous examples and cases. We learn about the case involving scalding coffee that cost McDonald's half a million dollars, the murder trial in Victorian London that gave us the legal definition of insanity, and the epochal decision of Marbury vs. Madison that gave the Supreme Court the power to declare state and federal law unconstitutional. A key to learning about the law is learning legal vocabulary, and Feinman helps by clarifying terms like "due process" and "equal protection," as well as by drawing distinctions between terms like "murder" and "manslaughter." Above all, though, is that Feinman reveals to readers of all kinds that despite its complexities and quirks, the law is can be understood by everyone. Perfect for students contemplating law school, journalists covering legislature, or even casual fans of "court-television" shows, Law 101 is a clear and accessible introduction to the American legal system. New to this edition: Featured analysis of: -the Obamacare case -Citizens United -the DOMA decision -the Trayvon Martin case As well as recent legal developments pertaining to: -online contracting -mortgages -police investigations -criminal sentencing

In this fifth edition of his bestselling classic, Jay Feinman provides an authoritative and up-to-date overview of the American legal system. In the years since the publication of the fourth edition, there have been many important developments on the legal front. The Supreme Court has issued important decisions on presidential powers, freedom of religion, and personal liberty. Police shootings and the rise of Black Lives Matter has impacted the court system too. The rise of arbitration at the expense of jury trials has affected the rights of consumers, and Internet law remains in a state of constant change. This fully updated fifth edition of Law 101 accounts for all these developments and more, as Feinman once again provides a clear introduction to American law. The book covers all the main subjects taught in the first year of law school, and discusses every facet of the American legal tradition, including constitutional law, the litigation process, and criminal, property, and contracts law. To illustrate how the legal system works, Feinman draws from noteworthy, infamous, and even outrageous examples and cases. We learn about the case involving scalding coffee that cost McDonald's half a million dollars, the murder trial in Victorian London that gave us the legal definition of insanity, and the epochal decision of Marbury vs. Madison that gave the Supreme Court the power to declare state and federal law unconstitutional. A key to learning about the law is understanding legal vocabulary, and Feinman helps by clarifying terms like "due process" and "equal protection," as well as by drawing distinctions between terms like "murder" and "manslaughter." Above all, Feinman reveals to readers of all kinds that despite its complexities and quirks, the law can be understood by everyone. Perfect for students contemplating law school, journalists covering legislature, or even casual fans of "court-television" shows, Law 101 is a clear and accessible introduction to the American legal system.

"In this fifth edition of his bestselling classic, Jay Feinman provides an authoritative and up-to-date overview of the American legal system. The book covers all the main subjects taught in the first year of law school, and discusses every facet of the American legal tradition, including constitutional law, the litigation process, and criminal, property, and contracts law. Above all, Feinman reveals to readers of all kinds that despite its complexities and quirks, the law can be understood by everyone"--

"[A] fully updated survey of American law that incorporates fresh materials on recent Supreme Court cases, the latest developments in Internet law, and sensational criminal trials"--Flap page 1 of dust jacket.

A solid reference for both the everyday and the unexpected legal issues, written by practicing attorneys Law 101 is an essential reference that explains: How laws are made How the court system works How each area of the law impacts your daily life Key information for important questions: How does a lawsuit begin? How do civil and criminal law differ? When do state laws trump federal laws? What makes a contract solid? What can you expect if called as a juror? What can you expect if called as a witness? And other complex areas of the law that you need to know. No home reference shelf is complete without this indispensable guide. The new edition also includes information on legal subjects that have become more important recently, including alternative dispute resolution, privacy rights, and Internet law.

A helpful legal reference provides definitions, etymologies, and sample sentences for a wide variety of legal terms and phrases, along with information on such topics as living wills, inheritance, legal ethics, power of attorney, and contracts. Reprint.

A definitive overview of the American legal system offers an up-to-date introduction to constitutional law, litigation, tort law, contract law, property law, and criminal law and includes all new case studies and material on such controversial topics as presidential war powers, intellectual property, and eminent domain.

Completely revised and updated, So You Want to Be a Lawyer takes you through the process of becoming a lawyer, examining each phase in a helpful and easy-to-understand narrative. Find out what practicing law is like before you step into your first law school class. Practice solving legal problems as law students would in law school and lawyers might in an actual courtroom. Find out how to get into law school. And there 's much more: • Advice on how to select a law school, along with names and addresses of American Bar Association (ABA)-approved law schools • An explanation of the law school admissions process, and ways to improve your chances for getting in • Practical exercises and advice that will give you a head start over other first-year law students • Information about career opportunities as a lawyer Written by three experienced lawyers, this book will help you understand the types of problems facing law students and lawyers on a daily basis. Not only will it prepare you for law school, but it will also become your trusted guide on the path to becoming a successful lawyer.

An expose of insurance injustice and a plan for consumers and lawmakers to fight it Over the last two decades, insurance has become less of a safety net and more of a spider's web: sticky and complicated, designed to ensnare as much as to aid. Insurance companies now often try to delay payment of justified claims, deny payment altogether, and defend these actions by forcing claimants to enter litigation. Jay M. Feinman, a legal scholar and insurance expert, explains how these trends developed, how the government ought to fix the system, and what the rest of us can do to protect ourselves. He shows that the denial of valid claims is not occasional or accidental or the fault of a few bad employees. It's the result of an increasing and systematic focus on maximizing profits by major companies such as Allstate and State Farm. Citing dozens of stories of victims who were unfairly denied payment, Feinman explains how people can be more cautious when shopping for policies and what to do when pursuing a disputed claim. He also lays out a plan for the legal reforms needed to prevent future abuses. This exposé will help drive the discussion of this increasingly hot-button issue.
