It hints at the existence of an extraordinary artifact that—if he can find it—would redefine history. Traveling in one of Europe ’ s earliest automobiles, he sets out in search of this strange treasure. Thirty-five years later, a Portuguese pathologist devoted to the murder mysteries of Agatha Christie finds himself at the center of a mystery of his own and drawn into the consequences of Tomás ’ s quest. Fifty years on, a Canadian senator takes refuge in his ancestral village in northern Portugal, grieving the loss of his beloved wife. But he arrives with an unusual companion: a chimpanzee. The one-sided correspondence (Mr. Harper ’ s office has only replied once) becomes a meditation on reading and writing and the necessity to allow ourselves to expand stillness in our lives, even if we ’ re not head of government.
