~~The nearly forgotten story of the American Plan, a government program to regulate women's bodies and sexuality—and how they fought back—told through the lens of one of its survivors "A consistently surprising page-turner . . . a brilliant study of the way social anxieties have historically congealed in state control over women's bodies and behavior."—New York Times Book Review Nina McCall was one of many women unfairly imprisoned by the United States government throughout the twentieth century. Tens, probably hundreds, of thousands of women and girls were locked up—usually without due process—simply because officials suspected these women were prostitutes, carrying STIs, or just "promiscuous." This discriminatory program, dubbed the "American Plan," lasted from the 1910s into the 1950s, implicating a number of luminaries, including Eleanor Roosevelt, John D. Rockefeller Jr., Earl Warren, and even Eliot Ness, while laying the foundation for the modern system of women's prisons. In some places, vestiges of the Plan lingered into the 1960s and 1970s, and the laws that undergirded it remain on the books to this day. Nina McCall's story provides crucial insight into the lives of countless other women incarcerated under the American Plan. Stern demonstrates the pain and shame felt by these women and details the multitude of mortifications they endured, both during and after their internment. Yet thousands of incarcerated women rioted, fought back against their oppressors, or burned their detention facilities to the ground; they jumped out of windows or leapt from moving trains or scaled barbed-wire fences in order to escape. And, as Nina McCall did, they sued their captors. In an age of renewed activism surrounding harassment, health care, prisons, women's rights, and the power of the state, this virtually lost chapter of our history is vital reading.~~

~~Show the incarcerated how to find forgiveness in unforgiving surroundings As the prison population in the United States increases by more than 1,000 inmates each week, prison ministry programs must have a working blueprint for dealing with the shame, humiliation, hate, and loneliness of incarceration at both the adult correctional and juvenile detention/probation levels. Prison Ministry: Hope Behind the Wall demonstrates how a ministry can adapt Latin American Liberation theology to address oppression and bring prisoners into the community of Christ. Author Dennis Pierce, former chaplain at the Joliet Correctional Center in Illinois (where the Fox Network's 2005 "Prison Break" series is filmed), presents a functioning approach to forgiveness and reconciliation, combining pastoral counseling, Christian education, Bible studies, and worship to help inmates develop self-esteem and an overall feeling of self-worth through compassion and empathy. Prison Ministry: Hope Behind the Wall provides an alternative resource on our prison system for chaplains, pastors, priests, and students working in theology, ethics, or counseling. Instead of the usual descriptive narratives of inmates' lives or discussions of statistical approaches, this unique book combines a theological model with a viable programmatic approach to confront the oppression of incarceration and reverse its effects. The book looks at the vital issues facing juveniles in the criminal justice system (the transition from county jail to a correctional facility, victimization, rejection, under-stimulation, homosexual rape) and examines the creation of non-threatening niches to address coping structures needed to move toward forgiveness and reconciliation. Prison Ministry: Hope Behind the Wall examines: meeting the incarcerated defining prison's emotional ethos dealing with human breakdowns oppression in maximum-security prison components of empowerment needed for prison ministry Prison Ministry: Hope Behind the Wall also includes case studies of four inmates, an extensive bibliography, a glossary of prison terms, sample Bible studies, and sermon topics. The book is invaluable for anyone dealing with incarcerated youth and young adults in civilian or military correctional or juvenile detention facilities.~~

~~William Walsh and Gennaro Vito have adapted the strategic management process to the police organizational world in this innovative new text, Police Leadership and Administration: A 21st-Century Approach. Focusing principally on the police executive, this book covers pioneering management techniques for leaders facing the challenges of today's complex environment, providing the police practitioner instruction in planning, setting direction, developing strategy, assessing internal and external environments, creating learning organizations, and managing and evaluating the change process. It also tackles how to handle the political, economic, social, and technical considerations that differ from one community to the next. Police Leadership and Administration trains individuals to search for solutions, rather than relying on old formulas and scientific management principles. It shows how to tailor responses to the unique problems and issues that professionals are likely to face in the field of law enforcement, providing a foundation with which to adapt to an ever-changing criminal justice climate. This book is essential for forward-thinking police leadership courses in colleges and professional training programs.~~
