MOPS 2017-2018 Theme: Free Indeed. Every year MOPS comes up with a rallying cry - a concept that will guide our entire tribe of women for the coming year. This year, we're digging deeper into the idea of being truly free. We wanted to share an exegesis (a fancy word meaning in-depth explanation) and the Bible verses that inform this year's theme. So here it is, all the insider information on what is guiding our MOPS year.

spoof of Ice Ice Baby, discussing themes of motherhood and mention of MOPS theme for next year (2017-2018)

Invoking the creative practices of music, dance, theater, poetry and painting, spoken word poet Amena Brown explores the nature of rhythm and what it takes to push through obstacles to spiritual growth. Read this book and be reminded of the love that carries us beyond worn out rhythms into the ever-new life of the Spirit.

? Conflicts among Hollywood studios and exhibitors have been going on for years. At their heart are questions about how films should be released--where, when and at what speed. Both sides of this disagreement are losers, with exhibitors using the law via various Consent Decrees and studios retaliating by tightly controlling output. In the Silent Era, movies were not released nearly as widely as they are now. This book tells the story of how the few became the many. It explores the contraction of the release cycle, the maximization of the marketing dollar, and the democratization of consumer access. It also offers a comprehensive list of wide releases and rebuts much of what previous scholars have found.

In today's connected world, promotion is fundamental to everything we do to drive business. This is a new edition of an established book, updated with the latest research on the shopper/buyer and how to reach their 'tipping point' when the decision to buy is made, now covering mobile, online and bricks-and-mortar sales and marketing. This book clarifies why a focus on the customer is key, and how to communicate with them from even before they discover a want or need, to the point of purchase and after. The author of this important book explains how and when to use suppliers (agencies, printers, insurers, etc.) for promotions of all types, including advertising (outdoor, on websites and in print), experiential marketing (road and trade shows, exhibitions, merchandising) and sales promotions (in-store/web and mobile promotion offers). Processes describe and explain how to implement promotional marketing to achieve business objectives. Promotional Marketing is a practitioner guide to sales and marketing for agencies, entrepreneurs and small businesses and those seeking a career in retail. It is packed with real-life and award-winning case studies and practical briefs (NatWest, Diageo, Sainsbury's, Shell and Radisson, for example) as a starter for when the client needs a creative answer yesterday! It is also tuned to those studying, providing a chapter on how marketing and sales fit into business.

This timely publication describes the botanical sources and chemical features of antiviral compounds. It covers their mechanisms of action and evaluates their therapeutic potential. Included is a discussion of synthetic analogues where appropriate. The book states that antiviral compounds in so-called medicinal plants may constitute some of their "active ingredients." It explains that many are photosensitizers, their antiviral activity dependent upon or augmented by light of specific wavelengths. This book is of value to microbiologists, phytochemists, virologists, natural-product chemists, ethnobotanists, pharmacologists, medical and veterinary researchers, and others interested in the application of plant compounds to therapy of infectious diseases.

If only life could be like surfing! Having "funny" hair and being embarrassed in school is hard, but when little surfer Mop studies the lessons of the waves--breathing, letting the bad waves go by, and riding the good ones--he learns how to bring the mindfulness and joy of surfing into his whole life. Celebrated San Francisco surfer-journalist-dad Jaimal Yogis teaches 4-8 year olds timeless beach wisdom with the story of Mop, a sensitive and fun-loving kid who just wants to be in the ocean. Going to school and navigating classmates can be hard--but all that goes away when little surfer Mop paddles out in the waves. With a few tips from his clever mom, Mop studies the wisdom of the water and learns to bring it into his life on land: taking deep breaths, letting the tough waves pass, and riding the good ones all the way. With newfound awareness and courage, Mop heads back to land--and school--to surf the waves of life. With stylish full-color beachy illustrations from cover to cover.
