Completely portable, this pocket-sized collection of full-color, spiral-bound cards uses humor, cartoons, and mnemonics to help you understand and retain important information about fluids and electrolytes. This fun, colorful, and insightful approach makes these cards a valuable learning and review tool throughout nursing school, as well as a great resource for preparing for the NCLEX® examination. UNIQUE! 64 full-color, cartoon mnemonics cover key fluids and electrolytes and acid-base concepts. UNIQUE! Colored highlights draw attention to four central topics: Serious Life Threatening Implications in pink; Common Clinical Findings in blue; Important Nursing Implications in yellow; and Patient Teaching information in green. Concise What You Need to Know information on the back of each image highlights key information and specific nursing implications. Spiral-bound pages made of thick, substantial card stock are durable and portable. Color-coded thumb tabs feature a different color for each section for easy referral. 15 new cartoons help you master the latest information on fluids and electrolytes. New topics include: Homeostasis: A Question of Balance and The Body's Water: Keeping It Where You Need It.

Memorize the pharmacology facts you need to know in a flash! Featuring more than 100 colorful 4 x 6 note cards, Mosby's Pharmacology Memory NoteCards: Visual, Mnemonic, & Memory Aids for Nurses, 6th Edition uses illustrations and humor to make studying easier and more fun. This unique pharmacology review may be used as either a spiral-bound notebook or as individual flashcards, so it's perfect for studying while on the go. Created by nursing educators JoAnn Zerwekh and Ashley Garneau, these durable note cards will help you prepare for class, clinicals, or the NCLEX® examination. There's no other study tool like it! UNIQUE! Color-highlighted monographs emphasize important nursing implications, frequent side effects, serious or life-threatening implications, and patient teaching, making it easier to identify nursing priorities on common medications. UNIQUE! Mnemonics and other proven memory aids help you grasp and remember even the most complex concepts. UNIQUE! More than 100 colorful cartoons offer humorous and memorable presentations of key drugs, and are ideal for visual learners. What You Need to Know sections on each card cover the most essential information in a quick and easy-to-review format. Thick pages and a spiral-bound format create a portable tool that is durable enough for use in the clinical environment. Colored thumb tabs at the bottom of the page allow you to find topics quickly. NEW! 8 brand-new cards are added on these topics: Pre-Exposure Prophylaxis (PrEP), Azoles, Mupirocin, Cyanocobalamin, Gabapentin, Corticosteroids, Clobetasol, and Folic Acid. NEW! Updated content is thoroughly reviewed and included throughout the cards.
