To give you an extreme example, imagine an entire page with only a single word in the middle: "Desire." That forces all the attention on that one word and the possible connotations. That might be extreme, but the concept of using more white space and making your newspaper look less crowded is valid. Put more space between images and text.

(former) newspaper reporters -- was named after one of the fiercest journalists who ever lived. When she moves to sleepy Bear Creek, Maine, rumors of vandalism and attacks at the only park in town are keeping her saddled to the house. Some townspeople say the attacks are gang recruitments. Others blame a vagrant spotted on the hiking trails around town. But when Nellie thinks like a reporter, none of those explanations make sense. Something is happening at the park, but what? All of the fake online news and rumors are clouding the truth. Nellie wants to break the story -- and break free from the front yard -- but she can't do it alone. She needs a whole club if she's going to start the Cub Report, the town's first independent newspaper. Creating a newspaper from scratch is going to be tough; but for Nellie,

Drawing on his thirty years in newspapers, the former editor-in-chief of The Globe and Mail examines the crisis of serious journalism in the digital era, and searches for ways the invaluable tradition can thrive in a radically changed future. John Stackhouse entered the newspaper business in a golden age: 1980s circulations were huge and wealthy companies lined up for the privilege of advertising in every city's best-

read pages. Television and radio could never rival newspapers for hard news, analysis and opinion, and the papers' brand of serious journalism was considered a crucial part of life in a democratic country. Then came the Internet... After decades as a Globe journalist, foreign bureau chief and then editor of its Report on Business (not to mention former Scarborough delivery boy), he assumed one of the biggest jobs in Canadian journalism: The Globe and Mail's editor-in-chief. Beginning in 2009, he faced the unthinkable: the possible end of not just Canada's "national" newspaper, but the steep and steady financial decline of newspapers everywhere. A non-stop torrent of free digital content stole advertisers and devalued advertising space so quickly that newspapers struggled to finance the serious journalism that

distinguished them in a world of BuzzFeed, Huffington Post, Yahoo and innumerable bloggers and citizen journalists. Meanwhile, ambitious online media aspired to the credibility of newspapers. The solution was clear, if the path to arriving at it was less so: the new school needed to meet the old school, and the future lay in undiscovered ground between them. Having led the Globe during this period of sudden and radical change, Stackhouse continues to champion the vital role of great reporting and analysis. Filled with stories from his three decades in the business, Mass Disruption tracks decisions good and bad, examines how some of the world's major newspapers--the Guardian, New York Times--are learning to cope, and lays out strategies for the future, of both newspapers and serious journalism, wherever it may
