Expanded and revised edition of the first book devoted solely to black fraternity hazing. Are black men naturally violent? Do they define manhood in the same way as their counterparts across lines of race? Are black Greek-letter fraternities among the most dangerous student organizations on American college and university campuses? Can their often-dangerous initiation processes be stopped or even modified and, if not, what should be done about them? In this second edition of *Black Haze*, Ricky L. Jones takes on these questions and more. The first edition was an enlightening and sometimes disturbing examination of American men's quest for acceptance, comfort, reaffirmation, and manhood in a world where their footing is often unstable. In this new edition Jones not only provides masterful philosophical and ethical analyses but he also forces the engagement of a terrifying real world process that

Read PDF Omega Psi Phi Ritual Book

damages and kills students with all too frequent regularity. With a revealing new preface and stunning afterword, Jones immerses the reader in an intriguing and dark world marked by hypermasculinity, unapologetic brutality, and sometimes death. He offers a compelling book that ranges well beyond the subject of hazing—one that yields perplexing questions and demands difficult choices as we move forward in addressing issues surrounding fraternities, violent hazing, black men, and American society. “Black Haze is a landmark study on hazing culture within black Greek-letter organizations. With an insider’s eye and scholar’s touch, Jones masterfully captures the emic contours, complexities, and contradictions of black fraternity hazing as ritual act and cultural practice. This text is at once rigorous and accessible, theoretical and practical, classic and urgent. Anyone interested in understanding hazing, masculinity, BGLOs, or black cultural practice must read this book!” — Marc Lamont Hill, coauthor of *The Classroom and the Cell: Conversations on Black Life in America* “Black Haze is a compelling survey of black Greek-letter organizations, their history, purpose, and their most damning traditions. This is an examination of how the virtues of brotherhood and civic service coexist with brutal violence and cruelty within some of the oldest organizations in black America. Professor Jones has produced a vital contribution about a crucial and enduring problem.” — William Jelani Cobb, author of *The Substance of Hope: Barack Obama and the Paradox of Progress* “Ricky Jones’s *Black Haze* is an important study of black male identity development. By examining black men’s relationship with fraternities, he uncovers larger and brilliantly penetrating insights into issues of masculinity and political identity among African American males in the post-civil rights era.” — Peniel E. Joseph, author of *Waiting ’Til the Midnight Hour: A Narrative History of Black Power in America* “*Black Haze* is a riveting coup de grâce against ritualized violence in black fraternities. The second edition of *Black Haze* is the most penetrating, illuminating, and articulate sociopolitical and cultural

Read PDF Omega Psi Phi Ritual Book

analysis of the chilling legacy of violence in black Greek-letter fraternities. As one of the world's leading authorities on black masculinity and organizations, Ricky Jones intelligently confronts traditional verities, social norms, and myths that seek to justify and continue ritualized violence in black fraternities through the courageous prism of a reformed insider dedicated to the preservation of black dignity and life.” — Jeremy I. Levitt, author of *Black Women and International Law: Deliberate Interactions, Movements and Actions Praise for the First Edition* “ provides valuable insights into the reasoning behind hazing, a practice that extends into the realms of sports and even high school, and is relevant for not only fraternity members and officials, but the general public as well.” — The Griot “ an important contribution because of the skillful manner in which Jones incorporates and critically analyzes relevant literature and other related scholarly writings Jones, himself a member of Kappa Alpha Psi, offers personal observations as well as first-hand views and perceptions of hazing.” — Journal of College Student Development

Omega Psi Phi Unauthorized History Quiz and Test Book based on historical and traditional facts.

The rich history and social significance of the “Divine Nine” African American Greek-letter organizations is explored in this comprehensive anthology. In the long tradition of African American benevolent and secret societies, intercollegiate African American fraternities and sororities have strong traditions of fostering brotherhood and sisterhood among their members, exerting considerable influence in the African American community and being in the forefront of civic action, community service, and

Read PDF Omega Psi Phi Ritual Book

philanthropy. Dr. Martin Luther King, Jr., Toni Morrison, Arthur Ashe, and Sarah Vaughn are just a few of the trailblazing members of these organizations. African American Fraternities and Sororities places the history of these organizations in context, linking them to other movements and organizations that predated them and tying their history to the Civil Rights movement. It explores various cultural aspects of the organizations, such as auxiliary groups, branding, calls, and stepping, and highlights the unique role of African American sororities.

The author highlights the worst aspects of college life, focusing on hazing and binge drinking and the tragedies that have resulted, and challenging the college administrators who continue to allow it to go on. Reprint.
