He's my best friend's older brother, off limits and incredibly tempting. I shouldn't peek into Brendon's sketchbook, even if the tattoo artist is as brooding and stoic as the day is long. I can't help myself. I peel it open, run my fingers along the paper, soak up every ounce of him. His drawings are as beautiful and bold as his dark eyes and his cocky smile. Only, there, on the third page—that's no tattoo mockup. That's me. Naked. Ready. Waiting in his bed. There's no denying it—those are my blue glasses, my green eyes, my flushed cheeks. Brendon wants me. The smoking hot, ten thousand miles out of my league bad boy wants me— a good girl virgin with thick glasses and no game. It's perfect. Only it's not. He's my best friend's older brother. He's off limits. But damn is he tempting.

It's all fun and games in Vegas until you accidentally marry your best friend. Last night, I married Jules. That's right, I married the girl who thought I had cooties in fourth grade. Yeah, we drank a few too many shots of tequila. We danced a little too close. But nothing prepared me for the taste of her lips. All of a sudden, we were in a borrowed limo (don't ask), ripping each other's clothes off, whispering dirty promises. Then I was on one knee, asking her to make

it forever. And she was saying yes. This morning, everything changed. She wants to erase our night. Go back to normal. Only there's no more normal. I'm acutely aware of her long legs, her soft curves, her sweet moan. Mistakes be damned. She's my wife. I'm not about to let her go. Accidental Husband is a standalone accidental marriage romance full of heat, humor, and heart. Come see why readers say "no one writes broken bad boys like Crystal Kaswell."

I've wanted Mitch since the day we met. But the broody ex-Marine was the one man I could never have. I'm not a girl who believes in fairytales. I'm no princess, and there's never going to be a handsome prince coming to my rescue. I don't deserve it—not after all the hurt I caused. So I tried to stay away, ran whenever he got too close. It wasn't enough. Mitch wouldn't take no for an answer. He chased me until I gave in. Made me let go, break all my rules, and drop my defenses. He made me feel things I'd never felt before. Our love was all consuming. Our lives forever changed. Are we finally ready to give up our hearts? Or will the wounds from our pasts continue to tear us apart?

Tattoo artist Jamie Winston is used to caring for others. Between her assistant manager position at a tattoo parlor, single-parenting her twelve-year-old daughter and supporting her alcoholic parents, Jamie rarely prioritizes her own needs—unless Sierra Clark is in her chair. The bubbly younger woman somehow manages to make Jamie feel like the carefree teenager she never got to be, making anything seem possible. For Sierra, time with Jamie is a much-needed

escape. She takes her work as a social worker seriously, but with budget cuts threatening her job, there's a lot riding on the fund-raiser she's planning with Jamie. The fact that it means working closely with the sexy older tattooist is a bonus—a deliciously tempting bonus. Sierra isn't one for relationships, but she's never felt such a strong desire to mix business with pleasure. Sizzling chemistry quickly erodes Jamie's fears of being too old for Sierra, but navigating a romance with someone who's at such a different stage in life is no easy task. They've each come to rely on themselves more than anyone else, but having a future together will mean letting their guards down and accepting each other as a safe place to fall. This book is approximately 85,000 words One-click with confidence. This title is part of the Carina Press Romance Promise: all the romance you're looking for with an HEA/HFN. It's a promise!

Olivia Lincoln has a plan guaranteed to get her life back on track. A plan that involves her best friend, Danny. And he's on board, too...until she blurts out that they're engaged and expecting a baby, and the news spreads like wildfire. The problem? Danny doesn't do marriage. Or family. And everyone knows it, including Olivia. As irritated as he might be, protecting Olivia is what Danny does. But put best friends under one roof, add house rules begging to be broken, accidental nakedness, and pancakes in bed, and what started as a marriage between friends threatens to turn into the real deal...which would ruin everything. Each book in the Kissed in the Sand series
