~~'A fresh, funny new voice. Ella Griffin can make you laugh and then cry in the turn of a page' MARIAN KEYES Life is looking up for Saffy. She has a great job, a gorgeous flat in the most desirable part of Dublin and - after six years - it looks like her boyfriend, Greg, is going to propose. Greg (just voted the 9th most eligible man in Ireland) is on a high, too - he's about to swap his part as a heart-throb in an Irish soap for a break in Hollywood. His best mate Conor wakes up every morning with Jess, the most beautiful woman on the planet but, even after seven years and two kids, she won't marry him. He spends his days teaching teenagers and his nights writing the book he hopes will change everything, including Jess's mind. But their happy endings are playing hard to get. It seems everyone's keeping secrets - one night stands, heartbreak, grief and loss are all in the mix. It's going to take some tough questions and even tougher answers before anyone's being honest - even with themselves.~~

~~** THE NEW YORK TIMES-BESTSELLING CULT CLASSIC NOVEL ** ** In a new edition introduced by Stephen Fry ** ' I don ' t think you can even call this a drug. This is just a response to the conditions we live in. ' Suzanne Vale, formerly acclaimed actress, is in rehab, feeling like ' something on the bottom of someone ' s shoe, and not even someone interesting ' . Immersed in the sometimes harrowing, often hilarious goings-on of the drug hospital and wondering how she ' ll cope – and find work – back on the outside, she meets new patient Alex. Ambitious, good-looking in a Heathcliffish way and in the grip of a monumental addiction, he makes Suzanne realize that, however eccentric her life might seem, there ' s always someone who ' s even closer to the edge of reason. Carrie Fisher ' s bestselling debut novel is an uproarious commentary on Hollywood – the home of success, sex and insecurity – and has become a beloved cult classic. ' This novel, with its energy, bounce and generous delivery of a loud laugh on almost every page, stands as a declaration of war on two fronts: on normal and on unhappy ' STEPHEN FRY ' A single woman ' s answer to Nora Ephron ' s Heartburn . . . the smart successor to Joan Didion ' s Play It as It Lays ' Los Angeles Times ' A cult classic . . . A wonderfully funny, brash and biting novel ' Washington Post 'A wickedly shrewd black-humor riff on the horrors of rehab and the hollows of Hollywood life' People 'Searingly funny' Vogue~~

~~Drawing together a delightful cast of characters, Ella Griffin brings her warmth, wit and wisdom to this captivating tale of the connections that bring us all together. Every bouquet tells a story. And every story begins at Blossom & Grow, a tiny flower shop in the heart of Dublin... Among the buckets of fragrant blooms, beneath the flickering candles and lanterns, Lara works her magic, translating feelings into flower arrangements that change hearts and lives. She is no stranger to the power of flowers herself. They gave her hope when she was a child who lost a mother, and, again when she was a mother who lost a child. But old wounds take time to heal, and life has more heartbreak in store. What will it take for the woman who can unlock everybody else ' s emotions to open up her own heart? READERS GUIDE INSIDE~~

~~In Ireland, Claire Dillon lives in the shadow of the past - until she gives herself one year to change her future... At thirty-three, Claire's mother had everything to live for. But she died in a tragic accident. And it was her daughter's fault. Now Claire is the same age. A floundering actress with a broken heart. Her life is going nowhere in the company of her gorgeous best friend, ex-rock star, Ray Devine. Her estranged brother, Nick, is back from America with his perfect wife. But Dublin is full of dark memories and he is already planning his escape. What will happen when another accident throws brother and sister together and a lifetime of secrets come to light?~~

~~"Nearly all of us either have had or have heard of an experience in which a soul already departed reaches back to us who have been left behind.... Sometimes, it's no more than a whisper, a familiar smell in the air, or just the feeling of presence as vivid as when the loved one was still alive. These moments are just that...moments, a glimpse behind the veil, not a letter from heaven, but a postcard." (Dan Gordon, Postcards from Heaven) A postcard from heaven is not a revelation from on high -- rather, it's "a whisper, a familiar smell in the air, or just the feeling of presence" of someone who's passed away. It is just enough of a message to imply that what we call life is not ended by what we call death. Dan Gordon has been receiving these postcards all his life -- from his father, his older brother, and his son Zaki, who was killed in a car accident when he was only twenty-two. Postcards from Heaven is the beautiful, inspirational memoir of four generations of a remarkable family and how they remain interconnected, a part of one another's stories, even after passing to the other side. Here is the span of his father's long life, moving and funny, from the Russian Revolution to his improbable Depression-era courtship of a woman named Goddess -- Gordon's mother -- to his spiritual later years in Israel; his incorrigible older brother's mischievous magic, able to find humor even in cancer treatment; and his brilliant son, a natural storyteller who looked destined to follow his father into the movie business. These are the stories of their lives on earth as well as after death. Full of humor, compassion, and love, Postcards from Heaven comforts and assures us that those we loved can reach back to those of us still on earth -- and, if only we are attentive enough to listen, we can hear them say, Got here safe. It's really beautiful. Much love, till we meet again.~~

~~E. Annie Proulx's first novel, Postcards, winner of the 1993 Pen/Faulkner Award for Fiction, tells the mesmerizing tale of Loyal Blood, who misspends a lifetime running from a crime so terrible that it renders him forever incapable of touching a woman. Blood's odyssey begins in 1944 and takes him across the country from his hardscrabble Vermont hill farm to New York, across Ohio, Minnesota, and Montana to British Columbia, on to North Dakota, Wyoming, and New Mexico and ends, today, in California, with Blood homeless and near mad. Along the way, he must live a hundred lives to survive, mining gold, growing beans, hunting fossils and trapping, prospecting for uranium, and ranching. In his absence, disaster befalls his family; greatest among their terrible losses are the hard-won values of endurance and pride that were the legacy of farm people rooted in generations of intimacy with soil, weather, plants, and seasons. Postcards chronicles the lives of the rural and the dispossessed and charts their territory with the historical verisimilitude and writerly prowess of Cather, Dreiser, and Faulkner. It is a new American classic.~~
