Financial Accounting for Management: An Analytical Perspective focuses on the analysis and interpretation of financial information for strategic decision making to enable students and managers to formulate business strategies for revenue enhancement, cost economies, efficiency improvements, restructuring of operations, and further expansion or diversification for creating and enhancing the shareholder's value. Though the book has MBA, MFC and MBE students as its primary audience, managers in the corporate sector and students of CA, CWA, CS, CFA and CAIIB will find it equally useful because of its practical orientation.

Financial Accounting for Management: An Analytical Perspective focuses on the analysis and interpretation of financial information for strategic decision making to enable students and managers to formulate business strategies for revenue enhancement, cost economies, efficiency improvements, restructuring of operations, and further expansion or diversification for creating and enhancing the shareholder's value. MBA, MFC and MBE students are its primary audience but its practical orientation will also be useful to corporate sector managers and CA, CWA, CS, CFA and CAIIB students.

This wide-ranging and authoritative dictionary contains over 7,100 entries covering all areas of business and management, including marketing, organizational behaviour, business strategy, law, and taxation. In its sixth edition, it features the very latest developments, such as those relating to information technology (including mobile technology), and the financial crisis and the subsequent sovereign debt crisis. Entries have been updated to refer to recent events and news in the field, for example the LIBOR scandal. Over 100 new entries have been added including bitcoin, Cog's Ladder, mobile commerce, Six Sigma, social media, theory of institutional deficiencies, and zero-hours contract. Furthermore, there is expanded coverage of areas such as financial regulation and corporate social responsibility, with a number of new entries offering insight into these topics, including aw-shucks defence and Financial Conduct Authority. The new edition of this established bestselling dictionary elucidates modern financial and management jargon, defining entries in a clear, concise, and accessible manner. With recommended web links for many entries, accessible and kept up to date via the Dictionary of Business and Management companion website, this edition is more informative than ever. This A-Z reference work is essential for business students, teachers and professionals, and useful for anyone needing a guide to business terminology.

The aim of this book is to provide a practice-oriented overview of risk management issues, with particular reference to approaches which may be adopted in identifying and measuring risks, and, therefore, how action to address those risks may be prioritised.

Contents: Introduction, Research Methodology, Growth and Significance of Corporate Sector in India, Analysis of Major Financing Trends, Determinants of Corporate Financial Structure, Summary of Major Findings and Conclusions.
