Do you want to understand Neural Networks and learn everything about them but it looks like it is an exclusive club? Are you fascinated by Artificial Intelligence but you think that it would be too difficult for you to learn? If you think that Neural Networks and Artificial Intelligence are the present and, even more, the future of technology, and you want to be part of it... well you are in the right place, and you are looking at the right book. If you are reading these lines you have probably already noticed this: Artificial Intelligence is all around you. Your smartphone that suggests you the next word you want to type, your Netflix account that recommends you the series you may like or Spotify's personalised playlists. This is how machines are learning from you in everyday life. And these examples are only the surface of this technological revolution. Either if you want to start your own AI enterprise, to empower your business or to work in the greatest and most innovative companies, Artificial Intelligence is the future, and Neural Networks programming is the skill you want to have. The good news is that there is no exclusive club, you can easily (if you commit, of course) learn how to program and use neural networks, and to do that Neural Networks for Beginners is the perfect way. In this book you will learn: The types and components of neural networks The smartest way to approach neural network programming Why Algorithms are your friends The "three Vs" of Big Data (plus two new Vs) How machine learning will help you making predictions The three most common problems with Neural Networks and how to overcome them Even if you don't know anything about programming, Neural Networks is the perfect place to start now. Still, if you already know about programming but not about how to do it in Artificial Intelligence, neural networks are the next thing you want to learn. And Neural Networks for Beginners is the best way to do it. Buy Neural Network for Beginners now to get the best start for your journey to Artificial Intelligence.

From the national bestselling author of Slightly Spellbound comes the latest Southern Witch novel featuring Tammy Jo Trask. Tammy Jo rarely sets a toe outside Texas, but when she learns her mother is in trouble, Tammy is determined to save her—even if it means going to hell and back... Fresh off her engagement to wizard Bryn Lyons, Tammy Jo is surprised to make another new family connection when she meets the twin sister she never knew she had. After being spirited away to the fae kingdom of Never as an infant, Kismet has finally escaped, and arrived in Duvall, Texas, with some terrible news: their mother, Marlee, is a prisoner of the Seelie fae. Crossing the ocean to battle the fae isn't Tammy Jo's idea of a romantic getaway, but Bryn refuses to let her go alone—as do her aunt Edie and her ex-husband Zach. Unfortunately, their plot to free Marlee is foiled when they are caught by the fae queen. And the only chance the queen gives them to save Marlee's life may be an impossible quest...

Presents extended reviews of noteworthy books, short reviews, essays and articles on topics and trends in publishing, literature, culture and the arts. Includes lists of best sellers (hardcover and paperback).

Amy Walker endured unspeakable horrors while being held as a hostage before she was rescued by Dallas Garrett and his brothers from E.D.E.N., Inc. Amy is determined to leave the past behind...but only after she gets some answers to the questions that haunt her: Why was she abducted by the terrorists? Why is her mother locked up in a mental institution? Dallas wants Amy to know he's a man she can trust. He's incapable of offering her his love but promises his sworn protection while she embarks on her quest to discover the truth about her family...and herself. Working on a lead, Amy and Dallas team up with an investigative journalist and an unlikely accomplice whose motives are as murky as his past. Soon they are drawn into the depths of a secret organization that practices non-consensual mind-control experimentation—one that Amy's own grandfather appears to be involved in. With a ruthless enemy closing in fast Amy and Dallas race against time and risk their lives to expose these crimes against humanity...and share a passion neither of them could have expected.

This book sheds light on all aspects of earnings claims, including defining what an earnings claim really is, the origins of its regulation under the franchise disclosure laws, how a franchisor should prepare an earnings claim, how a franchisee should use an earnings claim, how a franchisee may attack lawful and unlawful earnings claims, how a franchisor may defend against such attacks, and how the government franchise enforcement authorities, investigate unlawful earnings claim activity.

"In the post-9/11 struggle for a sane global vision, this antihatred manifesto could not be more timely."--O: The Oprah Magazine In this acclaimed volume, Pulitzer-Prize nominated science writer Rush W. Dozier Jr. demystifies our deadliest emotion--hate. Based on the most recent scientific research in a range of fields, from anthropology to zoology, Why We Hate explains the origins and manifestations of this toxic emotion and offers realistic but hopeful suggestions for defusing it. The strategies offered here can be used in both everyday life to improve relationships with family and friends as well as globally in our efforts to heal the hatreds that fester within and among nations of the world.

Internationally known experts offer multidisciplinary guidance on the diagnosis and management of the full spectrum of pelvic floor disorders.
