With powerful, successful women over the last 20 years, bestselling author and financial educator Stanny has found that most women's problems with money have little to do with money itself, but rather with their fear of, or ambivalence toward, power. Instead of pushing women to pursue financial success in the traditional fashion, Sacred Success seeks to redefine power from a feminine perspective. More than a financial guide, Sacred Success is a primer on power for women—a tutorial for taking charge of your life by taking charge of your finances, and not only growing your money but creating a deeper, richer, and more meaningful life. Best described as "A Course in Miracles meets the Wall Street Journal," Sacred Success gives you a proven process that uniquely blends the practical,

psychological, and spiritual work of wealth. You can be financially successful without sacrificing your soul or compromising your values. You can create wealth and exercise power by staying true to your authentic self and personal mission. Start now.

In 2010, Nick Polizzi did something unimaginable. He assembled a group of eight desperately ill patients from around the world and brought them into the heart of the Amazon rainforest to put the mysterious medicines of native shamans to the test. The healing journey that unfolded would change their lives--and his own--forever. In *The Sacred Science*, we join Nick as he explores these primordial traditions and learns firsthand what it takes to truly heal ourselves of physical disease,

# Read Book Sacred Success A Course In Financial

emotional trauma, and the sense of "lostness" that so many of us feel in these modern times. We venture into a place where the ordinary rules we live by, even survival instincts, don't apply--where "the only thing to do is to step forward and be ready for anything." Nick is not a guru or shaman; he is an ordinary guy who pieced together an illuminating journey, one experience at a time. In this riveting true story, we're shown the many layers that must be peeled away in order for us to find the truth of who we are and why we're here. This book is a bridge between the flashy, fast-moving modern world and the forgotten ways of a healthier, earth-connected ancestral past. You'll find practices and principles of native wisdom that you can put to use in your own life, and you'll gain a new

# Read Book Sacred Success A Course In Financial

Understanding of what it means to heal. In the end, what will become of the eight patients who set out on this path with Nick? Will the exotic jungle medicines and harrowing rites of passage destroy them or give them a new lease on life? Five will return with remarkable healing results. Two will return disappointed. One won't return at all.

Debunks nine myths about effective money management and describes the principles that lead to true financial success and prosperity.

Now updated: the classic guide that teaches women how to take control of their own finances When this groundbreaking yet compassionate book was first published ten years ago, it lifted a veil on women's

staying true to your authentic self and personal mission. Start now.

According to the Department of Labor, the average woman in 1998 was bringing home less than \$25,000 a year. For every dollar that a man makes, a woman makes between 50 and 75 cents, and that is hardly news. But what you may not know is that, quietly and steadily, the number of women making six figures or more is rapidly increasing. Currently, over fifteen million women make \$100,000 or more, and the number continues to rise at a rate faster than for men. And these women come from every industry - psychologists, dot com founders, consultants, freelance writers, and even part-timers. What makes these particular women able to do so well in the workplace? Fueled by

# Read Book Sacred Success A Course In Financial

curiosity, Barbara Stanny, author of Price Charming Isn't Coming: How Women Get Smart About Money (Viking Penguin), set out to research this phenomenon. What she discovered was that, though the high-earning women she interviewed came from different backgrounds and had had greatly different work experiences, they all had certain characteristics in common. Secrets of Six Figure Woman: Surprising Strategies of the Successful High Earners will be a ground breaking book for high earners who want to ensure their wealth, enhance their success, and learn from others who are in the same boat. It will also offer inspiration, guidance, and motivation to those who aspire to make more.

# Read Book Sacred Success A Course In Financial

In this timely book, authors Matthew and Terces Engelhart present the idea that love before appearances is the antidote to our spiritual, environmental, and social degradation. Exploring topics such as mission statements, manager as coach, human resources as a sacred culture, and inspirational meetings, they offer a manual for building a spiritual community at the workplace—a vital concept in an age when work consumes the bulk of most adults' time. Business, the authors explain, is all about providing a service, product, or experience the market wants, and no business can succeed by failing to understand this point. However, integrating the concept of "Sacred Commerce" into business can provide both financial success and spiritual satisfaction. Stressing that every business is an

# Read Book Sacred Success A Course In Financial

Minutis opportunity to make a lasting impact on the lives of both clients and employees, the Engelharts share the tools they've learned in their own enterprises to fulfill this vision. Sacred Commerce is the ideal mix of the personal and the practical—a guidebook written by people who have felt success, not just spent it. Dissatisfaction with work is at record levels, and the Engelharts show that you don't have to suffer personally—or give up your humanity—to pay the mortgage. From the Trade Paperback edition.
