White will determine our future quality of life. A "beautiful and sensitive" tale of true love that transcends time, from the multi-million bestselling author of *Many Lives, Many Masters* (Gary Zukav, author of *Seat of the Soul*). Recommended by Kendall Jenner. In *Many Lives, Many Masters*, a skeptical Dr. Brian Weiss found his life changed profoundly after curing a patient using past-life therapy. Now he takes his research into transcendental messages one breathtaking step further. He portrays two strangers, Elizabeth and Pedro, who are unaware that they have been lovers throughout the long centuries -- until fate brings them together again. He shows how each and every one of us has a soulmate whom we have loved in past incarnations and who waits to reunite with us now. And he opens up entirely new worlds for all of us everywhere, based on a single, powerful truth...

In *THE SEAT OF THE SOUL*, Gary Zukav brilliantly set forth his concepts, explaining how the expansion of human perception beyond the five senses leads to a new understanding of 'authentic power'. Then, in *SOUL STORIES*, he revealed how such concepts as intuition, harmony, sharing and forgiveness actually express themselves in other people's lives. And now, in *THE HEART OF THE SOUL*, Zukav, together with his coauthor and spiritual partner, Linda Francis, takes the next important step in showing us how to actually apply these crucial concepts in our daily lives. Zukav reveals how

true emotional awareness can transform the human experience. Although it is challenging and difficult, because it means becoming aware of suppressed pain, it is also enormously rewarding. But first the determination to explore every aspect of consciousness, and to cultivate those that contribute the most to life, must replace the desire to bury painful emotions. Ultimately emotional awareness can free us from the compulsions, fixations, obsessions and addictions that block our spiritual development - among them anger, workaholism, perfectionism, obsessive eating, alcohol, drugs, sex - and allow us to live a fulfilling and meaningful life. **THE HEART OF THE SOUL** will be a revelation for readers - a soul tool with which we can forge a greater emotional awareness to enable us to use our emotions in the creation of authentic power. It is a book to read not once, but several times, for it is a life-changing work that can transform our lives for the better.

In his revolutionary book *Miracles Happen*, Brian Weiss M.D., the New York Times bestselling author of *Many Lives, Many Masters*, examines the physical, emotional, and spiritual healing that is possible when you freely accept and embrace the reality of reincarnation. Trained as a traditional psychotherapist, Dr. Weiss began to explore how reincarnation and past life regression can lead us to our higher selves after a startling encounter with a patient. Now a leading proponent of past-life therapy, Dr. Weiss shows us that, indeed, *Miracles Happen*, with seemingly incredible but true stories that demonstrate how, by getting in touch with and understanding our past lives, we can dramatically improve the present.

Lives, Many Masters. Now, based on his extensive clinical experience, he builds on time-tested techniques of psychotherapy, revealing how regression to past lifetimes provides the necessary breakthrough to healing mind, body, and soul. Using vivid past life case studies, Dr. Weiss shows how regression therapy can heal grief, create more loving relationships, uncover hidden talents, and ultimately shows how near death and out of body experiences help confirm the existence of past lives. Dr. Weiss includes his own professional hypnosis, dream recall, meditation, and journaling techniques for safe past life recall at home. Compelling and provocative, *Through Time Into Healing* shows us how to help ourselves lead healthy, productive lives, secure in the knowledge that death is not the final word and that the doorways to healing and wholeness are inside us.

Eliminating Stress, Finding Inner Peace is an important step on the healing journey. Stress kills--there's no doubt. It eats away at you, affecting your level of happiness, as well as your stomach lining. It raises your blood pressure and directly harms your cardiovascular system. Stress is a mental state that can cause severe negative emotional and physical consequences. It can be entirely eliminated, or at least greatly lessened, by adjusting our understanding and attitudes, and by learning simple, yet very effective, relaxation techniques. This book, with its accompanying stress-reduction audio download, will help you deeply relax. It will enable you to release the acute and chronic tension you constantly carry in your body and
