This fully revised and updated 2nd edition of Human Resource Management: A Global and Critical Perspective builds on the previous edition's success to bring an even sharper exploration of HRM in a real-world global context. With a critical approach that is woven into the chapters and encourages students to question assumptions in HRM, there is a consistent focus on the impact of globalization, the ways in which theory has addressed the implications of a globalized workforce, and the way HRM works in multinational corporations. Boasting a truly global orientation which is removed from the typically western-centric approach, this textbook draws on the expert knowledge of chapter authors from around the world, combining international case studies with a strong offering of pedagogical features. Yet while this textbook is designed to engage the student and elicit independent thought, it also adopts a rigorous academic level which is grounded in the very latest research. New to this edition: Brand new chapters: Talent Management; International Assignments; Managing Global and Migrant Workers; Sustainable HRM Revised and refreshed international case studies, including a mini-case at the start of each chapter and end of chapter case studies focused on an array of diverse, mostly non-western, regions of the world An innovative offering of pedagogical features, including critical discussions, action-orientated activities designed to engage students in transferable skill development, " In the News " segments exploring contemporary issues, and " Stop and Reflect " boxes to encourage critical thinking skills This is a core textbook for general business and management degrees, specialist HRM degrees, and international business degrees. It is an ideal companion for students at both undergraduate and postgraduate level.

Now with SAGE Publishing! In Applied Psychology in Talent Management, world-renowned authors Wayne F. Cascio and Herman Aguinis provide the most comprehensive, future-oriented overview of psychological theories and how those theories impact people decisions in today's ever-changing workplace. Taking a rigorous, evidence-based approach, the new Eighth Edition includes more than 1,000 new citations from more than 20 top-tier journal articles. The authors emphasize the latest developments in the field—all in the context of historical perspectives. Integrated coverage of technology, strategy, globalization, and social responsibility throughout the text provides students with a holistic view of the field and equips them with the practical tools to create productive, enjoyable work environments.

Now you can access Jean Barbazette's systematic processfor creating winning training materials that will help raise yourskills to the next level. The book is filled with easy-to-use toolband templates that answer all the questions trainers, course designers, and subject matter experts (SMEs) have about what ittakes to develop training materials and how they can easily create the best training program in the shortest amount of time. "Jean is a master at providing her readers with new ideas andinnovative approaches to the art of delivering excellent learningsolutions. Our field has gone through so many changes and Jean ison top of them and out in front all at the same time. Bravo!" —Beverly Kaye, founder/chairman of the board, CareerSystems International and coauthor of Help Them Grow or Watch Them Go "Barbazette has done it again: she has made your job easier withstep-by-step guidelines for developing training materials. Jeancovers the entire process in her typical easy-to-follow manner,simplifying the complicated and making you the hero! Don't missthis one!" —Elaine Biech, ebb associates inc. and author of TheBusiness of Consulting "Once again master trainer Barbazette has provided an elegantsimple, step-by-step guide to what can often be the most tediouspart of the training process: writing training materials thatsupport and expand a learner's results. Both seasoned professionaland newcomer will find this an easy-to-follow guide and valuableresource to be used over and over." —Eileen McDargh, president, McDargh Communications, andauthor of Talk Ain't Cheap — It's Priceless "Barbazette is back to fill another gap in the trainingliterature. This extensive work on how and when to write trainingmaterials is chock-full of templates and other tools. Systematicand thorough, this is an exceptional guide for those wanting toefficiently create successful training interventions." —Jane Bozarth, Ed.D., eLearning Coordinator, State of NorthCarolina and author of Better Than Bullet Points

This book has more ideas on how to add involvement in learning than any one trainer could ever use. Your students and workshop participants will increase their understanding and retention when you design training activities using "The Winning Trainer". This updated and expanded edition is richer than ever before. It provides: " more than 100 ready-made handouts, learning instruments, and worksheets... all you do is photocopy " numerous examples, model dialogues, and sample answers " hundreds of exercises, games, puzzles, role plays, icebreakers, and other group-in-action techniques " samples of each technique and ways to effectively use them " advice on subjects such as unwilling participants, use of the outdoors, breaks, program endings, and storytelling Significant new additions to the book include materials on the following topics: " new, easier to accomplish approaches to evaluation - ROE (Return on Expectations) and Customer Satisfaction as a business indicator " a methodology to secure group feedback at the end of the program, concerning the trainer/facilitator's role and participation in the course " an instrument for the early screening of likely obstacles when transferring training " added techniques to ensure that training transfers to the job " a demonstration of how to conduct a quick assessment of needs when under pressure to do so " keys to successful training in other cultures " several new instruments including how to assess one's prowess as a facilitator, how to assess trust in a team, and how to measure one's CQ (creativity quotient) Two new chapters have been added to treat new material on intelligence and learning, principles of adult learning and distance learning. In addition, numerous new group-in-action techniques and conceptual materials have been added to the existing chapters. This is the one-stop source book every trainer needs.
