In 2017 34% of the workforce was considered part of the gig economy. This growing workforce of freelancers and side-giggers is also estimated to grow to 43% by 2020. That's 4 million freelancers, soon to be 7 million by 2020. Whether it's people looking to earn extra money, those tired of their 9-to-5, to entrepreneurs looking to grow their side hustle, Entrepreneur is uniquely qualified to guide a new generation of bold individuals looking to live their best lives and make it happen on their own terms. Whatever industry or jobs this new workforce takes, Start Your Own Business will guide them through the first three years of business. They'll gain the know-how of more than 30 years of collective advice from those who've come before them to: How to avoid analysis paralysis when launching a business Tips for testing ideas in the real-world before going to market with insights from Gary Vaynerchuk Decide between building, buying, or becoming a distributor What to consider when looking for funding from venture capitalists, loans, cash advances, etc. Whether or not a co-working space is a right move Tips on running successful Facebook and Google ads as part of a marketing campaign Use micro-influencers to successfully promote your brand on social media

This guide goes through all the components needed to know to start any business (online, retail, small business, home-based). It breaks down difficult concepts into simple, actionable steps that can be applied today.

The Payroll Book is the only book that demystifies payroll with clear, concise, and real-world examples

On how to tackle the process. "The Payroll Book will be a valuable resource for the small business owner as well as for the entrepreneur planning a new venture. Thorough, well-organized, and thoughtfully written, this practical guide is an essential tool for managing the payroll process." –Marilyn K. Wiley, Dean, College of Business, University of North Texas "Failing to comply with the withholding, tax remittance, and report filing requirements in handling business payroll carries a high cost. Charles' book will guide entrepreneurs through the minefields of payroll processing and reporting in language that business owners can understand. Whether you already own or are planning to start your own business, The Payroll Book is an essential tool." –James A. Smith, Past President and Chairman, Texas Society of CPAs "If accounting is something you have not paid keen attention to in your startup, then this book can demystify the whole thing for you and then some! Logically set-up and highly practical in its approach! I highly recommend this book for any startup, entrepreneur, and, frankly, anyone thinking about starting a business. That said, if you already started a business it's just as important–this is a must-read!" –Hubert Zajicek, CEO, Co-founder and Partner, Health Wildcatters "Wow! This is the most comprehensive book of its kind. I have worked in payroll for over 25 years, and I would recommend this book as a reference to anyone who has a hand in payroll. From the novice just entering the field to the seasoned veteran, there is something in this book for everyone." –Romeo Chicco, President, PayMaster

Get it right—from the start! "Entrepreneurship is like a roller coaster ride, exhilarating yet terrifying . . . Allow Ingrid to guide you" (Adam Franklin, bestselling author of Web Marketing That Works). Often, people leap into starting a business to pursue their passion without fully realizing what they've gotten themselves into. They may love what they do—but the financial and administrative side of the business ends up being more than they bargained for. So You Want to Start a Business takes you through the seven essential elements required to create a thriving business. With examples, exercises, and invaluable guidance, Ingrid Thompson provides a practical guide to unleashing one's inner entrepreneur. With over twenty years' experience helping people create successful businesses, Ingrid knows exactly how to help people decide what kind of business to start—and start out on the right foot.

Launch a business startup the right way! Whether you have (1) a new product or service idea, (2) a fresh way to do business, or (3) you want to know the best strategies to make your startup successful, then keep reading as this book will easily guide you through the process of starting up your new business for maximum success potential. Anyone can be a startup entrepreneur! You don't need a business degree or special training (although these won't hurt). Sometimes you just need the right idea, the right mindset, and the right support. I can help you with all three. Since this dream is your baby, it's up to you to drive your brilliant idea forward to the point of success. Of course, you won't do it all on your own; part of the fun of entrepreneurship is the people who come alongside to assist in making your dream a reality. I'll help you learn how to attract the right people, individuals with skills and qualities that will enhance your chances of succeeding with your new startup. I suppose you may be wondering, what is a startup, anyhow? A startup is a business that offers a new product or sells an existing product in a new way. Startups can be risky but the rewards are great. There's no way to know for sure whether your new idea will skyrocket to success or not, but I can help guide you along the path so that your journey is much more planned and strategic to save you time and money. If you are looking for funding ideas and strategies, that is included in the book. I'll also show you what you can do to present yourself in an attractive light to potential backers. The practical methods in this book will help you plan every aspect of your business. Learn what successful business owners have done at each stage of preparation; then you can follow in their footsteps to succeed in your own business. Discover What Makes For a Great Startup In its earliest stages, a startup is little more than a great new idea. Each developmental step can lay a solid foundation to support your startup's success. You will learn about the different types of legal business structures and how to choose the right fit for your business. I'll cover how to easily write a business plan so you can have a clear plan and strategy in place moving forward. We'll explore the details of choosing the best location for your business and hacks to keep you on track with your goals. You will also discover how to create powerful marketing and branding strategies, a captivating customer service strategy, and how to write a financial plan that can set you up for success! What Will You Learn About Launching A Startup? How to find a captivating name for your business. How to identify a target audience that will buy from you. How to write a business plan and why it's so very crucial. Common mistakes startups make and how to avoid them. How to develop a solid financial plan. You Will Also Discover: Powerful brainstorming techniques from coming up with great ideas. How to create and execute an effective branding strategy. Step-by-step instructions for developing an effective marketing strategy. How to develop the ideal startup team. Start turning your dreams into reality: Get this book now!

Profits from Pages Self-publishing is a fast-growing industry, and bookstores and consumers alike now acknowledge the value of self-published books. Personal training is an exciting industry to be in right now! Starting a personal training business can offer a satisfying combination of financial reward, a flexible schedule, and a career where you can make a profound difference in the lives of others. As skilled personal trainer, having good business knowledge and judgment can be the first step to earning a substantial income. In this revised guide, our experts teach you the nuts and bolts of starting a business, including everything from writing a business plan to finding a profitable niche. From boutique studios to partnerships with schools and private trainers, this book will help get you started on the right foot.

In 1998, "Entrepreneur" magazine editor Lesonsky and her staff "wrote the book" on startups that became a national bestseller and a life-changing resource for hundreds of thousands of entrepreneurs. Now they have created the third edition, including new information for today's business world.

"The experts at Entrepreneur Press guide readers through the steps of planning, starting, and running a successful child-care business. This guide has been revised with the latest trends, facts, and figures, along with an updated list of resources to help readers create a stable and enriching environment for child development, as well as a sound and profitable business. Readers learn how to: choose the type of child care program and services to offer; acquire the right licensing, permits, insurance protection, and state-specific child care licensing; analyze the market, assess the needs of the community, and match services to fit those needs; find the right location, or decide to operate from home; comply with safety regulations and child-care provisions of the Disabilities Act; consider zoning laws, space requirements, and legal determinations of offsite properties; calculate startup costs, get funded, manage finances, create a business plan, and account for the day-to-day operating costs; stay competitive in the market with low-cost marketing tactics; find, hire, and keep good employees in a high turnover industry; set policies, hours, and staff responsibilities; plan a program, communicate rules and policies to parents, and integrate nutrition"--

FOLLOW YOUR PASSION Serving missions rather than profits, the nonprofit sector employs 11 million people, making it the third largest industry in the United States, and often provides our communities' most fundamental services. Whether your mission is to save puppies, feed children, or preserve history, **Start Your Own Nonprofit Organization** equips you with the tools you need to start, run and grow your organization. This guide provides mission-driven entrepreneurs like you with the latest industry research and pairs it with advice from real-world nonprofit leaders to teach you how to: Determine if your business idea is nonprofit or for-profit Manage the day-to-day operations and onboard key staff and volunteers that help you achieve goals Write a business plan, mission statement, and grant proposals that gain funding and help grow the organization Manage your finances to the satisfaction of the IRS Integrate the latest technology, apps, and social media strategy to aid in volunteer tracking, donation facilitation, and audience outreach Plus, gain insight and hard-won lessons from nonprofits like the Susan B. Komen Foundation, Prosperity Indiana, the Melanoma International Foundation, and the New Hampshire Center for Nonprofits No matter what kind of nonprofit you want to start, this guide will turn your hope for change into help for a deserving community—starting now!
