State of Failure: Yasser Arafat, Mahmoud Abbas, and the ...

A 1973 United States Department of State document, declassified in 2006, concluded "The Khartoum operation was planned and carried out with the full knowledge and personal approval of Yasser Arafat."

Arafat denied any involvement in the operation and insisted it was carried out independently by the Black September Organization. Israel claimed that Arafat was in ultimate control over these organizations and therefore had not abandoned terrorism.

The Oslo Accords of 1993 between the later assassinated Israeli Prime Minister Yitzhak Rabin and Palestine Liberation Organization Chairman Yasser Arafat had provided that agreement should be reached on all outstanding issues between the Palestinians and Israeli sides – the so-called final status settlement – within five years of the implementation of Palestinian autonomy. However, the interim process put in place under Oslo had fulfilled

The biggest obstacle to Palestinian statehood may not be Israel In September 2011, president Mahmoud Abbas stood before the United Nations General Assembly and dramatically announced his intention to achieve recognition of Palestinian statehood. The United States roundly opposed the move then, but two years later, Washington revived dreams

Download Free State Of Failure Yasser Arafat

for Palestinian statehood through bilateral diplomacy with Israel. But are the Palestinians prepared for the next step? In *State of Failure*, Middle East expert Jonathan Schanzer argues that the reasons behind Palestine's inertia are far more complex than we realize. Despite broad international support, Palestinian independence is stalling because of internal mismanagement, not necessarily because of Israeli intransigence. Drawing on exclusive sources, the author shows how the PLO under Yasser Arafat was ill prepared for the task of statebuilding. Arafat's successor, Mahmoud Abbas, used President George W. Bush's support to catapult himself into the presidency. But the aging leader, now four years past the end of his elected term, has not only failed to implement much needed reforms but huge sums of international aid continue to be squandered, and the Palestinian people

Download Free State Of Failure Yasser Arafat

stand to lose everything as a result. The
Supporters of Palestine and Israel alike
will find Schanzer's narrative compelling
at this critical juncture in Middle Eastern
politics.

In June 2007 civil war broke out in the
Gaza Strip between two rival Palestinian
factions, Hamas and Fatah. Western peace
efforts in the region always focused on
reconciling two opposing fronts: Israel and
Palestine. Now, this careful exploration of
Middle East history over the last two
decades reveals that the Palestinians have
long been a house divided. What began as
a political rivalry between Fatah's Yasir
Arafat and Hamas leader Sheikh Ahmed
Yassin during the first intifada of 1987
evolved into a full-blown battle on the
streets of Gaza between the forces of
Arafat's successor, Mahmoud Abbas, and
Ismael Haniyeh, one of Yassin's early

Download Free State Of Failure Yasser Arafat

protégés. Today, the battle continues between these two diametrically opposing forces over the role of Palestinian nationalism and Islamism in the West Bank and Gaza. In this thought-provoking book, Jonathan Schanzer questions the notion of Palestinian political unity, explaining how internal rivalries and violence have ultimately stymied American efforts to promote Middle East peace, and even the Palestinian quest for a homeland.

The May 2021 conflict between Israel and the terrorist group Hamas generated headlines around the world. However, much of the reporting ignored the history, funding, political dynamics, and other key components of the story. Hamas initiates conflict every few years. But the reporting rarely improves. Social media has only further clouded the picture. Hamas is

Download Free State Of Failure Yasser Arafat

rarely held responsible for its use of "human shields," blindly firing rockets at civilian areas in Israel, or diverting aid that should benefit the people of Gaza. The Islamic Republic of Iran, a state sponsor of terrorism, has been the primary patron of Hamas since the group's inception in the late 1980s. Hamas has received additional assistance over the years from Qatar, Turkey and Malaysia. These countries are fomenting conflict, while others, such as Egypt, the United Arab Emirates and Bahrain, have tried to minimize it. Gaza is therefore ground zero in a struggle for the future stability of the Middle East. The Biden administration has important choices to make. Its intent to re-enter the Iran nuclear deal could have significant consequences, given that sanctions relief to Iran will likely yield a financial boon for Hamas, along with other Iranian proxies. The Biden administration must

Download Free State Of Failure Yasser Arafat

also come to terms with "The Squad," a small but loud faction of the Democratic Party that seeks to undermine the US-Israel relationship.

Identifies the Islamic political leader's direct influence on the Palestinian movement, noting his controversial and sometimes contradictory tactics, and citing his contributions to such events as the Camp David summit.

A noted historian analyzes Yasser Arafat's role in destabilizing the Middle East in a book praised as "eye-opening and exhaustively researched" (New York Post). Offering the first comprehensive account of the collapse of the most promising peace process between Israel and the Palestinians, historian Efraim Karsh details Arafat's efforts since the historic Oslo Peace Accords in building an

Download Free State Of Failure Yasser Arafat

extensive terrorist infrastructure, his failure to disarm the extremist groups Hamas and Islamic Jihad, and the Palestinian Authority's systematic efforts to indoctrinate hate and contempt for the Israeli people through rumor and religious zealotry. Arafat has irrevocably altered the Middle East's political landscape, and the ongoing Israeli-Palestinian conflict will always be Arafat's war.

The Palestinian national movement reached a dead-end and came close to disintegration at the beginning of the present century. The struggle for power after the death of Yasser Arafat in 2004 signaled the end of a path toward statehood prepared by the Oslo Accords a decade before. The reasons for the failure of the movement are deeply rooted in modern Palestinian history. As'ad Ghanem analyzes the internal and external events

Download Free State Of Failure Yasser Arafat

that unfolded as the Palestinian national movement became a "failed national movement," marked by internecine struggle and collapse, the failure to secure establishment of a separate state and achieve a stable peace with Israel, and the movement's declining stature within the Arab world and the international community.

Includes bibliographical references and index.

Drawing on exclusive sources, Israeli-Palestine experts present a thought-provoking look at the past, present, and future of Palestine, which argues that the biggest threat to Palestine's dream of statehood is its own corrupt leadership.

A provocative profile of Palestinian leader Yasser Arafat and his role in the Middle

East argues that Arafat is less interested in building a Palestinian state or in genuine peace with Israel than he is the destruction of the Israeli state, detailing his construction of an extensive terrorist infrastructure, his failure to disarm extremist groups, and his efforts to indoctrinate hate for the Israeli people. Reprint.

Former Israeli Foreign Minister Shlomo Ben-Ami was a key figure in the Camp David negotiations and many other rounds of peace talks, public and secret, with Palestinian and Arab officials. Here he offers an unflinching account of the Arab-Israeli conflict, informed by his firsthand knowledge of the major characters and events. Clear-eyed and unsparing, Ben-Ami traces the twists and turns of the Middle East conflict and gives us behind-the-scenes accounts of the meetings in

Download Free State Of Failure Yasser Arafat

Oslo, Madrid, and Camp David. The author paints particularly trenchant portraits of key figures from Ben-Gurion to Bill Clinton. He is highly critical of both Ariel Sharon and the late Yasser Arafat, seeing Arafat's rejection of Clinton's peace plan as a crime against the Palestinian people. The author is also critical of President Bush's Middle East policy, which he calls "a presumptuous grand strategy." Along the way, Ben-Ami highlights the many blunders on both sides, describing for instance how the great victory of the Six Day War launched many Israelis on a misbegotten "messianic" dream of controlling all the Biblical Jewish lands, which only served to make the Palestinian problem much worse. In contrast, it has only been when Israel has suffered setbacks that it has made moves towards peace. The best hope for the region, he concludes, is to create an

Download Free State Of Failure Yasser Arafat

international mandate in the Palestinian territories that would lead to the implementation of Clinton's two-state peace parameters. Scars of War, Wounds of Peace is a major work of history--with by far the most fair and balanced critique of Israel ever to come from one of its key officials. This paperback edition features a new Epilogue by the author featuring an analysis of the most recent events in the Israeli-Arab situation, from the disappearance of Ariel Sharon from public life to the emergence of Hamas and Israel's recent war against Hizballah. It is an absolute must-read for everyone who wants to understand the dynamics of the Arab-Israeli conflict.
