Big, bold, and bright--these sticker books provide hours of play and learning for children from two to five. A two-year-old can decorate a clown's clothes with colorful circles and squares and put cookies on a plate; three-year-olds fill mommy's shopping bag with everything on her list and a cupboard with toys. Four- and five-year-olds do more intricate matching--choosing objects from the top of the page and putting them next to the right animal, finding missing objects, and even solving mazes. Each one is designed just for your child's age and abilities, and teaches colors, shapes, visual perception, and more! 20 pages (all in color), 8 5/8 x 9 3/4.

Move over, coloring books! Here's an entirely new craft that kids will love: Paint by Sticker Kids. Paint by Sticker Kids is the same compelling craft first introduced in Paint by Sticker, but just for kids! The book includes everything you need to create 10 bright, playful, full-color illustrations--illustrated templates printed on perforated card stock, and 10 pages of stickers to fill in and create the artwork. The fun, vibrant images are rendered in low-poly, a computer graphics style using geometric polygon shapes to create a 3-D effect. As in paint-by-number, each template is divided into hundreds of spaces, each with a number that corresponds to a particular sticker. Find the sticker, peel it, and place it in the right space. Add the next, and the next, and the next and voila! It's a rocket ship blasting through space. A Tyrannosaurus rex prowling his domain. A pickup truck hauling its load. A friendly toucan hanging on his perch. Kids will love watching these pictures come to life. Plus, each is suitable for framing or the fridge.

Fans of the newest blockbuster from Disney 2 Pixar, opening in theaters on June 1, can recreate their favorite "Toy Story 3" moments with this Ultimate Sticker Book. Includes 60 reusable stickers. Full color. Consumable.

Paint by Sticker Kids just gets stronger and stronger, with the last three titles--Unicorns & Magic, Halloween, and Christmas--on fire. With over 1.7 million copies in print, and with sales increasing every season, it is the phenomenal activity book series that marries the joy of paint by number and coloring with every kid's favorite thing--stickers. And now add dinosaurs--what could be better? Kids will have a blast painting an armored Ankylosaurus, and an agile Velociraptor, now known to have been covered in feathers. And don't forget about the king of them all: a ferocious T-Rex, which could eat 500 pounds of meat in one bite! New to the series, on the back of each image is a paragraph of lively text packed with facts about the dinosaur pictured, how it lived, and how to pronounce its name. Designed especially for children and their smaller hands, the Paint by Sticker Kids series offers a quiet, completely absorbing, no-mess activity that--bonus!--encourages kids to practice number recognition without them even thinking they're doing math. The way it works is simple: Find the numbered sticker, peel it, and place it in the right space. Add the next, and the next--and see the images come to life in the low-poly style that uses geometric shapes. The card-stock pages are perforated, allowing the artwork to be easily removed so kids can hang them up as decorations or proudly display them on the fridge. In other words, hours and hours of artistic fun with none of the hassle or cleanup!
