During Dry Cupping, the cups are placed over several areas to create a vacuum which lifts the soft tissue and creates an upward stretch within the muscle and associated fascia. This vacuum lift helps to increase in blood flow and induces a stretch effect, which results in a reduction in muscle tension and associated pain.

LEARN MORE ABOUT CUPPING TODAY! Cupping Therapy has been around for quite a long time. It had been used by ancient cultures such as Egyptians, Chinese and other Middle Eastern civilizations. In some parts of Asia, it's termed as Ventosa and considered a low-cost and effective treatment for muscle pains and other conditions. It helps with inflammation, pain and improves blood circulation. Is it really effective? Well, considering that it's being used by Olympic athletes, Hollywood stars and more importantly everyday people. It's hard to dispute since it has been passed around for generations. This book is about giving more information on the art of Cupping. It'll serve as your basic and reliable guide in knowing more about the therapy before trying it out for yourself. This book contains: * History of Cupping* The Basics of the therapy * Complementary treatments for Cupping* Cupping Points and their Anatomical Locations* Different Ailments that may be Treated by Cupping* How to Perform Cupping Both the Old and New Methods* Reasons to Try CuppingLearn more about this effective therapy by going through this book. It's a wonderful, non-invasive procedure that will improve your health and overall well-being. Take a step towards health today!

Dry cupping has been used for millennia to treat every kind of health problem. Is it right for you? Practiced in ancient China, the Middle East, and Greece, dry cupping is when a glass cup is heated with flame and then placed against the skin, creating a powerful suction that draws healthy blood to the surface. That and other types of cupping will be explored in this comprehensive book. You'll also learn about complementary treatments therapists often use, such as acupuncture, herbs, and aromatherapy. Is dry cupping supported by science? There's limited research, so many doctors are skeptical, but therapists and patients report many benefits from the treatment. This seemingly-simple technique can help treat a wide variety of conditions, including: Migraine headaches Muscle soreness Diabetes Period cramps Colds and congestion Cellulite What do you need for dry cupping? The traditional glass cup-and-fire method is often replaced with rubber, plastic, or silicone cupping, which does not require fire. These cups are much more flexible and safer. Cupping sets are available from a variety of outlets, even Amazon. You'll also need massage oil, clean towels, and the proper cleaning products to sanitize cups after use. Maintaining good hygiene is essential for cupping. The bulk of this book is devoted to step-by-step guides on dry cupping for a variety of health problems. You'll learn about the different cupping strengths, pressure points, and how cupping draws out toxins and restores the body's qi, or its life force. Charts of the different points make it easy to identify what points to target. Have you suffered with pain, nosebleeds, skin issues, or another condition for a long time? Have traditional Western treatments like medications done little to help? An alternative treatment like dry cupping may be the answer you've been looking for!

This new edition explores and describes techniques of cupping in the context of TCM theory. It provides a clear and detailed set of practical guidelines to applying this technique for various common conditions, and looks closely at issues of safety, expectation and theoretical principles of action. This new edition includes new scientific research on cupping therapy and the effect on the immune system as well as new material on muscular pain, stress management and cupping therapy and sports medicine. A dedicated website complements the text with video clips showing the eleven methods of cupping therapy. DVD containing 12 video clips showing the use of cupping in practice. Unique scientific research on cupping therapy and the effect on the immune system. LI>16 page colour plate section containing 63 halftones. New page layout including new features. Thoroughly revised and updated throughout with more details allocated to individual treatment and methods. LI>New material on muscular pain, stress management and cupping therapy and sports medicine.

The ultimate, step-by-step guide to understanding and using the traditional Chinese medicinal art of cupping to reduce pain and heal injuries. An important part of Traditional Chinese Medicine for thousands of years, cupping has recently gained widespread acclaim for its many benefits. It may look like some kind of torture and temporarily leave strange circles on your skin, but it ' s so effective that everyone from professional athletes to famous celebrities is using it to improve their health and well being. In this book, you will discover what cupping is, how it works, and which cupping techniques would be best for you. You will learn the science behind the suction and the many conditions and ailments it can alleviate, including: • Lower Back Strain • Tennis Elbow • Wrist and Forearm Pain • Neck and Shoulder Injuries • Sore Hamstrings • Knee Pain • Allergies • Insomnia • Anxiety and Stress • Constipation • Eczema • Menstruation

This comprehensive guide to Chinese cupping therapy details this traditional and effective treatment with extensive clinical examples, commentary, and detailed diagrams. Cupping therapy delivers healing effects by improving blood circulation, promoting smoother flow of qi through meridian points and dispelling cold and dampness in the body. It involves local suction on the skin through vacuum created by heating and subsequent cooling of the air in the cup. Because of its easy application and immediate effects, cupping therapy has been practiced in China since time immemorial and remains to this day as a form of traditional medicine for treating illnesses and enhancing health. With solid grounding in both theory and clinical practice, the author introduces the fundamental principles of cupping therapy and areas that require special attention, which are followed by techniques of cupping for targeted ailments. The book covers nine areas: internal medicine, surgery, ENT and ophthalmology, dermatology, andrology, gynecology, and pediatrics (with 73 common illnesses), as well as sub-health condition and health and complexion enhancement, with cupping options for various target skin areas. A Comprehensive Guide to Cupping Therapy contains: A therapy for healing, enhancing health and improving quality of life through the natural way of traditional Chinese medicine Techniques of cupping that can be quickly mastered to help yourself heal, with easy to follow illustrations Tips from a medical professional on having a better diet and life style to prevent illness and gain a healthy complexion.

Praise for this book:A welcome addition...[The] author makes her guidance easy to adopt with the aid of numerous photographs of cup placement...excellent.--The LanternFor over 5,000 years, cupping has been used across the globe to treat a broad spectrum of health disorders. A safe, comfortable therapy, it requires only simple, inexpensive instruments to achieve highly effective results. This comprehensive guide features all the information practitioners need, including historical facts, step-by-step instructions for application, and treatment of specific health problems. Highlights: Detailed theory of dry and wet cupping Practical instructions for 45 different disorders Illustrated by real-life photographs from the authors practice Compact, user-friendly format for easy reference Each chapter of the practical section deals with a different area of the body and its disorders. Information is given on the complaint, the correct cupping application, supplementary and alternative therapies, as well as preventive treatment. Practice-oriented and highly detailed, this is an invaluable reference for experienced practitioners and an ideal learning tool for students.

Have you ever hurt yourself while working out? Are you looking for a simple, inexpensive treatment method? Cupping could be the answer! For thousands of years, cupping has been practiced in countries like China, Egypt, and Greece. By heating a glass cup and pressing it against pressure points on the body, therapists can encourage healing and promote good health. If you're cupping at home, you will use the vacuum-cupping method, which replaces glass cups with plastic, rubber, or silicone, so you don't need to involve fire. This therapy has become increasingly popular among athletes who frequently deal with sore muscles, stretched ligaments, and other health problems. In Sports Cupping - A Beginner's Guide to Cupping Therapy for Athletes at Any Level, you'll learn about the history of cupping and all its benefits. According to Traditional Chinese Medicine, all of life is sustained by energy known as "qi," and the human body is no exception. Unfortunately, the flow of qi can stagnate because of injuries and cause symptoms like pain, dizziness, and decreased athletic performance. By applying cupping, you can activate healthy qi flow again, strengthen your immune system, and prevent diseases. In this book, you'll learn how to treat injuries like: Hamstring strains Groin pulls Shin splints Lower back pain Knee injuries Tennis elbow Neck pain We'll also cover health conditions that can affect an athlete's performance, like anxiety, depression, nausea, and insomnia. If you're an active person or a professional athlete, you are at risk for injuries. This book provides you with detailed guides on where to cup and other treatment options like changes in your diet and herbal medicine. You'll also learn about specific essential oils and herbs that can enhance your cupping experience, and complementary treatments that therapists often offer. An injury shouldn't stop you from achieving your athletic goals. Educate yourself on an ancient and effective treatment method, and become stronger than ever!

An ancient technique has found its place in the modern world of healing. In recent years countless high profile athletes and celebrities have been sporting distinctive circular "cupping" welts on their bodies -- the back and shoulder area being most common. Dating back thousands of years, cupping is a form of alternative medicine. The cups create suction and help with pain, inflammation, blood flow, deep relaxation and can even provide relief for sciatica and sinus congestion. Massage Cupping body therapy is a modern and modified version of cupping therapy that creates suction and negative pressure through the use of both stationary and moving cups. These cups are available at pharmacies and do not use heat like old-fashioned glass cupping -- making them entirely safe and easy for home use. Shannon Gilmartin is a Certified Massage Cupping and MediCupping Educator who teaches this wonderfully diverse therapy and has witnessed the positive outcomes for patients. This book shares all her extraordinary professional and hands-on experience, so that everyone can experience the positive benefits of cupping. Nearly 200 step-by-step photos and full color pages make it easy to follow this expert instruction. The book includes: The history of cupping, the types of cups and the many therapeutic benefits of cupping from skeletal and muscular to the digestive and nervous systems What to expect after a cupping session including comprehensive safety and techniques information Applications for common conditions that range from stress and back tension to frozen shoulder, carpal tunnel syndrome, TMJD (temporomandibular joint dysfunction) and even acid reflux A section for speciality applications like athletic performance, prenatal therapy and working with inflammation (acute vs. chronic).

Are you interested in learning more about how to get started with cupping therapy? Would you like simple, step-by-step instructions that can help you get started safely with this unique healing practice? If so, then keep reading... Modern medicine has allowed for some amazing advances in medical treatments. It has helped save and extend countless lives and continues pushing human ability forward. It has also, however, placed a high interest in medications (perhaps due to financial interests). Unfortunately, doctors are prescribing pills for any and all injuries, illnesses, or ailments. These pills, in turn, have their own side effects, which require more pills... It becomes an endless cycle that provides only temporary comfort. More and more people are considering alternative, and natural methods to heal. One of the more successful treatments that continue to gain popularity is cupping therapy. It may have come to your attention after seeing some of your favorite athletes and celebrities with round hickey like marks on their body. They likely underwent the therapy for recovery, relaxation, or beauty. So what are the real benefits and how does it all work? This guide book can help answer all of your questions. You will effectively be "handheld" safely through the practice, and find great tips and techniques that allow you to potentially solve the various issues. Here's just a little of what you will discover inside... How cupping has been used for centuries, and how the practice evolved. The benefits of cupping and how it can help treat many of the ailments you may be facing. The science behind how the therapy heals, treats, and relaxes... Are you better off visiting a clinic or using an at-home kit? (This will surprise you) What all to consider before getting started with cupping. Animal horns as cups? Not anymore, but learn about all the different cups and tools used today. Weak flash cupping, or medium moving cupping? Understand all the techniques practitioners use, and how you can as well. Diagrams of over 40 different effective placements on the body to help treat everything from shoulder pain and feet issues to a variety of beauty treatments. What to consider after completing a session. (Don't eat the following meals...) How to effectively clear cupping marks faster. ... and much, much more. This book provides an unbiased view of cupping therapy. If you are new to the practice or even if you have plenty of experience, there is guaranteed to be something in here for you. Ready to find out more? Then let's get started by scrolling up and tapping "Buy Now".

Learn more about COSMETIC CUPPING today! Cosmetic Cupping is a new procedure that combines traditional cupping with today's beauty goals to achieve better skin. It addresses the common beauty problems such as saggy/ageing skin, cellulite and can even be used in conjunction with a weight loss program for great results. This procedure only uses light cupping methods to ensure comfort and avoid the unsightly red marks/bruises that results from more intense cupping sessions. The skin is renewed and rejuvenated after the procedure. It also boosts the collagen production that helps tighten and lift the skinWhy learn more about it? Maximizing the use of the silicone cups you purchased is a great way of getting your money's worth. Not to mention that knowing more about how to perform cosmetic cupping can make for an interesting time with the girls when trying DIYs. It is low cost method of getting a spa treatment with results.This book will look into the different uses of cupping for cosmetic purposes. It will include the basic techniques on how to perform cupping for toning, cellulite and weight loss. I'll also discuss the contraindications of the treatment, when to perform the treatment and what to expect.This book includes details on: What is cosmetic cuppingContraindications and PrecautionsHow-to Cup to Tone the SkinHow-to Cup for CelluliteHow Cupping for Weight Loss Works, and a bit more Please note that this is a short read for those who want to do their own cupping at home or for those beginners who want to include cupping in their practice. This is not created as a detailed reference that will replace a certification program but more of an easy reference for those who want to take charge of their own beauty issues at home. Take a step towards beauty with me today!
