With only 1% of CELTA course participants worldwide failing the course, you would be forgiven for thinking it was just a case of enrolling. However, a quick internet search about the intensity of the course will show that it is not to be taken lightly. Follow Anxious Annie, Chilled-out Charlie, Fastidious Felicity and Harassed Henry through their course and let them help you to make sure yours is one you can look back on fondly. The Ultimate Guide to CELTA includes: - Advice on how to make sure you are offered a place on a course - Background information covering all aspects of the CELTA course - Tips on how to ensure you get the most from your course - Checklists to refer to during your course - Trainees' diary entries

This is an updated version of 'the' teacher training course for teachers and trainee teachers preparing for the Cambridge ESOL Teaching Knowledge Test (TKT) Modules 1, 2 and 3 or other initial teacher training qualifications.

DESCRIPTION: Learning to Teach English is an easy-to-use introduction to English language teaching and is ideal for new teachers or those preparing for courses leading to qualifications such as Cambridge English's CELTA and TKT, or Trinity College London's CertTESOL. The second edition is thoroughly revised and updated and now comes with: • a DVD, including recordings of real lessons, the teachers' comments on those lessons, and their tips on developing as a teacher • even more activities for teachers to use in the classroom • Try it out! sections that support ongoing development and reflection after training • a bank of short activities • a glossary of key teaching terms Additional key features: • grammar reference sections • tasks with commentaries to promote engaged and reflective reading • complete lesson plans with photocopiable material The second edition remains an accessible and practical book that will help new teachers as they train and develop through the first years of their teaching careers.

This book provides a comprehensive account of conversation in English and its implications for the ELT classroom. After a general overview and definition of conversation it provides the reader with a systematic description of conversational English, from the vocabulary of conversation, to grammar, discourse and genre. This is followed by an informed account of the development of conversation in both first and second language acquisition. It then describes a range of methodological approaches, procedures and techniques for teaching

conversation in English. On this basis, an integrated approach to the teaching of conversation is provided, along with practical classroom applications.

Ready-to-go activities for teacher trainers running pre- and in-service training courses. For busy teacher trainers who practise what they preach: trainees will benefit from learning about methodology in training sessions which are in themselves models of good teaching practice.

"This course offers current and prospective teachers of English a comprehensive treatment of pronunciation pedagogy, drawing on both current theory and practice. The text provides: - an overview of teaching issues from the perspective of different methodologies and second language acquisition research - innovative teaching techniques - a thorough grounding in the sound system of North American English - insight into how this sound system intersects with spelling, morphology, listening, and discourse - diagnostic tools and assessment measures - suggestions for syllabus design. Discussion questions and exercises encourage teachers to draw on their personal language learning/teaching experience as they assimilate the contents of each chapter. A training cassette offers practice in assessing learners' pronunciation"--Publishers's website.

This book raises the issue of what a teacher needs to know about English in order to teach it effectively. It leads teachers to awareness of the language through a wide range of tasks which involve them in analysing English to discover its underlying system.

Tried and tested teaching tips for language teachers. This practical ebook, with its clear and accessible style, will be useful to many teachers, whether trainee, novice or experienced, in a variety of contexts. It provides a set of 100 hands-on tips on 19 different areas of classroom teaching, including using a coursebook, giving and checking homework, classroom discipline, testing and assessment. The clear and concise advice is accompanied by brief explanatory notes based on the author's extensive teaching experience.
